BULK-FILL REVOLUTION

GAP-FREE INTERFACE

LOW POLYMERISATION STRESS

UNLIMITED DEPTH OF CURE

2 SIMPLE STEPS

"Stela is quick, easy to handle and very user-friendly. This helps streamline the restorative procedure and can reduce the time required for placement without compromising the quality of the restoration."

DR THOMAS F E BALFOORT – BORONIA, VICTORIA

"One of the key reasons I have confidence in Stela is its ability to address concerns associated with polymerisation shrinkage. Stela's formulation helps reduce this risk, giving me greater confidence when placing restorations and helping minimise the incidence of post-restorative sensitivity for patients."

DR YI PU – STRATHPINE, QUEENSLAND

"I am a very happy user of Stela in many aspects of my work and would honestly be at a loss if it were not available day to day in my practice."

DR J F WILDE – BULLEEN, VICTORIA

"I have observed, utilised, and benefitted from the strength, speed, simplicity, and economy of this material in many clinical cases."

DR R MARK WITCOMBE – BURNIE, TASMANIA
