The Independent Expert has concluded that the Scheme is fair and reasonable and therefore in the best interests of SDI shareholders, in the absence of a Superior Proposal. The Independent Expert's conclusion should be read in context with the full Independent Expert's Report and the Scheme Booklet.

SDI Directors' recommendation and voting intention

The SDI Board unanimously recommends that SDI shareholders vote in favour of the Scheme, in the absence of a Superior Proposal and subject to the Independent Expert concluding (and continuing to conclude) that the Scheme is in the best interests of SDI shareholders.

Subject to those qualifications, each SDI Director has confirmed that they intend to vote all of the SDI shares they hold or control in favour of the Scheme.

Jeffery Cheetham (Chairman of SDI) and Currango Pastoral Company Pty. Ltd., SDI's largest shareholder and an entity controlled by Jeffery Cheetham, have confirmed their intention to vote, or cause to be voted, all SDI shares held or controlled by them (representing, in aggregate, approximately 45.3% of the issued share capital in SDI) in favour of the Scheme, in the absence of a Superior Proposal and subject to the Independent Expert concluding (and continuing to conclude) that the Scheme is in the best interests of SDI shareholders.

Details of the Scheme Meeting

The Scheme Meeting to approve the Scheme will be held as a virtual meeting on Monday, 22 June 2026 commencing at 11:00am (Sydney time) at <https://meetings.openbriefing.com/SDI26>. Further information in relation to how to participate and vote at the Scheme Meeting is set out in Section 3 and Annexure 5 of the Scheme Booklet.

If the Requisite Majority of SDI shareholders approve the Scheme at the Scheme Meeting, and all other applicable conditions to implementation of the Scheme (other than the conditions relating to final Court approval and the lodgement of the Court orders with ASIC) are satisfied (or, if applicable, waived) SDI will apply to the Court for orders approving the Scheme.

Letter from the Chairperson of SDI Limited

Dear SDI Shareholder,

On behalf of the SDI Board, I am pleased to provide you with this Scheme Booklet for your information and consideration.

This Scheme Booklet contains important information in relation to, and seeks your support for, the proposed acquisition of all of the issued shares in SDI Limited (ACN 008 075 581) (**SDI**) by Beijing Guoci Kebo Technology Co., Ltd (**Bidder**) and InnoXvest Dental Pty Ltd (**Bidder Sub**), entities controlled by Shandong Sinocera Functional Material Co., Ltd (**Sinocera**), by way of scheme of arrangement (**Scheme**).

Background on Transaction

On 27 February 2026, SDI announced it had entered into the Scheme Implementation Deed under which Bidder (or its nominee) agreed to acquire all of the SDI Shares for the Scheme Consideration of A\$1.40 in cash per SDI Share¹ by way of the Scheme.

The SDI Board was approached by Sinocera in early 2025 and provided an indicative, confidential and non-binding proposal. During a period of discussions between the parties, SDI received a number of revised proposals with Sinocera's revised and improved proposal in December 2025 being accepted by SDI (**Indicative Proposal**).

As the founder of the business over 50 years ago, I am proud of the journey that has now led to delivering a transaction that gives SDI Shareholders the opportunity to realise the full value of their entire SDI shareholding.

The Scheme Consideration represents:

- 58% premium to SDI's closing share price of A\$0.885 on 27 February 2026, being the last day on which SDI Shares traded on the ASX before SDI's announcement that it had entered into the Scheme Implementation Deed (the **Last Undisturbed Trading Date**);
- 56% premium to the 30-day VWAP of SDI Shares (up to and including the Last Undisturbed Trading Date) of A\$0.899;
- 53% premium to the 90-day VWAP of SDI Shares (up to and including the Last Undisturbed Trading Date) of A\$0.914; and
- 53% premium to the 180-day VWAP of SDI Shares (up to and including the Last Undisturbed Trading Date) of A\$0.913.

SDI Board's recommendation

The SDI Directors unanimously recommend that SDI Shareholders vote in favour of the Scheme Resolution at the Scheme Meeting, in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interests of SDI Shareholders.²

¹ Up to A\$0.015 of the cash consideration of A\$1.40 may be payable as a Permitted Dividend, to be determined by SDI. As at the date of this Scheme Booklet, the SDI Board does not intend to pay a Permitted Dividend. Refer to Section 4.3 for further details relating to any Permitted Dividend.

² You should note when considering this recommendation, the interests of each SDI Director in shares in SDI, as set out in Section 10.1 of this Scheme Booklet, and the transaction bonuses intended to be paid to certain SDI Directors, as set out in Section 4.4 of this Scheme Booklet. If the Scheme becomes Effective, the SDI Directors will be entitled to receive Scheme Consideration the same as any other Scheme Shareholder, in the aggregate, A\$78,698,781 in connection with their 56,213,415 SDI Shares. This comprises of A\$75,373,405.80 payable to Jeffery Cheetham in respect of his 53,838,147 SDI Shares, A\$1,933,828.40 payable to Geoffrey Knight in respect of his 1,381,306 SDI Shares, A\$560,000 payable to Gerald Bullon in respect of his 400,000 SDI Shares, A\$14,000 payable to Cameron Allen in respect of his 10,000 SDI Shares, A\$159,600 payable to Gerard Kennedy in respect of his 114,000 SDI Shares, A\$502,982.20 payable to Samantha Cheetham in respect of her 359,273 SDI Shares and A\$154,964.60 payable to John Slaviero in respect of his 110,689 SDI Shares. In addition, each of Samantha Cheetham and John Slaviero (who are each a director of SDI) will receive a transaction bonus of A\$350,000. The SDI Board (with Samantha Cheetham and John Slaviero excluded) considers that it is appropriate for Samantha Cheetham and John Slaviero to make a recommendation on the Scheme notwithstanding these transaction bonuses, given their role in the management and operations of SDI.

Subject to the same qualifications, each Director who holds or controls SDI Shares intends to vote (or arrange to vote) all SDI Shares they hold or control in favour of the Scheme. The SDI Directors collectively hold or control approximately 47.29% of SDI Shares as at the date of this Scheme Booklet.

Key reasons for the Board's recommendation

In reaching their recommendation, your Directors have carefully considered the advantages and disadvantages of the proposed Scheme. The SDI Directors consider that the Scheme Consideration of A\$1.40 per SDI Share³ is an attractive price for your SDI Shares and unanimously believe the reasons for you to vote in favour of the Scheme significantly outweigh the reasons for you to vote against the Scheme. We set out the reasons in detail in Section 1 of this Scheme Booklet. In summary, we recommend that you vote in favour of the Scheme for the following reasons:

- (a) The Board has assessed the Scheme to be in the best interests of SDI Shareholders. In forming this view, the Board weighed the certainty of the Scheme Consideration against SDI's longer-term fundamental value as a standalone ASX-listed entity and the alternative strategic options available. Prior to receipt of the confidential Indicative Proposal, SDI and its advisers engaged with several interested parties both solicited and unsolicited during 2025 to test whether a more attractive proposal might be available. The Board ultimately determined that no alternative offered a better outcome for SDI Shareholders. The Scheme recognises the company's future potential while delivering certainty of value now.
- (b) The Independent Expert concluded that the Scheme is in the best interests of SDI Shareholders, assuming no Superior Proposal emerges.
- (c) The A\$1.40 per SDI Share⁴ cash consideration reflects a meaningful premium to recent trading prices of SDI Shares.
- (d) The all-cash Scheme Consideration provides SDI Shareholders with certainty of value and the opportunity to realise their investment in full for 100% cash consideration (subject to conditions precedent to the Scheme being satisfied or waived and the Scheme being implemented).
- (e) No Superior Proposal has been received as at the date of this Scheme Booklet, and the Board is unaware of any alternative proposal likely to arise.
- (f) If the Scheme does not proceed and no comparable alternative emerges, the SDI Share price may fall below the Scheme Consideration (including, potentially, to a price that is equal, close to or below the SDI Share price on the Last Undisturbed Trading Price), at least in the short term.
- (g) If the Scheme does not proceed, and no other proposal or competing transaction (including any Superior Proposal) is brought forward, SDI Shareholders will remain subject to the various risks linked to SDI's ongoing business activities. These include, but are not limited to, economic conditions, and broader macroeconomic factors such as movements in interest rates and foreign exchange rates, in addition to the other risks outlined in Section 7.
- (h) You will not incur any brokerage or stamp duty costs on the transfer of your SDI Shares to Bidder Sub under the Scheme.

Nonetheless, there may be reasons why an SDI Shareholder decides to vote against the Scheme, including the following:

- (a) Despite the SDI Directors' unanimous recommendation and the Independent Expert concluding that the Scheme is in the best interests of SDI Shareholders in the absence of a Superior Proposal, you may believe that the Scheme is not in the best interests of SDI Shareholders or not in your own individual best interests.

³ Up to A\$0.015 of the cash consideration of A\$1.40 may be payable as a Permitted Dividend, to be determined by SDI. As at the date of this Scheme Booklet, the SDI Board does not intend to pay a Permitted Dividend. Refer to Section 4.3 for further details relating to any Permitted Dividend.

⁴ See footnote 3 directly above.

- (b) You may prefer to retain your SDI Shares and continue participating in the Company's potential future financial performance as an independently listed entity on the ASX. However, there is no guarantee as to SDI's future performance, as is the case with all investments in listed equities.
- (c) The Scheme may result in personal tax consequences that may not be favourable to you.
- (d) You may believe that a Superior Proposal could arise in the future (although, as at the date of this Scheme Booklet, no such proposal has been put forward, and the SDI Directors are not aware of any Superior Proposal likely to emerge).

Additional detail regarding the Directors' recommendation, along with the reasons for SDI Shareholders to vote both for and against the Scheme Resolution at the Scheme Meeting and other relevant considerations for SDI Shareholders, can be found in Section 1 of the Scheme Booklet.

When considering this recommendation, you should consider the interests of each SDI Director, as set out in Section 10 of this Scheme Booklet, and the transaction bonuses intended to be paid to certain SDI Directors, as set out in Section 4.4 of this Scheme Booklet. In particular, you should note the Relevant Interests held by the SDI Directors in SDI Shares, as well as their interests in connection with the Scheme (refer to Section 10.1). SDI Shareholders should take these interests into account when considering the SDI Directors' unanimous recommendation, which is repeated throughout this Scheme Booklet.

Independent Expert

RSM Corporate Australia Pty Ltd (**Independent Expert**) has prepared the Independent Expert's Report in relation to the Scheme.

The Independent Expert has concluded that the Scheme is in the best interests of SDI Shareholders.

The Independent Expert has concluded that the Scheme Consideration of A\$1.40 per Scheme Share exceeds its assessed valuation range of A\$1.21 and A\$1.38 per SDI Share. A complete copy of the Independent Expert's Report is included as Annexure 1 to this Scheme Booklet.

Implementation of the Scheme

Implementation of the Scheme is subject to satisfaction of a number of conditions, including SDI Shareholder and Court approval, FIRB approval, Chinese regulatory approvals and the satisfaction or waiver of other conditions precedent summarised in Section 9.13.

How to vote

Your vote is important and I encourage you to vote on the Scheme. In considering your vote I urge you to read this Scheme Booklet (including the Independent Expert's Report) carefully in full, and to seek your own legal, financial, taxation or other professional advice.

The SDI Board has decided to hold the Scheme Meeting as a virtual meeting. Please refer to Section 3 for information setting out how to participate in and vote at the Scheme Meeting. The Scheme Meeting is being arranged to ensure all SDI Shareholders can participate, question the Board and have their voices heard on this important decision for SDI Shareholders.

Further information

This Scheme Booklet is intended to give you the information to assist you in making an informed decision about how to vote on the Scheme Resolution at the Scheme Meeting.

Read the remainder of this Scheme Booklet in full before making any decision on the Scheme.

(b) Consider your options

SDI Shareholders should refer to Section 1 for further guidance on the reasons to vote in favour of or against the Scheme and Section 7 for guidance on the risk factors associated with the Scheme.

If you have any questions in relation to the Scheme or the Scheme Meeting, please visit the investor website at <https://www.sdi.com.au/au/company/investor-information/> or contact the SDI Shareholder Information Line on 1300 761 372 (within Australia) or +61 1300 761 372 (outside Australia), Monday to Friday between 9:00am and 5:00pm (Sydney time) or consult your legal, investment, taxation, financial or other professional adviser.

(c) Vote at the Scheme Meeting

Your vote is important and the SDI Directors urge you to vote at the Scheme Meeting. The Scheme affects your shareholding and your vote at the Scheme Meeting is important in determining whether the Scheme proceeds.

Your Directors unanimously recommend that you vote in favour of the Scheme, subject to no Superior Proposal emerging and the Independent Expert continuing to conclude that the Scheme is in the best interests of SDI Shareholders.⁵

⁵ You should note when considering this recommendation, the interests of each SDI Director in SDI Shares, as set out in Section 10.1 of this Scheme Booklet, and the transaction bonuses intended to be paid to certain SDI Directors, as set out in Section 4.4 of this Scheme Booklet. If the Scheme becomes Effective, the SDI Directors will be entitled to receive Scheme Consideration the same as any other Scheme Shareholder, in the aggregate, A\$78,698,781 in connection with their 56,213,415 SDI Shares. This comprises of A\$75,373,405.80 payable to Jeffery Cheetham in respect of his 53,838,147 SDI Shares, A\$1,933,828.40 payable to Geoffrey Knight in respect of his 1,381,306 SDI Shares, A\$560,000 payable to Gerald Bullon in respect of his 400,000 SDI Shares, A\$14,000 payable to Cameron Allen in respect of his 10,000 SDI Shares, A\$159,600 payable to Gerard Kennedy in respect of his 114,000 SDI Shares, A\$502,982.20 payable to Samantha Cheetham in respect of her 359,273 SDI Shares and A\$154,964.60 payable to John Slaviero in respect of his 110,689 SDI Shares. In addition, each of Samantha Cheetham and John Slaviero (who are each a director of SDI) will receive a transaction bonus of A\$350,000. The SDI Board (with Samantha Cheetham and John Slaviero excluded) considers that it is appropriate for Samantha Cheetham and John Slaviero to make a recommendation on the Scheme notwithstanding these transaction bonuses, given their role in the management and operations of SDI.

Further details of the Scheme Meeting, including how to vote, are contained in Section 3.

1. Reasons to vote in favour of or against the Scheme

1.1 SDI Directors' recommendation and voting intentions in respect of the Scheme

The SDI Directors unanimously recommend that SDI Shareholders vote in favour of the Scheme Resolution at the Scheme Meeting, in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interests of SDI Shareholders.

Subject to the same qualifications, each SDI Director who holds or controls SDI Shares intends to vote, or cause to be voted, all the SDI Shares that he or she holds or controls in favour of the Scheme at the Scheme Meeting.

You should note when considering this recommendation, the interests of each SDI Director in shares in SDI, as set out in Section 10.1 of this Scheme Booklet, and the transaction bonuses intended to be paid to certain SDI Directors, as set out in Section 4.4 of this Scheme Booklet. If the Scheme becomes Effective, the SDI Directors will be entitled to receive, in the aggregate, A\$78,698,781 in connection with their 56,213,415 SDI Shares, and each of Samantha Cheetham and John Slaviero (who are each a director of SDI) will receive a transaction bonus of A\$350,000. The SDI Board (with Samantha Cheetham and John Slaviero excluded) considers that it is appropriate for Samantha Cheetham and John Slaviero to make a recommendation on the Scheme notwithstanding these transaction bonuses, given their role in the management and operations of SDI.

1.2 Reasons for the SDI Directors' recommendation and advantages of the Scheme

The key reasons for the SDI Directors' recommendation in respect of the Scheme are:

- (a) **The SDI Board has assessed the Scheme, and unanimously recommends that you vote in favour of the Scheme, in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interests of SDI Shareholders.**

In reaching its conclusion that the Scheme is in the best interests of SDI Shareholders and determining that SDI should enter into the Scheme Implementation Deed, the SDI Board has taken into account, amongst other factors, the value and certainty of the Scheme relative to the long-term fundamental value of SDI and alternative options to deliver value to SDI Shareholders, including continuing to deliver on growth opportunities as a standalone, ASX-listed company.

The SDI Board has undertaken an extensive process to reach this outcome, with the assistance of financial and legal advisers. This included:

- (i) an evaluation of SDI's long term fundamental value as an independent company which involved applying the appropriate discounting / probability weighting for both time and operational and execution risks inherent in delivering the long term fundamental value; and
- (ii) following receipt of a confidential non-binding indicative proposal from Sinocera, with the assistance of SDI's financial advisers, engaging with other interested parties through the course of 2025, on an unsolicited and solicited, confidential basis, with the objective of seeking to obtain the most favourable offer price and terms and conditions for SDI Shareholders.

Following consideration of these matters, the SDI Board unanimously concluded that the Scheme is the most attractive option for SDI Shareholders as the Scheme Consideration recognises the value and future growth potential of SDI and provides certainty of value for Scheme Shareholders in the near-term at an attractive premium to recent SDI Share prices.

Accordingly, the SDI Directors unanimously recommend that SDI Shareholders vote in favour of the Scheme Resolution, in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interests of SDI Shareholders. Subject to the same qualifications, each of the SDI Directors intends to vote, or cause to be voted, all SDI Shares that he or she holds or controls in favour of the Scheme Resolution at the Scheme Meeting.

- (b) **The Independent Expert has concluded that the Scheme is in the best interests of SDI Shareholders, in the absence of a Superior Proposal**

The SDI Board appointed the Independent Expert, RSM Corporate Australia Pty Ltd, to prepare the Independent Expert's Report, including an opinion as to whether the Scheme is in the best interests of SDI Shareholders. The Independent Expert concluded in the Independent Expert's Report that the Scheme is in the best interests of SDI Shareholders, in the absence of a Superior Proposal.

The basis for this conclusion is that the Scheme Consideration of A\$1.40 per SDI Share exceeds the valuation range (as assessed by the Independent Expert) of A\$1.21 to A\$1.38 per SDI Share on a 100% controlling interest basis.

A complete copy of the Independent Expert's Report is included in Annexure 1 to this Scheme Booklet and the SDI Directors encourage you to read this report in its entirety. As at the date of this Scheme Booklet, the Independent Expert has not changed or qualified its conclusion, and no Superior Proposal has emerged.

(c) **The Scheme Consideration of A\$1.40 per SDI Share⁶ represents a significant premium to recent trading prices of SDI Shares**

The Scheme Consideration of A\$1.40 per SDI Share represents a significant premium to recent trading prices of SDI Shares, including:

- (i) 58% premium to SDI's closing share price of A\$0.885 (up to and including the Last Undisturbed Trading Date);
- (ii) 56% premium to the 30-day VWAP of SDI Shares (up to and including the Last Undisturbed Trading Date) of A\$0.899;
- (iii) 53% premium to the 90-day VWAP of SDI Shares (up to and including the Last Undisturbed Trading Date) of A\$0.914; and
- (iv) 53% premium to the 180-day VWAP of SDI Shares (up to and including the Last Undisturbed Trading Date) of A\$0.913.

(d) **The all-cash Scheme Consideration provides Scheme Shareholders with certainty of value and the opportunity to realise their investment in full for 100% cash consideration**

The Scheme provides Scheme Shareholders with an opportunity to dispose of all their SDI Shares in a single transaction for certain cash value of A\$1.40 per SDI Share.

If the Scheme is implemented, Scheme Shareholders will receive A\$1.40 in cash for each SDI Share⁷ held by them at the Record Date (currently expected to be 7:00pm (Sydney time) on 29 June 2026), to be paid on the Scheme Implementation Date.

In contrast, if the Scheme does not proceed, the amount that Scheme Shareholders will be able to realise for their investment in SDI will depend on a range of factors outside the control of the SDI Directors, including future SDI performance, market conditions, and the liquidity of the market in SDI Shares. For further details including key risks of not proceeding with the Scheme and remaining a SDI Shareholder if the Scheme is not implemented, see Section 7.

(e) **No Superior Proposal has emerged as at the date of this Scheme Booklet**

Since the execution of the Scheme Implementation Deed by SDI and Bidder on 27 February 2026, no Superior Proposal has emerged. As at the date of this Scheme Booklet, the SDI Directors are not aware of any Superior Proposal that is likely to emerge.

(f) **If the Scheme does not proceed, and no comparable proposal to the Scheme or Superior Proposal emerges, the SDI Share price may fall to a price that is below the Scheme**

⁶ Up to A\$0.015 of the cash consideration of A\$1.40 may be payable as a Permitted Dividend, to be determined by SDI. As at the date of this Scheme Booklet, the SDI Board does not intend to pay a Permitted Dividend. Refer to Section 4.3 for further details relating to any Permitted Dividend.

⁷ See footnote 6 directly above.

Consideration (including, potentially, to a price that is equal, close to, or below the SDI Share price on the Last Undisturbed Trading Date), at least in the immediate near-term

If the Scheme is not implemented, SDI Shares will continue to remain quoted on the ASX and the price at which SDI Shares trade will continue to be subject to market volatility (including general stock market movements, the impact of general economic conditions and the demand for listed securities) and SDI Shareholders will continue to be exposed to the risks associated with SDI's business (see Section 7 for a summary of these key risks). As such, if the Scheme is not implemented, the price at which SDI Shares trade may fall to a price that is below the Scheme Consideration of A\$1.40 per SDI Share (including, potentially, to a price that is equal, close to, or below the SDI Share price on the Last Undisturbed Trading Date), at least in the near-term.

- (g) **If the Scheme does not proceed, and no alternative or competing proposal (including a Superior Proposal) is implemented, SDI Shareholders will continue to be exposed to risks and uncertainties associated with SDI's business, as well as external economic and general market risks**

If the Scheme does not proceed, and no alternative or competing proposal (including a Superior Proposal) is implemented, SDI Shareholders will continue to be exposed to risks associated with SDI's business, including, but not limited to, risks associated with the operating and regulatory environment in which SDI operates, macro-economic risks (including interest rate and foreign exchange risks), the operational, commercial and financial risks relating to the business of SDI and the other risks outlined in Section 7. If the Scheme is implemented, this will remove these risks for Scheme Shareholders and allow Scheme Shareholders to realise their investment in SDI.

- (h) **No brokerage or stamp duty will be payable by you on the transfer of your SDI Shares to Bidder Sub under the Scheme**

You will not incur any brokerage or stamp duty on the transfer of your SDI Shares to Bidder Sub under the Scheme.

1.3 Reasons why SDI Shareholders may consider voting against the Scheme, and disadvantages of the Scheme

Although the SDI Directors unanimously recommend that you vote in favour of the Scheme Resolution, in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interests of SDI Shareholders, there may be reasons why SDI Shareholders might choose to vote against the Scheme including:

- (a) **You may disagree with the SDI Directors and the opinion of the Independent Expert and consider that the Scheme is not in your best interests**

Despite the recommendation of the SDI Board, and the opinion of the Independent Expert that the Scheme is in the best interests of SDI Shareholders, in the absence of a Superior Proposal, you may believe that the Scheme is not in your best interests as an SDI Shareholder.

- (b) **You may prefer to retain your SDI Shares and have the opportunity to participate in the future financial performance of SDI as a standalone, ASX-listed company**

If the Scheme is implemented, Scheme Shareholders will not have the opportunity to participate in any future financial performance of SDI as a standalone ASX-listed company, including potential dividends or returns of capital. While the SDI Directors believe the Scheme Consideration offers an attractive premium given the risks associated with operating as a standalone entity, some SDI Shareholders may disagree and instead prefer to continue participating in the future financial performance of SDI. However, there is no guarantee as to SDI's future performance, as is the case with all investments in listed equities.

- (c) **You may wish to maintain an investment in a publicly listed company with the specific characteristics of SDI, including its industry, operations, profile, size and capital structure.**

Not all SDI Shareholders may wish to dispose of their interest in SDI and instead may wish to maintain an investment in a publicly listed company with the specific characteristics of SDI, including its industry, operations, profile, size and capital structure.

Although the SDI Directors believe that the Scheme Consideration is attractive, some SDI Shareholders may wish to maintain an investment in publicly listed companies with a similar profile to that of the profile of SDI rather than receive cash consideration.

(d) **The tax consequences of the Scheme may not suit your current financial position**

Implementation of the Scheme may trigger taxation consequences for Scheme Shareholders, and these consequences may not be favourable to you. A general guide to the taxation implications of the Scheme for Scheme Shareholders is set out in Section 8. This guide is expressed in general terms only and SDI Shareholders should seek professional taxation advice regarding the tax consequences applicable to their own circumstances.

(e) **You may believe that there is the potential for a Superior Proposal to be made in the foreseeable future**

You may believe that there is the potential for a Superior Proposal to be made in the foreseeable future, in which case you may wish to retain your SDI Shares. However, as at the date of this Scheme Booklet, no Superior Proposal has been received by the SDI Board (or has otherwise emerged) and the SDI Directors are not aware of any Superior Proposal that is likely to emerge.

1.4 Other relevant considerations

In addition to the factors that the SDI Directors have taken into account in recommending the Scheme to SDI Shareholders or which may lead SDI Shareholders to vote against the Scheme, as described above, the other key considerations that the SDI Board considers may be relevant to an SDI Shareholder's decision on how to vote on the Scheme Resolution are summarised below.

(a) **The Scheme may be implemented even if you vote against it**

Even if you do not vote, or vote against, the Scheme Resolution at the Scheme Meeting, the Scheme may still be implemented if the Scheme Resolution is approved by the Requisite Majorities of SDI Shareholders and, subsequently, the Court.

(b) **Conditions Precedent**

The Scheme is subject to a number of Conditions Precedent, which are summarised in Section 9.13. If these Conditions Precedent are not satisfied or, if applicable, not waived, the Scheme will not proceed, even if it is approved by the Requisite Majorities of SDI Shareholders at the Scheme Meeting.

(c) **Costs of the Scheme**

SDI has already incurred, and will incur, significant costs in respect of the proposal to implement the Scheme. These costs include negotiation with Sinocera, retention of advisers, provision of information to Sinocera, facilitating Sinocera's access to due diligence, engagement of the Independent Expert and the preparation of this Scheme Booklet. If the Scheme is not implemented in circumstances where no Superior Proposal emerges and is implemented, you will not receive any material value for the costs that SDI has incurred in connection with the Scheme. If the Scheme is not implemented, transaction costs of approximately A\$1,425,000 are expected to be payable by SDI.

Under the Scheme Implementation Deed, a reimbursement fee of A\$1,664,000 may become payable by SDI to Bidder, in certain circumstances. Failure by SDI Shareholders to approve the Scheme at the Scheme Meeting or failure of the Court to approve the Scheme, will not trigger an obligation to pay the reimbursement fee. Further details of the circumstances in which a reimbursement fee may become payable by SDI to Bidder are in Section 9.16.

(d) **Risks**

If the Scheme becomes Effective, SDI Shareholders will receive the Scheme Consideration, cease to be a SDI Shareholder, and will also no longer be exposed to the existing risks relating to SDI's business and an investment in SDI Shares. However, there are risks that if the Scheme is not implemented, SDI will continue to operate as a stand-alone entity listed on the ASX and SDI Shareholders will continue to be exposed to risks relating to such an investment as well as the prospect and any opportunities associated with that investment.

To understand these risks and how to vote on the Scheme Resolution, you should read this Scheme Booklet carefully and in its entirety. You should also have regard to the matters set out in Section 7, including your individual circumstances (including your personal tax position, financial position and investment objectives), the potential advantages and disadvantages (outlined in Sections 1.2 and 1.3 above) of an investment in SDI and the Scheme Consideration.

While the SDI Board unanimously recommends that SDI Shareholders vote in favour of the Scheme, in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interests of SDI Shareholders,⁸ SDI Shareholders are encouraged to make their own independent assessment as to whether to vote in favour of the Scheme.

⁸ You should note when considering this recommendation, the interests of each SDI Director in shares in SDI, as set out in Section 10.1 of this Scheme Booklet, and the transaction bonuses intended to be paid to certain SDI Directors, as set out in Section 4.4 of this Scheme Booklet. If the Scheme becomes Effective, the SDI Directors will be entitled to receive Scheme Consideration the same as any other Scheme Shareholder, in the aggregate, A\$78,698,781 in connection with their 56,213,415 SDI Shares. This comprises of A\$75,373,405.80 payable to Jeffery Cheetham in respect of his 53,838,147 SDI Shares, A\$1,933,828.40 payable to Geoffrey Knight in respect of his 1,381,306 SDI Shares, A\$560,000 payable to Gerald Bullon in respect of his 400,000 SDI Shares, A\$14,000 payable to Cameron Allen in respect of his 10,000 SDI Shares, A\$159,600 payable to Gerard Kennedy in respect of his 114,000 SDI Shares, A\$502,982.20 payable to Samantha Cheetham in respect of her 359,273 SDI Shares and A\$154,964.60 payable to John Slaviero in respect of his 110,689 SDI Shares. In addition, each of Samantha Cheetham and John Slaviero (who are each a director of SDI) will receive a transaction bonus of A\$350,000. The SDI Board (with Samantha Cheetham and John Slaviero excluded) considers that it is appropriate for Samantha Cheetham and John Slaviero to make a recommendation on the Scheme notwithstanding these transaction bonuses, given their role in the management and operations of SDI.

Under the Scheme, SDI is given authority to effect a valid transfer of all SDI Shares to Bidder Sub and to enter the name of Bidder Sub in the SDI Register as holder of all SDI Shares.</p>	Section 9.4

¹¹ You should note when considering this recommendation the interests of each SDI Director in securities in SDI as set out in Section 10.1 of this Scheme Booklet, and the transaction bonuses intended to be paid to certain SDI Directors, as set out in Section 4.4 of this Scheme Booklet. If the Scheme becomes Effective, the SDI Directors will be entitled to receive Scheme Consideration the same as any other Scheme Shareholder, in the aggregate, A\$78,698,781 in connection with their 56,213,415 SDI Shares. This comprises of A\$75,373,405.80 payable to Jeffery Cheetham in respect of his 53,838,147 SDI Shares, A\$1,933,828.40 payable to Geoffrey Knight in respect of his 1,381,306 SDI Shares, A\$560,000 payable to Gerald Bullon in respect of his 400,000 SDI Shares, A\$14,000 payable to Cameron Allen in respect of his 10,000 SDI Shares, A\$159,600 payable to Gerard Kennedy in respect of his 114,000 SDI Shares, A\$502,982.20 payable to Samantha Cheetham in respect of her 359,273 SDI Shares and A\$154,964.60 payable to John Slaviero in respect of his 110,689 SDI Shares. In addition, each of Samantha Cheetham and John Slaviero (who are each a director of SDI) will receive a transaction bonus of A\$350,000. The SDI Board (with Samantha Cheetham and John Slaviero excluded) considers that it is appropriate for Samantha Cheetham and John Slaviero to make a recommendation on the Scheme notwithstanding these transaction bonuses, given their role in the management and operations of SDI.

Overview of the Scheme	Section Reference	
<p>What happens if the Scheme is not approved?</p>	<p>If the Scheme is not approved by the Requisite Majority of SDI Shareholders or the Court, the Scheme will not be implemented.</p> <p>Further, if any of the conditions to the Scheme are not satisfied or waived (where applicable), including if the Scheme is not approved by the Requisite Majority of SDI Shareholders and by the Court, the Scheme Implementation Deed may be terminated and the Scheme will not be implemented.</p> <p>The consequences of the Scheme not being implemented include:</p> <ul style="list-style-type: none"> • you will retain your SDI Shares, you will not be paid the Scheme Consideration, and you will continue to be exposed to the risks associated with your investment in SDI Shares (see Section 7.3); • the SDI Board and management will continue to operate SDI's business; • the expected benefits of the Scheme (set out in Section 1.2) will not be realised; • SDI's Share price is likely to fall to the extent that the market price reflects an assumption that the Scheme will be completed; and • SDI will have incurred significant costs and management time and resources for no outcome. 	<p>Section 1.2, 9.2 and 9.3</p>
<p>Is a Superior Proposal likely? What happens if a Superior Proposal emerges?</p>	<p>At the date of this Scheme Booklet, no Superior Proposal for SDI has emerged.</p> <p>Until the Scheme becomes Effective, there is nothing preventing third parties from making unsolicited Competing Proposals for SDI. If an alternative proposal is received, the Board will review that proposal and determine if it represents a Superior Proposal and advise you on their recommendation.</p> <p>The Scheme Implementation Deed contains certain exclusivity arrangements that restrict the ability for SDI to engage on Competing Proposals. For example, it restricts certain SDI actions, obliges SDI to disclose certain information to Bidder in the event a Competing Proposal emerges and also gives Bidder a right to match a Superior Proposal in certain circumstances. None of those exclusivity obligations preclude SDI from responding to any unsolicited Competing Proposal that may emerge.</p> <p>It is possible that, if SDI were to continue as an independent company, a Superior Proposal for SDI may materialise in the future, however there can be no assurance that this will be the case.</p>	<p>Section 4.6 and Section 9.14</p>
<p>What are the tax implications of the Scheme?</p>	<p>If the Scheme becomes Effective, there will be tax consequences for SDI Shareholders which may include tax being payable on any gain on disposal of their SDI Shares.</p> <p>Section 8 provides a general description of the Australian tax consequences of the Scheme. However, the tax consequences of the Scheme may vary depending on the nature and characteristics of each SDI Shareholder and their individual circumstances.</p>	<p>Section 8</p>

How to ask questions?

SDI Shareholders who would like to ask questions at the Scheme Meeting are encouraged to do so in writing before the Scheme Meeting by submitting their questions online at <https://au.investorcentre.mpms.mufg.com> prior to 11:00am (Sydney time) on Saturday, 20 June 2026.

Alternatively, SDI Shareholders will have an opportunity to ask questions virtually at appropriate times during the Scheme Meeting.

Technical difficulties

Technical difficulties may arise during the course of the Scheme Meeting. The Chair has discretion as to whether and how the Scheme Meeting should proceed in the event that a technical difficulty arises. In exercising this discretion, the Chair will have regard to the number of SDI Shareholders impacted and the extent to which participation in the business of the meeting is affected. Where the Chair considers it appropriate, the Chair may continue to hold the Scheme Meeting and transact business,

including conducting a poll and voting in accordance with valid proxy instructions. Accordingly, SDI Shareholders are encouraged to lodge a directed proxy in advance of the Scheme Meeting.

If you require technical assistance during the Scheme Meeting, please call 1300 761 372 (within Australia) or +61 1300 761 372 (outside Australia).

4. Overview of the Scheme

The purpose of this Section 4 is to identify important issues for you to consider in relation to the Scheme.

Before deciding how to vote at the Scheme Meeting, you should carefully consider the factors discussed below and the risk factors outlined in Section 7, as well as the other information contained in this Scheme Booklet.

4.1 Scheme

If the Scheme is implemented, Bidder Sub will acquire all of the SDI Shares held by Scheme Shareholders by way of a scheme of arrangement and SDI will become a wholly owned subsidiary of Bidder Sub.

The Scheme is subject to, among other things, approval by the Requisite Majority of SDI Shareholders at the Scheme Meeting and approval by the Court pursuant to section 411(4)(b) of the Corporations Act at the Court hearing on the Second Court Date. For further details of the conditions, refer to Section 9.13.

If the Scheme becomes Effective, the Scheme Consideration will be provided to Scheme Shareholders on the Implementation Date. SDI will request that ASX remove SDI from the official list on the trading day immediately following the Implementation Date (unless otherwise directed by Bidder in writing).

Bidder and Bidder Sub have executed the Deed Poll pursuant to which Bidder Sub has agreed, subject to the Scheme becoming Effective, to acquire the SDI Shares held by Scheme Shareholders for the Scheme Consideration.

4.2 Scheme Consideration

If the Scheme is implemented, each Scheme Shareholder will receive cash consideration of A\$1.40 for each Scheme Share held at the Record Date.¹⁵

If, pursuant to the calculation of your Scheme Consideration, you would be entitled to a fraction of cent, the aggregate amount will be rounded down to the nearest whole cent.

A general summary of the Australian tax considerations in relation to the Scheme Consideration can be found in Section 8.

If the Scheme is implemented, the Scheme Consideration will be paid to all Scheme Shareholders on the Implementation Date (currently expected to be 6 July 2026). If you have validly registered your bank account details with the Share Registry by the Record Date, your Scheme Consideration will be credited directly to your bank account. Otherwise, your Scheme Consideration will be sent by cheque to your address shown in the SDI Register.

You can review and update your bank account details via your portfolio login at <https://au.investorcentre.mpms.mufg.com> or completing a "Request for Direct Credit of Payments" form at <https://www.mpms.mufg.com/en/for-individuals/au/shareholders/forms/>. If you require assistance with this, please contact the Share Registry at 1300 554 474 (within Australia) or +61 1300 554 474 (outside Australia).

The *Unclaimed Money Act 1995* (NSW) will apply in relation to any Scheme Consideration which becomes 'unclaimed money' (as defined in section 7 of the *Unclaimed Money Act 1995* (NSW)).

4.3 Permitted Dividend

Under the Scheme Implementation Deed, SDI may at its discretion declare and pay at any time prior to the Implementation Date, a cash dividend of up to A\$0.015 per SDI Share (**Permitted Dividend**).

The final decision on whether or not to pay a Permitted Dividend and the quantum of any Permitted Dividend will be made by the SDI Board and will depend upon several factors, including the availability of franking credits, the requirements of the Corporations Act and the *Income Tax Assessment Act 1997* (Cth) and the financial position of the SDI Group. The SDI Board will provide an update regarding any Permitted Dividend to SDI Shareholders by way of an ASX announcement before the Scheme Meeting. At the date of this Scheme Booklet,

¹⁵ Up to A\$0.015 of the cash consideration of A\$1.40 may be payable as a Permitted Dividend, to be determined by SDI. As at the date of this Scheme Booklet, the SDI Board does not intend to pay a Permitted Dividend. Refer to Section 4.3 for further details on any Permitted Dividend.

the SDI Board does not intend to pay a Permitted Dividend, however the SDI Board retains its discretion in relation to the declaration and payment of a Permitted Dividend.

It should be noted that the Scheme Consideration will be reduced by the cash amount of any Permitted Dividend, except that the Scheme Consideration will not be reduced by the value attributed to any franking credits attached to the Permitted Dividend.

By way of example, if a Permitted Dividend of A\$0.015 per SDI Share was declared and paid to SDI Shareholders prior to the Implementation Date, the Scheme Consideration paid on the Implementation Date would be reduced by A\$0.015 per SDI Share so that you would receive A\$1.40 less A\$0.015 per SDI Share, being A\$1.385 per SDI Share. If SDI paid a Permitted Dividend of A\$0.015 per SDI Share, then, in addition to the Scheme Consideration payable to SDI Shareholders, franking credits of up to A\$0.0064 per SDI Share may be attached to the Permitted Dividend subject to, amongst other things, the availability of franking credits at the time the Permitted Dividend is paid. The value of any Permitted Dividend, including any attached franking credits, to SDI Shareholders will depend on their individual tax circumstances. A general outline of the tax consequences of the Permitted Dividend has been included in Section 8.

4.4 Transaction bonuses

In recognition of the significant roles played by certain directors and senior executives of SDI in connection with the Scheme and the additional personal efforts required by those individuals to successfully implement the Scheme, SDI intends to pay a one-off transaction bonus of A\$350,000 to each of those individuals if the Scheme is implemented, being each of:

- (a) Samantha Cheetham, Executive Director, Chief Executive Officer and Managing Director;
- (b) John Slaviero, Executive Director, Director of Finance and Chief Operating Officer;
- (c) Ilario Squillace, Global Financial Controller; and
- (d) Nicholas Cheetham, Chief Information Officer.

These transaction bonuses, being approximately A\$1.4 million in aggregate, will be payable by SDI on or shortly after implementation.

4.5 Independent Expert's Report

The SDI Board has engaged the Independent Expert, RSM Corporate Australia Pty Ltd to prepare a report expressing an opinion on whether the Scheme is in the best interests of SDI Shareholders.

The Independent Expert has concluded that the Scheme is in the best interests of SDI Shareholders in the absence of a Superior Proposal.

The Independent Expert's Report is set out in Annexure 1 and should be read in its entirety, including the assumptions on which the conclusions are based.

4.6 Competing Proposals

During the Exclusivity Period, the Scheme Implementation Deed prohibits SDI from, and requires SDI to ensure that each of its Related Persons does not, directly or indirectly solicit, invite, encourage or facilitate any Competing Proposal or any approaches, proposals, enquiries, offers, negotiations or discussions with any third party in relation to, or that may reasonably be expected to lead to, any actual, proposed or potential Competing Proposal, or communicate any intention to do any of these things.

There are also certain restrictions in the Scheme Implementation Deed in relation to discussions with third parties concerning Competing Proposals, providing due diligence access and making available any non-public information (with certain exceptions relevant to the fiduciary duties of SDI Directors).

During the Exclusivity Period, SDI must notify Bidder as soon as possible (and in any event within 24 hours) if it, or any of its Related Bodies Corporate or any of their respective Related Persons, becomes aware of any approach, proposal, enquiry or offer in connection with, or in respect of any exploration or completion of, an actual, proposed or potential Competing Proposal (including any requests to SDI or its Related Persons for non-public information or provision of any non-public information by SDI in connection with a Competing Proposal).

Where a Competing Proposal is received which constitutes a Superior Proposal, SDI must notify Bidder of that determination and Bidder has the right, but not the obligation, within 5 Business Days of receipt of notice of such intention, to submit an updated proposal.

As at the date of this Scheme Booklet, SDI has not received any Competing Proposals.

Your Directors will carefully consider any Competing Proposal received from a third party (provided it does not breach the terms of the Scheme Implementation Deed) and inform you of any material developments. However, presently your Directors are not aware of any such Competing Proposals.

4.7 Directors' recommendation

Your Directors believe that the Scheme is in the best interests of SDI Shareholders, and they unanimously recommend that SDI Shareholders vote in favour of the Scheme, in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interests of SDI Shareholders.¹⁶

Your Directors have formed their conclusion and made their recommendation on the Scheme based on the reasons outlined in Section 1.

Each of the Directors intends to vote or procure the voting of, any SDI Shares controlled or held by, such Director, in favour of the Scheme at the Scheme Meeting, in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interests of SDI Shareholders.

The reasons SDI Shareholders might elect to vote against the Scheme are set out in Section 1.3.

4.8 What are your options and what should you do?

You have the following four options in relation to your SDI Shares. SDI encourages you to consider your personal risk profile, portfolio strategy, tax position and financial circumstances and seek professional advice before making any decision in relation to your SDI Shares.

(a) Vote in favour of the Scheme at the Scheme Meeting

Your Directors unanimously recommend that you vote in favour of the Scheme, in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interests of SDI Shareholders.¹⁷ The reasons for your Directors' unanimous recommendation are set out in Section 1.2.

If you wish to support the Scheme, you can do so by voting in favour of the Scheme Resolution at the Scheme Meeting. For directions on how to vote at the Scheme Meeting, and important voting information generally, please refer to Section 3.

(b) Vote against the Scheme at the Scheme Meeting

If, despite your Directors' unanimous recommendation and the conclusion of the Independent Expert, you do not support the Scheme, you may vote against the Scheme Resolution at the Scheme Meeting.

¹⁶ You should note when considering this recommendation the interests of each SDI Director in securities in SDI as set out in Section 10.1 of this Scheme Booklet, and the transaction bonuses intended to be paid to certain SDI Directors, as set out in Section 4.4 of this Scheme Booklet. If the Scheme becomes Effective, the SDI Directors will be entitled to receive Scheme Consideration the same as any other Scheme Shareholder, in the aggregate, A\$78,698,781 in connection with their 56,213,415 SDI Shares. This comprises of A\$75,373,405.80 payable to Jeffery Cheetham in respect of his 53,838,147 SDI Shares, A\$1,933,828.40 payable to Geoffrey Knight in respect of his 1,381,306 SDI Shares, A\$560,000 payable to Gerald Bullon in respect of his 400,000 SDI Shares, A\$14,000 payable to Cameron Allen in respect of his 10,000 SDI Shares, A\$159,600 payable to Gerard Kennedy in respect of his 114,000 SDI Shares, A\$502,982.20 payable to Samantha Cheetham in respect of her 359,273 SDI Shares and A\$154,964.60 payable to John Slaviero in respect of his 110,689 SDI Shares. In addition, each of Samantha Cheetham and John Slaviero (who are each a director of SDI) will receive a transaction bonus of A\$350,000. The SDI Board (with Samantha Cheetham and John Slaviero excluded) considers that it is appropriate for Samantha Cheetham and John Slaviero to make a recommendation on the Scheme notwithstanding these transaction bonuses, given their role in the management and operations of SDI.

¹⁷ See footnote 16 directly above.

However, you should note that if all of the conditions to the Scheme are satisfied or waived (where applicable), the Scheme will bind all SDI Shareholders, including those who vote against the Scheme Resolution at the Scheme Meeting or those who do not vote at all.

(c) **Sell your SDI Shares on ASX**

The Scheme does not preclude you from selling your SDI Shares on market for cash, if you wish, provided you do so before close of trading in SDI Shares on ASX on the Effective Date (currently expected to be 25 June 2026) when trading in SDI Shares on ASX will end.

If you are considering selling your SDI Shares on ASX you should have regard to the prevailing trading prices of SDI Shares at that time.

If you sell your SDI Shares on market for cash, you:

- (i) will not be entitled to receive the Scheme Consideration;
- (ii) may incur a brokerage charge;
- (iii) may incur capital gains tax; and
- (iv) will not be able to participate in a Superior Proposal, if one emerges, noting that, at the date of this Scheme Booklet, your Directors have not received notice from any third party of an intention to make any Competing Proposal or Superior Proposal.

(d) **Do nothing**

If, despite your Directors' unanimous recommendation and the conclusion of the Independent Expert, you decide to do nothing, you should note that if all of the conditions to the Scheme are satisfied or waived (where applicable), the Scheme will bind all SDI Shareholders, including those who vote against the Scheme Resolution at the Scheme Meeting or those who do not vote at all.

5.6 Recent SDI Share price history

The graph below shows the closing SDI Share price during the six-month period that ended on the Last Practicable Trading Date.

Source: CapitalIQ

The closing price of SDI Shares on 27 February 2026, being the last trading day before the announcement of the Scheme, was A\$0.885 per SDI Share. Up to and including this date:

- (a) the 30-day VWAP of SDI Shares was A\$0.899 per SDI Share;
- (b) the 90-day VWAP of SDI Shares was A\$0.914 per SDI Share;

Source: CapitalIQ

The SDI Directors cannot predict the future trading price of SDI Shares, however, they consider that if the Scheme is not implemented and no comparable proposal to the Scheme or any Superior Proposal is received by the SDI Board or otherwise emerges, the SDI Share price may decline or trade at a level below the Scheme Consideration of A\$1.40 per SDI Share (including, potentially, to a price equal to, close to, or below the SDI Share price on the last trading date before the announcement of the Scheme), at least in the near term.

5.7 Dividends

SDI has maintained a policy of paying twice-annual dividends to SDI Shareholders in each financial year, comprising an interim dividend (typically determined in connection with SDI's half-year results and paid in April of each year) and a final dividend (typically determined in connection with SDI's full-year results and paid in September of each year). All dividends determined and paid by SDI in recent financial years have been fully franked.

The following table sets out a summary of the dividends determined and paid by SDI in respect of each of the full financial years ended 30 June 2022 to 30 June 2025:

Financial year	Interim dividend (cents per SDI Share)	Final dividend (cents per SDI Share)	Total dividend (cents per SDI Share)	Franking
FY25	1.50	1.90	3.40	Fully franked

FY24	1.50	1.90	3.40	Fully franked
FY23	1.50	1.75	3.25	Fully franked
FY22	1.50	1.75	3.25	Fully franked
FY21	1.50	1.65	3.15	Fully franked

As noted in Section 4.3, SDI may at its discretion declare and pay the Permitted Dividend of up to A\$0.015 per SDI Share at any time prior to the Implementation Date. The final decision on whether or not to pay a Permitted Dividend and the quantum of any Permitted Dividend will be made by the SDI Board and will depend upon several factors, including the availability of franking credits, the requirements of the Corporations Act and the Income Tax Assessment Act 1997 (Cth) and the financial position of the SDI Group. The SDI Board will provide an update regarding any Permitted Dividend to SDI Shareholders by way of an ASX announcement before the Scheme Meeting. At the date of this Scheme Booklet, the SDI Board does not intend to pay a Permitted Dividend, however, the SDI Board retains its discretion in relation to the declaration and payment of a Permitted Dividend.

It should be noted that the Scheme Consideration will be reduced by the cash amount of any Permitted Dividend, except that the Scheme Consideration will not be reduced by the value attributed to any franking credits attached to the Permitted Dividend. For more information, please refer to Section 4.3.

5.8 Historical financial information relating to SDI

This Section 5.8 sets out audited financial information for SDI for the financial years ended 30 June 2025 and 30 June 2024, and the financial half year ended 31 December 2025. SDI considers that, for the purposes of this Scheme Booklet, the form of historical financial information included in this Section 5.8 is more appropriate. 5.9 Material changes to the financial position of SDI since 30 June 2025

Except for:

- (a) the ongoing accumulation of earnings through normal trading activities; and
- (b) matters disclosed in this Scheme Booklet or otherwise communicated to the ASX by SDI,

the SDI Directors are not aware of any material change to SDI's financial position since 30 June 2025, being the reporting date for the full financial year.

Shareholders may obtain SDI's Annual Report for the full financial year ended 30 June 2025 (released to the ASX on 25 September 2025) and Half Year Report for the financial half year ended 31 December 2025 (released to the ASX on 27 February 2026 and containing the consolidated financial statements for that period) from the ASX website (www.asx.com.au) or via the SDI website (<https://www.sdi.com.au/au/company/investor-information/>).

5.10 SDI Directors' intentions for SDI's business

Under the Corporations Act, the SDI Directors must outline their intentions regarding the future operations of the SDI Group. If the Scheme proceeds, Bidder Sub intends to appoint its own nominees to the SDI Board (refer to Section 6).

As a result, the current SDI Directors are unable to state their intentions concerning:

- (a) the continuation of SDI Group's business;
- (b) any major changes to be made to the SDI Group's business; or
- (c) the future employment of the present employees of the SDI Group,

for the period following implementation of the Scheme.

If the Scheme is implemented, Bidder Sub will assume ownership and control of all SDI Shares. Bidder Sub's intentions regarding the above matters are described in Section 6.

If the Scheme does not proceed, the current SDI Directors intend that SDI will continue operating under its existing strategies, on a standalone basis, and remain listed on the ASX.

5.11 Risks relating to SDI's business

SDI's business is subject to various risks, and these risks will continue to apply to Shareholders should the Scheme not become Effective. A summary of the principal risks associated with SDI's business and with investment in SDI Shares is provided in Section 7.

5.12 Publicly available information about SDI

SDI is an ASX listed disclosing entity for the purposes of the Corporations Act. As such, SDI is required to comply with ongoing reporting and disclosure obligations. In particular, as an entity listed on the ASX, SDI is subject to the ASX Listing Rules, which (subject to some exceptions) impose a continuous disclosure regime requiring the release of any information that a reasonable person would consider likely to have a material impact on the price or value of SDI Shares.

The ASX maintains publicly accessible records for all listed companies. Information disclosed by SDI to the ASX can be accessed through the ASX website.

SDI is also required to lodge various documents with ASIC, and copies of these lodged documents are available directly from ASIC.

(c) **History, structure and ownership of Sinocera**

Sinocera is a widely-held publicly listed company on the Shenzhen ChiNext Board (SZSE:300285) and as at the Last Practicable Trading Date, has a market capitalisation of approximately RMB 40,997,000,000 (approximately A\$8,322,391,000 as converted based on an RMB/AUD exchange rate of 0.203 as at the Last Practicable Trading Date).

Sinocera was incorporated in Shandong, China in 2005 and is headquartered in Dongying City in the Shandong Province of China. As at 31 December 2025, Sinocera employs approximately 5,170 people and generated approximately RMB 4,580,000,000 in sales in FY2025.

Sinocera is the listed parent company in the Bidder Group, which includes subsidiary companies and businesses in various regions including Singapore, Germany, the United States, British Virgin Islands and Cayman Islands.

6.3 Overview of Bidder and Bidder Sub

(a) **Bidder**

Bidder is an unlisted private limited company that was incorporated in Beijing, China in 2023 and is a direct wholly-owned subsidiary of Sinocera. Bidder is the holding company of all of Sinocera’s domestic and overseas dental businesses except its powder business. It also engages in the trade of dental materials and equipment in China.

As the date of this Scheme Booklet, the sole director of Bidder is Xu Shaomei.

(b) **Bidder Sub**

InnoXvest Dental Pty. Ltd (**Bidder Sub**) is an Australian proprietary company incorporated in New South Wales on 16 April 2026 for the purposes of acquiring SDI Shares under the Scheme. Bidder Sub has not conducted any other business.

Bidder Sub is a direct wholly owned subsidiary of InnoXvest Pty. Ltd, which is also an Australian proprietary company that was incorporated in New South Wales on 15 April 2026 (**Midco**). Midco was incorporated for the purpose of holding all the shares in Bidder Sub and has not conducted any other business. MidCo is an indirect wholly-owned subsidiary of Sinocera.

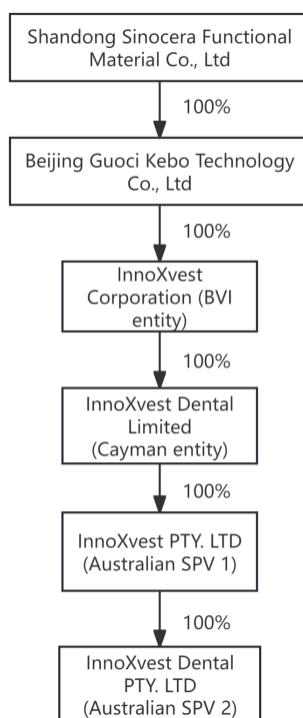

Bidder Sub has not conducted any business and does not own any assets or have any liabilities other than in connection with its incorporation and the taking of such other actions as necessary to facilitate implementation of the Scheme.

If the Scheme is implemented, subject to Bidder Sub having paid the Scheme Consideration, Bidder Sub will acquire all of the SDI Shares on the Implementation Date.

As the date of this Scheme Booklet, the directors of Bidder Sub are Shaomei Xu, Qiang Xiao and Lei Yu.

(c) **Structure of the Bidder Group**

As at the date of this Scheme Booklet, the structure of the Bidder Group is as follows:

6.4 Rationale for the Scheme

The acquisition of SDI aligns with Sinocera’s broader long-term strategy to expand its footprint into the Australian manufacturing market, complementing its existing offshore operations which is primarily focused on

high-end ceramic materials. Sinocera considers that the acquisition represents an opportunity to diversify its business activities and enhance its presence in the dental manufacturing and equipment supply chain within the Oceania region. In the field of dental materials, it can complement existing ceramic materials and form strategic synergies in global market channels, product development, and brand operation. The acquisition of SDI will provide Sinocera with ready access to an Australian nationwide network of dental capabilities.

6.5 Sinocera's intentions if the Scheme is implemented

This Section sets out Sinocera's present intentions in relation to:

- the continuation of the business of the SDI Group;
- any major changes to be made to the business of SDI, including any redeployment of fixed assets; and
- the future employment of the present employees of SDI Group,

if the Scheme is implemented.

The statements of intention in this Section are based on the information concerning SDI Group and its business known to Sinocera at the time of preparation of this Scheme Booklet. Following the transaction, Sinocera intends to conduct a detailed review of SDI and its operations, assets, liabilities, structure and employees, following which it may, as required, review its intentions as set out in this Section. Sinocera will only make any final decisions in light of the information available to it and circumstances at the relevant time. The statements in this Section are therefore statements of present intention only, which may vary as new information becomes available or circumstances change.

(a) **Business, operations and assets**

Subject to the findings of the detailed review referred to in section 6.5 above, Sinocera's current intention is to continue to operate the business substantially in the same manner as it is currently operated while actively pursuing acquisition and expansion opportunities available to SDI. Any further decisions around the future of SDI and intentions for the SDI business will be made after, and informed by, the results of the review.

(b) **Removal from ASX**

If the Scheme is implemented, it is intended that quotation of SDI Shares on ASX will be terminated with effect from the close of trading on the Effective Date and SDI will be removed from the official list of ASX on the trading day immediately following the Implementation Date (unless otherwise directed by Bidder in writing).

(c) **Head office**

Sinocera currently intends for SDI to maintain its current head office, located at 3-15 Brunson Street in Bayswater, Victoria, following implementation of the Scheme.

(d) **Board composition**

If the Scheme is implemented, the SDI Board and the boards of each of its subsidiaries will be reconstituted, such that some or all of the SDI Directors will be replaced with effect on and from the Implementation Date.

(e) **Employees**

Sinocera recognises that SDI's employees are an integral part, and critical to the success of SDI's business. Sinocera believes that the acquisition of SDI will offer opportunities for SDI's employees and management team as part of a larger global enterprise and leader in dental materials.

Sinocera intends to undertake a review to ensure that SDI has the appropriate mix and level of employees and skills to enhance the business going forward, noting that Sinocera may make limited changes to employee and management roles as a result of potential duplication or redundancy arising from SDI becoming part of Sinocera and no longer being a listed entity, although no determination has been made in respect of such changes.

(f) **Intentions generally**

Other than as set out in this Section 6.5 and elsewhere in this Scheme Booklet, it is Sinocera's intention (based on information presently known to it):

- to continue the business of SDI Group;
- not to make any major changes to the business of SDI Group;
- not to redeploy any of SDI Group's fixed assets, other than those changes referred to in Section 6.5(a); and
- to continue the employment of the present employees of SDI Group, other than those changes referred to in Section 6.5(e).

6.6 Funding arrangements

This Section sets out how Bidder Sub intends to fund amounts payable in connection with the Scheme.

The Scheme Consideration will be paid wholly in cash.

If the Scheme is approved and implemented, each SDI Shareholder will be entitled to receive the Scheme Consideration of A\$1.40 for each SDI Share they own as at the Record Date.¹⁸

The maximum consideration payable by Bidder Sub in connection with the Scheme is estimated to be A\$166,411,742. This amount has been calculated based on SDI's fully diluted share capital of 118,865,530 SDI Shares as at the date of this Scheme Booklet.

Subject to the Scheme becoming Effective, under the terms of the Deed Poll, Bidder Sub undertakes in favour of each Scheme Shareholder to deposit, or procure the deposit of, in cleared funds, by no later than the Business Day before the Implementation Date, an amount equal to the aggregate amount of the Scheme Consideration payable to all Scheme Shareholders into a trust account operated by SDI as trustee for the Scheme Shareholders.

The cash necessary to fund the total amount payable by Bidder Sub in connection with the Scheme will be provided to Bidder Sub as follows:

- Bidder Sub has the benefit of an equity commitment letter from Sinocera, under which Sinocera commits to cause Bidder Sub to receive, directly or indirectly, an aggregate equity contribution of 40% of the Scheme Consideration, being an amount of \$66,564,697, and the Bidder Reimbursement Fee (**Equity Financing**). The obligation on Sinocera to provide the Equity Financing for the purpose of Bidder Sub paying the Scheme Consideration under the Scheme is conditional on the Scheme becoming Effective in accordance with the Scheme Implementation Deed.

Midco has entered into a binding debt commitment letter with China Merchants Bank Co. Ltd., Shenzhen Branch (**Lender**) (**Debt Commitment Letter**). Under the Debt Commitment Letter, the Lender has agreed to provide a financing package to Midco comprising a term loan facility in an aggregate amount of up to RMB 600,000,000 (approximately A\$121,800,000 as converted based on an RMB/AUD exchange rate of 0.203 as at the Last Practicable Trading Date) provided that the financing under the Debt Commitment Letter shall not exceed 70% of the Scheme Consideration (**Facility**).

The proceeds under the Facility will be available to Midco, and Midco has undertaken by way of a deed poll enforceable by Bidder Sub and Scheme Shareholders, to make these available to Bidder Sub, for, among other things, the purpose of funding payment of the Scheme Consideration by Bidder Sub.

Bidder Sub will fund 60% of the aggregate Scheme Consideration payable to all Scheme Shareholders through drawdowns under the Facility. The remaining 40% of the Scheme Consideration payable to all Scheme Shareholders will be funded by cash made available by Sinocera to Bidder Sub in accordance

¹⁸ Up to A\$0.015 of the cash consideration of A\$1.40 may be payable as a Permitted Dividend, to be determined by SDI. Refer to Section 4.3 for further details relating to any Permitted Dividend.

with the Equity Financing. As at 31 December 2025, Sinocera has a cash balance of RMB 738,968,912 (approximately A\$150,010,689 as converted based on an RMB/AUD exchange rate of 0.203 as at the Last Practicable Trading Date).

The proceeds that will be available to Bidder Sub from the Facility, together with the Equity Financing, are in excess of the amount that is required to fund the Scheme Consideration. The drawdown of the Facility is subject to the satisfaction of certain conditions precedent, which are customary for a facility of this kind and include (without limitation):

- evidence that SDI Shareholders have approved the Scheme by the requisite majorities in accordance with the Corporations Act;
- evidence that all necessary regulatory and governmental approvals, consents or actions applicable to the Scheme have been obtained;
- each of the conditions to the Scheme Implementation Deed having been satisfied or waived.

If all of the conditions precedent are satisfied or waived, then subject to the provisions set out in the paragraph below and provided that it is not unlawful for the Lender to do so, the Lender must provide the funds under the Debt Commitment Letter. As at the date of this Scheme Booklet, Bidder is not aware of any reason why any of the conditions precedent under the Debt Commitment Letter will not be satisfied to allow payment in full of the aggregate Scheme Consideration for the Scheme Shares as and when due under the terms of the Scheme.

The availability of the Facility is on customary “certain funds” terms. The circumstances in which the Facility can be terminated include:

- the current ultimate controller of Sinocera ceases to be the ultimate controller of Sinocera and Midco;
- a change of control occurs in respect of Sinocera; or
- an event of default in respect of Bidder Sub, MidCo or Sinocera occurs.

As at the date of this Scheme Booklet, Bidder is not aware of the occurrence of any circumstance which would give rise to a right by the Lender to terminate the Facility. As at the date of this Scheme Booklet, Bidder is not aware of any reason why the Facility will not be available to be drawn down for the purposes of funding the acquisition of the Scheme Shares as contemplated by the Scheme.

On the basis of the funding arrangements described above, Bidder Sub holds the view, and is of the opinion that it has a reasonable basis to hold the view, that it will be able to pay the amounts payable in connection with the Scheme and related transaction costs.

6.7 Interests in SDI securities

As at the Last Practicable Trading Date, none of the Bidder, Bidder Sub nor any of their respective Associates had any relevant interest in SDI Shares.

Except for the consideration to be provided under the Scheme and as described in this Scheme Booklet, none of Bidder, Bidder Sub nor any of their respective Associates has provided or agreed to provide consideration for any SDI Shares under any transaction during the period of 4 months before the date of this Scheme Booklet.

6.8 Collateral benefits

Except as otherwise disclosed in this Scheme Booklet, in the four months before the date of this Scheme Booklet, none of Bidder, Bidder Sub nor any of their respective Associates has given or offered to give or agreed to give a benefit to another person where the benefit was likely to induce the other person, or an associate, to vote in favour of the Scheme or dispose of SDI Shares which benefit is not offered to all SDI Shareholders under the Scheme.

6.9 Other agreements or arrangements

Except as otherwise disclosed in this Scheme Booklet, none of Bidder, Bidder Sub nor any of their respective Associates will be making any payment or giving any benefit to any of the current directors, secretaries or executive officers of any SDI Group Member as compensation for, or otherwise in connection with, his or her resignation from their respective offices if the Scheme is implemented.

6.10 Other material information

Except as otherwise disclosed in this Section 6, there is no information regarding Bidder, or its intentions regarding SDI, that is material to the making of a decision by an SDI Shareholder on whether or not to vote in favour of the Scheme that is within the knowledge of any director of Bidder as at the date of this Scheme Booklet that has not been previously disclosed to SDI Shareholders.

7. Risk factors

7.1 Introduction

In considering the Scheme, you should be aware that there are a number of general and specific risks associated with your current investment in SDI Shares and with the Scheme. This Section outlines some of those risks.

The risk factors presented in this Section are presented as a summary only and are not an exhaustive list of all risks and risk factors related to SDI, or the Scheme. Additional risks and uncertainties not currently known to SDI may also have a material adverse impact on SDI's business, including its financial and operational performance, now or in the future.

In making your decision to vote on the Scheme Resolution, you should carefully consider the risk factors outlined below and your individual circumstances. This Section is general in nature only and does not take into account the investment objectives, financial situation, position or particular needs of SDI Shareholders. Each SDI Shareholder should consult their legal, financial, taxation or other professional adviser if they have any queries.

The SDI Board considers that it is appropriate for SDI Shareholders, in considering the Scheme, to be aware that there are a number of general risk factors as well as risks specific to SDI and/or the industries in which it operates, which could materially adversely affect the future operating and financial performance of SDI, as well as the value of SDI and the SDI Shares.

This Section 7 outlines:

- general investment risks;
- specific risks associated with your current investment in SDI; and
- risks relating to the Scheme.

If the Scheme becomes Effective, SDI Shareholders will receive the Scheme Consideration and will cease to be an SDI Shareholder and will therefore not be exposed to the risks set out below (and other risks to which SDI may be exposed). If the Scheme does not become Effective, SDI will continue to operate as a stand-alone entity listed on the ASX, and you will continue to hold your SDI Shares and continue to be exposed to risks and opportunities associated with that investment.

While the Directors unanimously recommend that eligible SDI Shareholders vote in favour of the Scheme in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interests of Shareholders, SDI Shareholders are encouraged to make their own independent assessment as to whether to vote in favour of the Scheme.

7.2 General investment risks

(a) General market, liquidity and share price risks

There are general risks associated with an investment in the share market. The price at which SDI Shares are quoted on the ASX may increase or decrease due to a number of factors. Some of the factors which may affect the price of SDI Shares include:

- stock market conditions in Australia and international markets including fluctuations in those markets for listed stocks;
- changes in investor sentiment towards particular market sectors;
- general economic conditions in Australia and in other countries, including domestic and international economic growth and recessions, tariffs and other trade barriers, interest rates, inflation rates, exchange rates, commodity prices (including oil), changes to government fiscal, monetary or regulatory policies, legislation or regulation and changes in political stability;
- inclusion in or removal from market indices;

- the nature of the markets in which SDI operates; and
- general operational and business risks.

Any investment in SDI is subject to the liquidity of SDI Shares on the ASX and is dependent on market appetite, the size of the shareholding and the price sought for any SDI shares. There is a risk that any SDI Shares owned by an investor will be illiquid and not able to be sold at a desired price, or at all.

(b) Force majeure events

Events may occur within or outside Australia that could impact upon the global and Australian economies, the operations of SDI and the price of SDI Shares. These events include but are not limited to pandemics and health epidemics, geopolitical uncertainty, acts of terrorism, an outbreak of international hostilities including wars, fires, floods, earthquakes, labour strikes, civil wars, natural disasters, outbreaks of disease or other man-made or natural events or occurrences that can have an adverse effect on the demand for SDI's products and services and its ability to conduct business. SDI has only a limited ability to insure against some of these risks.

(c) Dilution risk

SDI may issue further shares or other securities from time to time. SDI cannot predict the size of the future issues or the impact, if any, that future issues of securities will have on the market price of its shares. Issues of substantial numbers of shares, or the perception that the issue or sale of substantial numbers of shares could occur, may adversely impact prevailing market prices of SDI Shares. While SDI will be subject to the constraints of the Listing Rules relating to the issue of shares or other securities, with any additional issue of shares, investors will suffer dilution to their voting power and SDI may experience dilution in its earnings per share.

(d) Changes in taxation and accounting rules

From time to time, relevant authorities in the jurisdictions in which SDI will operate may choose to change their taxation policies, which may impact the level of tax that the Company must pay. Changes to accounting standards and their interpretation may also impact SDI's reported financial performance.

7.3 Specific risks associated with your current investment in SDI

This Section outlines some business specific risks relating to your current investment in SDI. These risk factors will continue to apply to SDI Shareholders if the Scheme is not implemented and SDI remains a standalone entity listed on the ASX. In considering the Scheme, SDI Shareholders should be aware of these business specific risks as they could materially and adversely affect the future operating and financial performance, and value, of SDI. Some of these risks may be mitigated (or partially mitigated) by appropriate controls, systems and other actions, but others will be outside the control of SDI. This list is not exhaustive and there may be other risks and uncertainties which could have a material and adverse impact on your investment in SDI.

(a) Industry regulatory risks

SDI operates within a highly regulated industry, relating to the manufacture as well as the distribution and supply of dental products and devices. As such, the business of SDI is continually exposed to the risk of new government policies, regulations and legislation being introduced and changes to existing government policies, regulations and legislation in Australia, the US and other foreign jurisdictions which may impact or restrict its potential profitability. Changes to these or other regulatory requirements, policies and procedures may materially adversely affect SDI, its business operations or have other unforeseen implications.

In particular, SDI must satisfy various legal and regulatory requirements for its dental products and devices set by the following authorities in jurisdictions in which SDI operates: the Therapeutic Goods Administration (TGA) in Australia, the U.S. Food and Drug Administration (FDA) in the US, Brazilian Health Regulatory Agency (ANVISA) in Brazil, the Ministry of Food and Drug Safety in South Korea (MFDS), Health Canada (HC) in Canada, the Pharmaceuticals and Medical Devices Agency in Japan (PMDA), and regulatory bodies in the European Union.

Failure to comply with the relevant legal and regulatory obligations or changes to existing legal and regulatory obligations could result in compliance action, costs associated with voluntary and involuntary

remedial action undertaken by SDI, loss of market access in key markets and reputational damage including loss of standing with relevant authorities in the jurisdictions in which SDI operates.

(b) Relationships with key distributors and customers

The performance of SDI is reliant on its relationships with distributors and key customers. Loss of key supplier and customer relationships or a change in the size and/or structure of the markets in which SDI operates may impact SDI's revenues and profitability in the future.

(c) Product registrations

The ability of SDI to offer certain of its products for sale depends on licences and registrations being obtained by SDI and its customers from regulatory agencies such as the TGA and FDA. SDI can give no assurance that it (or its customers) will successfully register new products or that the appropriate approvals will be granted for these products on a timely basis, or once granted, will continue without change. Delays, or failure to obtain or changes to such registration and/or approval may have an adverse effect on the financial performance of SDI.

(d) Loss of supply of key raw materials

SDI's manufacturing operations depend on the continuous availability of key raw materials used in the production process. There is a risk that suppliers discontinue supply of specific items or that SDI does not remain a large enough customer to warrant continued supply. Materials may become unavailable due to supply, quality issues, import and other trade restrictions, and suppliers may notify SDI of discontinuation at short notice. The consequences of an inability to obtain critical raw materials could be significant to SDI's operations and include SDI being unable to supply certain products to customers, unplanned additional cost and effort to identify new sources of supply, disruption to customer service, and loss of reputation.

(e) Amalgam product decline and product transition risks

Amalgam sales represented approximately 13.0% of SDI's total sales in FY25 and it is expected that sales in this product category will continue to decline as this product reaches its end of life in many markets (as a result of the Minamata Convention on Mercury establishing a global phase-out of dental amalgam in the year 2034 and the European Union restrictions on exports of amalgam products on 1 January 2025 and import restrictions to come into effect in 2027).

While SDI has released a composite replacement product (Stela) and is focused on transitioning amalgam customers to this and other aesthetic products, there can be no assurance that SDI will successfully retain all of its current amalgam customer base or that the successful transition to other related products will be achieved without a reduction in overall revenue or profitability. If SDI is unable to effectively transition its amalgam customer base to replacement products, this may adversely impact SDI's revenue and financial performance.

(f) Product innovation and competitive risk

SDI operates in a competitive global dental materials market where several larger competitors have significantly greater resources and capacity to invest in research and development, marketing, and geographic expansion.

There is a risk that SDI may fail to improve, develop and successfully commercialise existing and new products that meet market demands or keep pace with new and existing competitors, which could erode SDI's market position and revenues.

(g) Foreign exchange risk

SDI exports approximately 90% of its products which are invoiced in various foreign currencies. Accordingly, foreign exchange movements can have a significant impact on SDI's financial performance. A strengthening of the Australian dollar against SDI's key trading currencies could adversely affect SDI's overall sales in Australian dollar terms and have a material adverse effect on SDI's financial performance.

(h) Logistics and transport exposure

SDI exports finished products to over 100 countries by air and sea freight. Disruptions to global supply chains, changes in shipping routes or flight paths resulting in increased transit times and changes to and compliance with import and export requirements (including shipments held up in customs and clearing delays) may adversely affect SDI's ability to deliver its products to customers in a timely manner. Any material disruption to SDI's logistics and distribution network could result in delays to fulfilment of customer orders resulting in lost sales, unplanned increases in costs and reputational damage. Such disruptions, together with disruptions to inputs to the global freight industry, such as a global pandemic and market instabilities, may also result in additional freight costs and may have a material adverse effect on SDI's financial performance.

(i) **Patent infringement and intellectual property risk**

SDI relies on a number of patents and intellectual property as part of its core product offerings. SDI's intellectual property and know-how are carefully guarded by a number of trademarks, patents and confidentiality agreements. However, these legal measures afford only limited protection and may not provide sufficient protection to prevent the infringement, misuse or misappropriation of SDI's intellectual property. Accordingly, this could adversely affect SDI's competitive position.

The patents SDI owns (and any future applications for or granting of patents) could be challenged, invalidated or circumvented by others and may not be of sufficient scope or strength to provide meaningful protection or commercial advantage. SDI's trade secrets, data and know-how could be subject to unauthorised use. Competitors or new entrants may seek to copy or emulate SDI's intellectual property.

While SDI may seek to resist any breaches of its intellectual property, there is no guarantee it will be successful in doing so or it may not be economical to do so. This may adversely affect SDI's revenue or operating costs.

(j) **Third party intellectual property risk**

There is also a risk that SDI may unknowingly infringe the intellectual property rights of third parties. The ability of SDI to operate without infringing the proprietary intellectual property rights of third parties is an integral part of its business. In the future, SDI may be subject to intellectual property or other claims, which are costly to defend, could result in significant damage awards, and could limit its ability to use certain technologies in the future. Regardless of the merits of the claims, intellectual property claims are often time consuming, expensive to litigate or settle, and cause significant diversion of management attention. To the extent such intellectual property infringement claims are successful, they may have a material adverse effect on SDI's business and financial performance.

(k) **Defective product recalls**

SDI is exposed to the risk of product quality concerns or defects that could require product recalls. A product quality issue could adversely impact SDI's brand reputation and expose SDI to product liability claims, litigation, and enforcement action, which could result in the loss of regulatory approvals and/or monetary damages being awarded against SDI. SDI maintains quality and regulatory controls throughout its operations, from material sourcing and product design through to manufacturing and distribution, including stringent quality control checks. However, there can be no assurance that unforeseen adverse manufacturing defects or other events will not arise. SDI does not have product recall insurance coverage, such that in the event of a significant product recall, SDI's liability could have a significant adverse impact on SDI's financial position and reputation.

(l) **Environmental and mercury handling risks**

SDI holds a significant volume of mercury in Australia for use in its amalgam products. There is a risk of mercury-related environmental issues including spills, sabotage, or breaches of environmental regulations. Any environmental incident could result in damage to SDI's brand and reputation, fines, and reinstatement costs for breaching regulations.

(m) **Human resources and key personnel risk**

SDI relies on its ability to attract, retain and develop skilled employees, including senior management and experienced technical personnel. The loss of key personnel without suitable replacements or the

inability to attract qualified personnel could adversely affect SDI's financial performance and ability to execute its business strategy.

SDI's people, capability and culture are critical to the organisation achieving near and long-term business objectives. An inability to attract, retain and develop the required skills and people, including key personnel, and a failure to foster the right organisational culture may impact SDI's business, prospects, reputation, financial performance or financial condition.

(n) **Montrose relocation and project risk**

SDI is undertaking a strategic initiative to relocate its manufacturing operations to a new 24,000sqm property in Montrose, Victoria. While SDI anticipates the project will proceed as planned, there is a risk that potential delays, unforeseen costs, or operational challenges could impact the project's execution and reduce the expected return on investment. Delays or cost overruns in the Montrose relocation project could increase SDI's operating costs and adversely impact its financial performance and profitability.

(o) **Contractual risk**

SDI relies on manufacturing agreements, distribution agreements and other contractual arrangements with third parties in foreign jurisdictions to sell its products. There is a risk that SDI may not have adequate written contractual arrangements in place with all suppliers, customers and other counterparties, or that other existing arrangements may not adequately protect SDI's legal interests in all jurisdictions. In some cases, commercial relationships may have developed over time on an informal basis without the protections that would ordinarily be included in a written agreement. Even where such written agreements exist, enforcing these agreements through foreign legal systems can be difficult, time-consuming and expensive and such challenges may be prohibitive relative to the amounts in dispute, and the outcomes may be uncertain.

(p) **Cyber security and information technology risk**

SDI's business relies on information technology infrastructure, systems and processes to support its operations. Through the ordinary course of business, SDI collects and stores confidential information, including personal information, about customers, suppliers and employees. There is a risk that SDI's IT systems may fail to perform as expected or be adversely impacted by factors outside its control, including equipment failure, misuse by employees or contractors, service outages, or data corruption. SDI may face cyber-attacks, ransomware attacks, computer viruses, hacking or data breaches, particularly given the increasing frequency and sophistication of cyber-attacks across the global corporate landscape. A significant cyber security incident could have a material adverse effect on SDI's financial performance, reputation and prospects.

(q) **Maintenance of equipment**

Key production equipment requires maintenance and replacement over time. Failure to properly maintain production equipment may result in breakdowns of the equipment which in turn may result in disruptions to production. Maintenance and repair costs may be higher than estimated and maintenance and repairs could take longer than expected to complete. These matters could adversely affect SDI's financial performance.

If SDI is unable to repair key production equipment, SDI may need to purchase replacement equipment which may cost more than the price paid for the damaged equipment or may generally be more than anticipated. Any cost increases could materially adversely impact the operating and financial performance of SDI.

(r) **Litigation and disputes**

SDI may be exposed to potential legal claims, disputes and litigation in the future, with respect to its operations, suppliers, customers or products in the ordinary course of business. Proceedings may result in high legal costs, adverse monetary judgements and/or damage to SDI's reputation, which could have an adverse effect on SDI and its financial performance.

(s) **Brand and reputational risk**

The reputation and brand of SDI and its products are important in attracting customers to use SDI's products. Any reputational damage or negative publicity around SDI or its products could adversely impact on SDI's financial performance or prospects.

(t) **Changes or additions to existing regulations**

SDI's operations are regulated by competition and anti-trust, industrial/employment, anti-bribery and corruption, international and local trading, privacy, health and safety and other laws, instruments and regulations in the large number of countries where it operates. These regulations govern parts of SDI's operations, including the manufacturing, marketing, advertising, distribution and sales of their products. SDI may be subject to costs, investigations, penalties, liabilities, loss of reputation and other adverse effects as a result of failure to comply with these laws and regulations.

The impact of the regulatory environment could also result in new or more stringent forms of regulatory oversight of both SDI and the industries in which it operates. This may lead to increased levels of expenditure on compliance, monitoring, controls, access regimes and arrangements, affecting SDI or its suppliers, and other conditions that could materially adversely affect its business, financial condition and results of operation.

(u) **Occupational health and safety risk**

SDI is exposed to risks associated with the occupational health and safety of its employees and contractors. Injuries to employees and contractors may result in significant lost time for the employee and contractor and costs and impacts on SDI's business beyond what is covered under workers compensation schemes. SDI takes out insurance to cover these risks within certain parameters, however it is possible for injuries and/incidents to occur which may result in expenses in excess of the amount insured or provided for with a resultant impact on SDI's financial performance.

While SDI has established a comprehensive set of workplace health and safety rules and protocols, it is still exposed to the risk of injury of its employees and contractors, which may result in significant impacts to SDI's reputation and result in regulatory/enforcement actions.

7.4 Risks relating to the Scheme

(a) **Implementation of the Scheme is subject to various conditions that must be satisfied or waived and there are termination rights in the Scheme Implementation Deed**

Implementation of the Scheme is subject to a number of conditions. There can be no certainty, nor can SDI provide any assurance, that these conditions will be satisfied or waived (where applicable), or if satisfied or waived (where applicable), when that will occur. In addition, there are a number of other conditions precedent to the Scheme which are outside the control of SDI and Bidder, including, but not limited to, approval of the Scheme by the Requisite Majority of SDI Shareholders and approval by the Court of the Scheme at the Court hearing to be held on the Second Court Date, FIRB Approval, and the PRC Approvals.

The timing of receipt of FIRB Approval and the PRC Approvals is uncertain and may be impacted by factors outside the control of SDI and Bidder. There can be no certainty as to how long these approval processes may take.

In addition, SDI and Bidder each have the right to terminate the Scheme Implementation Deed in certain circumstances. Accordingly, there is no certainty that the Scheme Implementation Deed will not be terminated by either SDI or Bidder before the implementation of the Scheme.

If for any reason the conditions to the Scheme are not satisfied or waived (where applicable) or the Scheme Implementation Deed is terminated and the Scheme is not completed, this may adversely affect the market price of SDI Shares and SDI Shareholders will not receive the Scheme Consideration.

(b) **Tax consequences for Scheme Shareholders**

If the Scheme is successfully implemented, there may be tax consequences for Scheme Shareholders. The tax consequences for Scheme Shareholders will vary depending on a number of factors, including their place of residence for tax purposes and their individual tax circumstances.

A summary of the general Australian income tax, stamp duty and GST consequences for SDI Shareholders participating in the Scheme is set out in Section 8.

SDI Shareholders are encouraged to seek independent professional advice regarding the individual tax consequences applicable to them.

(c) **Potential upside lost**

If the Scheme proceeds you will cease to be an SDI Shareholder and will lose the ability to participate in any potential upside that may result from maintaining your investment in SDI. However, as with all investments in securities, there is no guarantee as to SDI's future performance if it remains an independent ASX listed entity.

(d) **If the Scheme does not proceed, SDI Shareholders will not receive the Scheme Consideration**

If the Scheme is not implemented, SDI Shareholders will retain their SDI Shares and will not receive the Scheme Consideration. If the Scheme is not implemented, SDI would remain listed on ASX and would continue to operate its business. In those circumstances, SDI Shareholders will continue to be exposed to the risks and benefits of owning SDI Shares.

(e) **If the Scheme does not proceed, there is no guarantee of future dividends**

If the Scheme is not implemented, there is no guarantee that SDI will pay future dividends. This will be a matter for the SDI Board to consider, based on various factors, at the applicable time.

(f) **If the Scheme does not proceed, the price of an SDI Share may fall below its recent trading price, in the absence of a Superior Proposal**

The market price of a company's publicly traded securities is affected by many variables, some of which are not directly related to the company. Price fluctuations in the SDI Share price could result from national and global economic and financial conditions, the market's response to the Scheme, market perceptions of SDI, regulatory changes affecting SDI's operations, variations in SDI's operating results and liquidity of financial markets. In recent years, the securities markets have experienced a high level of price and volume volatility, and the market price of securities of many companies has experienced wide fluctuations which have not necessarily been related to the operating performance, underlying asset values or prospects of such companies. There can be no assurance that such fluctuations will not affect the price of SDI Shares in the future if the Scheme does not proceed.

The trading price of an SDI Share rose by 48% following the announcement of the Scheme on the Announcement Date (based on the closing price of SDI Shares on ASX on the date prior to the Announcement Date).

If the Scheme is not approved and no Superior Proposal emerges it is likely that the trading price of SDI Shares will fall to below the level at which it has been trading since the Scheme was announced (although this is difficult to predict with any degree of certainty).

(g) **Transaction costs will be incurred**

If the Scheme is not implemented, SDI's transaction costs will be borne by SDI alone, subject to any off-set by way of reverse reimbursement fee payment of A\$1,664,000 from Bidder Sub (if any). SDI may also be required to pay a reimbursement fee of A\$1,664,000 to Bidder Sub depending on the circumstances in which the Scheme does not proceed. Further details of the circumstances in which a reimbursement fee or a reverse reimbursement fee may become payable are in Section 9.16 and Section 9.17.

SDI has already incurred, and will incur, significant costs in respect of the proposal to implement the Scheme. These costs include negotiation with Sinocera, retention of advisers, provision of information to Sinocera, facilitating Sinocera's access to due diligence, engagement of the Independent Expert and the preparation of this Scheme Booklet.

If the Scheme is not implemented in circumstances where no Superior Proposal emerges and is completed, SDI will not receive any material value for the costs it has incurred in connection with the

Scheme. If the Scheme is not implemented, transaction related costs of approximately A\$1,425,000 are expected to be payable by SDI.

8. Australian taxation considerations

8.1 Introduction

This section provides a general summary of the Australian income tax, GST and stamp duty consequences that may arise for SDI Shareholders in relation to the Scheme. This summary is based on the applicable Australian tax laws and administrative practices as at the date of this Scheme Booklet.

This summary is limited in scope and is relevant only to those SDI Shareholders who hold their SDI Shares on capital account. This summary may not apply to SDI Shareholders who:

- (a) acquired or hold any SDI Shares in the course of carrying on a business or for the purpose of resale at a profit (for example, in the business of trading or investment, holding shares as a revenue asset or as trading stock);
- (b) are subject to the taxation of financial arrangement rules in Division 230 of the *Income Tax Assessment Tax 1997* (Cth) in relation to gains and losses on their SDI Shares;
- (c) acquired their SDI Shares pursuant to an employee share, option or rights plan;
- (d) are subject to specific tax rules applicable to certain types of entities or taxpayers, including partnerships, insurance companies, tax exempt entities or entities subject to the Investment Manager Regime under Subdivision 842-I of the *Income Tax Assessment Act 1997* (Cth); or
- (e) acquired their SDI Shares prior to 20 September 1985.

The information contained in this summary is of a general nature only. It does not constitute tax advice and is not intended to be an exhaustive opinion on all possible tax implications that could apply to SDI Shareholders in relation to the Scheme. This summary does not address any tax implications in jurisdictions outside of Australia.

Since the specific tax consequences of the Scheme for SDI Shareholders will depend on each SDI Shareholder's individual circumstances, each SDI Shareholder should seek independent professional advice regarding the Australian and foreign tax consequences of the Scheme relevant to their own particular facts and circumstances.

8.2 Australian resident shareholders

This section applies to SDI Shareholders who are residents of Australia for Australian income tax purposes.

Capital Gains Tax (CGT) Event

Under the Scheme, SDI Shareholders will dispose of their SDI Shares to Bidder Sub. This disposal will constitute a CGT event A1 in relation to the SDI Shares for CGT purposes. The time of the CGT event for the SDI Shareholders should be the date the SDI Shares are disposed of, which will occur on the Implementation Date.

The following tax consequences are expected to arise for the SDI Shareholders from the CGT event:

- (a) a capital gain will be realised to the extent the capital proceeds received by an SDI Shareholder from the disposal of their SDI Shares exceed the cost base of those shares; or
- (b) a capital loss will be realised by an SDI Shareholder to the extent that the capital proceeds received from the disposal of their SDI Shares is less than the reduced cost base of those shares.

Capital losses can be offset against capital gains derived in the same income year or in later income years. Capital losses can only be used to reduce capital gains. Specific loss recoupment rules may apply (e.g. for SDI Shareholders who are companies for Australian income tax purposes) which must be satisfied if those carry forward capital losses are to be used in future years.

Cost Base

The cost base of each SDI Share should generally include the amount of money paid, or value of property given, to acquire the SDI Share and certain incidental costs of acquisition and disposal (such as brokerage fees and legal costs).

The reduced cost base of an SDI Share is determined in a manner similar to the cost base although certain amounts are excluded from the calculation of reduced cost base depending on the SDI Shareholder's individual circumstances.

Capital Proceeds

The capital proceeds received in respect of the disposal of each SDI Share should be equal to the Scheme Consideration, being of A\$1.40 cash per SDI Share.

Reduction in capital gain

If a Permitted Dividend is paid by SDI on or before the Implementation Date, any capital gain made by the SDI Shareholder on the disposal of their SDI Shares under the Scheme should be reduced to the extent the dividend is separately included in the SDI Shareholder's assessable income (however that reduction cannot result in a capital loss).

CGT discount

The CGT discount may apply to SDI Shareholders that are individuals, complying superannuation funds or trusts, who have held, or are taken to have held, their SDI Shares for at least 12 months (not including the date of acquisition or the date of disposal) at the time of the disposal of their SDI Shares to Bidder Sub.

The CGT discount is:

- (a) one-half if the SDI Shareholder is an individual or trustee, meaning only 50% of the net capital gain after recoupment of capital losses will be included in assessable income; and
- (b) one-third if the SDI Shareholder is a trustee of a complying superannuation entity, meaning only two-thirds of the net capital gain after recoupment of capital losses will be included in assessable income.

The CGT discount is not available to SDI Shareholders that are companies.

If an SDI Shareholder makes a discount capital gain, any carried forward capital losses will be applied to reduce the undiscounted capital gain before the relevant CGT discount is applied. The resulting amount is then included in the SDI Shareholder's net capital gain for the income year and included in assessable income.

As an alternative to the CGT discount, cost base indexation may be available for any SDI Shareholders who acquired their SDI shares on or before 11:45am (AEST) on 21 September 1999.

Australian income tax treatment of the Permitted Dividend (if any)

SDI Shareholders who receive the Permitted Dividend (if any) should include the amount of that dividend and the attached franking credits in their assessable income in the income year in which the dividend is paid. SDI Shareholders may be entitled to a tax offset equal to the franking credit attached to a Permitted Dividend.

However, SDI Shareholders will only be required to include the amount of the franking credits and be entitled to a tax offset for the franking credits if they are "qualified persons" in relation to the Permitted Dividend and certain franking integrity rules do not apply. In order to be considered a "qualified person" in relation to any Permitted Dividend, the SDI Shareholder must have held their SDI Shares "at risk" for a continuous period of 45 days (excluding the day of acquisition and the day of disposal) beginning on the day that is 45 days before the relevant ex-dividend date of the Permitted Dividend and ending on the 45th day after the relevant ex-dividend date of the Permitted Dividend.

SDI Shareholders should seek independent professional taxation advice regarding the application of the franking rules, including the "qualified person" and franking integrity rules, to their particular circumstances.

8.3 Non-resident shareholders

This Section applies to SDI Shareholders that are not residents of Australia for income tax purposes (i.e. foreign tax residents) and do not hold their SDI shares in carrying on a business through a permanent establishment in Australia.

Capital Gains Tax (CGT)

Such foreign tax resident SDI Shareholders should generally not be subject to CGT in Australia on the disposal of their SDI Shares, provided their SDI Shares are not an "indirect Australian real property interest" as at the time of disposal.

Broadly, an SDI Shareholder's SDI Shares will be an indirect Australian real property interest, only if both the following conditions are satisfied:

- (a) the foreign tax resident SDI Shareholder and their associates (as defined for tax purposes) together hold 10% or more (by value) of the issued shares in SDI at the time of disposal, or held 10% or more of the issued shares for at least 12 months during the 24 months prior to disposal of their SDI Shares ("**Non-Portfolio Interest**" test); and
- (b) the aggregate market value of SDI's assets which are taxable Australian property (being direct and indirect interests in real property, including land, leases of land, mining tenements and property affixed to land, situated in Australia) exceeds the aggregate market value of SDI's assets which are not taxable Australian property.

SDI management has determined that the aggregate market value of SDI's assets, which are taxable Australian property, do not exceed the aggregate market value of SDI's assets which are not taxable Australian property.

Accordingly, any foreign tax resident SDI Shareholders should not be subject to Australian CGT upon a disposal of their SDI Shares under the Scheme.

Foreign Resident CGT Withholding Rules

Under the foreign resident CGT withholding tax rules, unless an exemption or variation applies, a buyer (in this case Bidder Sub) may be required to withhold and pay to the Commissioner of Taxation an amount equal to 15% of the capital proceeds paid for the acquisition of SDI Shares (i.e. 15% of the Scheme Consideration).

The foreign resident CGT withholding tax rules aim to facilitate the collection of CGT from foreign resident sellers, but can still be triggered where the seller is an Australian tax resident, unless certain declarations are provided, in writing, by the seller to the buyer.

However, these foreign resident CGT withholding tax rules should only apply to the extent an SDI Shareholder's SDI Shares are an indirect Australian real property interest.

As outlined above, SDI management has determined that the aggregate market value of SDI's assets, which are taxable Australian property, do not exceed the aggregate market value of SDI's assets which are not taxable Australian property.

As such, none of the SDI Shares held by an SDI Shareholder are expected to be an indirect Australian real property interest. Therefore, the foreign resident CGT withholding rules should not apply.

Australian income tax treatment of the Permitted Dividend (if any)

If an SDI Shareholder is a non-resident of Australia, any Permitted Dividend that they receive should not be subject to income tax in Australia. To the extent that the Permitted Dividend is unfranked, the unfranked portion may be subject to dividend withholding tax (of rates up to 30%).

Non-resident SDI Shareholders should consult with a professional tax adviser regarding their particular circumstances (including in the jurisdiction where they are a tax resident).

8.4 GST

SDI Shareholders will not be liable to GST in respect of a disposal of their SDI Shares.

SDI Shareholders may be charged GST on any costs incurred in connection with their participation in the Scheme (such as advisor costs). The entitlement to input tax credits in relation to those costs (if any) will depend

on each SDI Shareholder's particular circumstances. SDI Shareholders who are registered for GST should seek their own independent professional advice in relation to GST.

8.5 Stamp duty

No stamp duty will be payable by SDI Shareholders in relation to the disposal of SDI Shares to Bidder Sub under the Scheme.

9. Information about the Scheme

9.1 Scheme Implementation Deed

SDI and Bidder have entered into the Scheme Implementation Deed in connection with the proposed Scheme. The Scheme Implementation Deed sets out the obligations of SDI and Bidder in relation to the Scheme.

The Scheme Implementation Deed is contained in Annexure 2.

9.2 Scheme Meeting

The Court has ordered that a meeting of SDI Shareholders be held at 11:00am (Sydney time) on 22 June 2026 to consider the Scheme.

The fact that under section 411(1) of the Corporations Act the Court has ordered that the Scheme Meeting be convened and has approved this Scheme Booklet does not mean that the Court:

- (a) has formed any view as to the merits of the proposed Scheme or as to how SDI Shareholders should vote (on this matter SDI Shareholders must reach their own decision); or
- (b) has prepared, or is responsible for, the content of this Scheme Booklet.

The order of the Court that the Scheme Meeting be convened is not, and should not, be treated as an endorsement by the Court of, or any other expression of opinion by the Court on, the Scheme.

The Scheme is conditional, among other things, on approval of the Scheme Resolution by the Requisite Majority of SDI Shareholders, being:

- (a) unless the Court orders otherwise, a majority in number (more than 50%) of SDI Shareholders present and voting at the Scheme Meeting (in person or by proxy, corporate representative or attorney); and
- (b) at least 75% of the total number of votes which are cast at the Scheme Meeting.

Further details of the consequences of the Scheme not being implemented are set out in Section 2 under the heading titled "What happens if the Scheme is not approved?".

9.3 Court approval of the Scheme

SDI will apply to the Court for orders approving the Scheme if:

- (a) the Scheme Resolution is approved by the Requisite Majority of SDI Shareholders at the Scheme Meeting; and
- (b) all other conditions to the Scheme which are required (under the Scheme Implementation Deed) to be satisfied by the Second Court Date are satisfied or waived (where applicable).

The date on which the Court hears SDI's application is the Second Court Date.

The Court may refuse to grant the orders referred to above even if the Scheme Resolution is approved by the Requisite Majority of SDI Shareholders.

ASIC has been requested to issue a written statement that it has no objection to the Scheme. ASIC would not be expected to issue such a statement until shortly before the Second Court Date. If ASIC does not produce a written statement that it has no objection to the Scheme, the Court may still approve the Scheme provided it is satisfied that section 411(17)(a) of the Corporations Act is satisfied.

SDI Shareholders have the right to seek leave to appear at the Court on the Second Court Date to oppose the approval of the Scheme by the Court or make representations to the Court in relation to the Scheme. If you wish to oppose approval of the Scheme by the Court on the Second Court Date you may do so by filing with the Court, and serving on SDI, a notice of appearance in the prescribed form together with any affidavit on which you wish to rely at the hearing. The notice of appearance and affidavit must be served on SDI at least one Business Day (in Sydney, New South Wales) before the Second Court Date. That date is currently scheduled

to occur on or around 24 June 2026. Any change to this date will be announced through ASX and will be available on ASX's website, www.asx.com.au. Alternatively, if you wish to make representations to the Court in relation to the Scheme, the Court may grant you leave to be heard at the hearing without becoming a party to the proceeding.

9.4 Actions by SDI, Bidder and Bidder Sub

If Court orders approving the Scheme are obtained, the SDI Board and the Bidder Board will take or procure the taking of the steps required for the Scheme to be implemented. These will include the following:

- (a) SDI will lodge with ASIC an office copy of the Court order approving the Scheme, under section 411(10) of the Corporations Act, and the Scheme will become Effective;
- (b) on the close of trade on the Effective Date, SDI Shares will be suspended from trading on ASX;
- (c) no later than the Business Day before the Implementation Date, Bidder Sub will deposit, or procure the deposit, in cleared funds of an amount equal to the aggregate amount of the Scheme Consideration into the Trust Account, in advance of despatch to Scheme Shareholders on the Implementation Date;
- (d) on the Implementation Date, the Scheme Consideration will be despatched to Scheme Shareholders and all of the SDI Shares held by Scheme Shareholders on the Record Date will be transferred to Bidder Sub, in exchange;
- (e) on the Implementation Date, SDI will enter the name of Bidder Sub in the SDI Register as the holder of the SDI Shares; and
- (f) unless otherwise directed by Bidder in writing, SDI will apply to ASX for SDI to be removed from the official list of ASX on the trading day immediately following the Implementation Date.

9.5 Effective Date

The Scheme will become Effective on the date upon which the office copy of the order of the Court under section 411(10) of the Corporations Act approving the Scheme is lodged with ASIC or such earlier date as the Court determines or specifies in the order.

If the Scheme becomes Effective, SDI will immediately give notice of the event to ASX. It is expected that SDI Shares will be suspended from trading on ASX on the close of trade on the Effective Date.

Once the Scheme becomes Effective, SDI and Bidder will become bound to implement the Scheme in accordance with its terms.

9.6 Scheme

If the Scheme becomes Effective (i.e. after it is approved by SDI Shareholders and the Court and the Court order is lodged with ASIC), all SDI Shares outstanding at 7:00pm (Sydney time) on the Record Date will be transferred on the Implementation Date to Bidder Sub, in return for the Scheme Consideration.

9.7 Warranty provided by each Scheme Shareholder

Under the Scheme, each Scheme Shareholder is deemed to have warranted to Bidder, Bidder Sub and SDI on the Implementation Date that:

- all their SDI Shares (including any rights and entitlements attaching to those SDI Shares) which are transferred under this Scheme will, at the date of transfer of them to Bidder Sub, be fully paid and free from all mortgages, charges, liens, encumbrances, pledges, security interests (including any 'security interests' within the meaning of section 12 of the *Personal Property Securities Act 2009* (Cth)) and interests of third parties of any kind, whether legal or otherwise, and restrictions on transfer of any kind;
- they have full power and capacity to transfer their SDI Shares, and all rights and entitlements attaching to those SDI Shares to Bidder Sub; and
- they have no existing right to be issued any SDI Shares, or other SDI securities.

In each case, SDI undertakes in favour of each Scheme Shareholder that it will provide such warranties to Bidder Sub as agent and attorney of that Scheme Shareholder.

9.8 Deed Poll

Bidder and Bidder Sub have executed a Deed Poll in favour of Scheme Shareholders, under which, subject to the Scheme becoming Effective, Bidder and Bidder Sub undertake in favour of each Scheme Shareholder to pay the Scheme Consideration for each Scheme Share, being A\$1.40 for each Scheme Share¹⁹ held by a Scheme Shareholder, in accordance with the terms of the Scheme.

See Annexure 4 for a copy of the Deed Poll.

9.9 Record Date

The Record Date for the Scheme is 7:00pm (Sydney time) on the date which is the second Business Day after the Effective Date (or on such other date as agreed in writing by SDI and Bidder). Only SDI Shareholders who appear on the SDI Register on the Record Date will be entitled to receive the Scheme Consideration.

9.10 Implementation Date

The Implementation Date for the Scheme is the date which is the fifth Business Day after the Record Date (or such other date after the Record Date as agreed in writing by SDI and Bidder).

On the Implementation Date for the Scheme, subject to Bidder Sub having paid the Scheme Consideration into the Trust Account, SDI must pay or procure the payment of the Scheme Consideration to each Scheme Shareholder from the Trust Account. This will be satisfied by SDI (in its absolute discretion and despite any election referred to below made or given by the Scheme Shareholder) as follows:

- (a) if a Scheme Shareholder has, before the Record Date, made a valid election in accordance with the requirements of the Share Registry to receive dividend payments from SDI by electronic funds transfer to a bank account nominated by the Scheme Shareholder, paying, or procuring the payment of, the relevant amount in Australian currency by electronic means in accordance with that election;
- (b) paying, or procuring the payment of, the relevant amount in Australian currency by electronic means to a bank account nominated by the Scheme Shareholder by an appropriate authority from the Scheme Shareholder to SDI; or
- (c) dispatching, or procuring the dispatch of, a cheque for the relevant amount in Australian currency to the Scheme Shareholder by prepaid post to their Registered Address, such cheque being drawn in the name of the Scheme Shareholder (or in the case of joint holders, in accordance with the procedures set out below).

In the case of SDI Shares held in joint names, the Scheme Consideration is payable to the joint holders and any cheque required to be sent under the Scheme will be made payable to the joint holders and sent to either, at the sole discretion of SDI, the holder whose name appears first in the SDI Register as at the Record Date or to the joint holders.

On the Implementation Date for the Scheme, subject to the provision of the Scheme Consideration in the manner contemplated above and the Deed Poll, the Scheme Shares, together with all rights and entitlements attaching to the Scheme Shares as at the Implementation Date, will be transferred to Bidder Sub without the need of any further act by any Scheme Shareholder, by SDI delivering to Bidder Sub a duly completed Scheme Transfer executed on behalf of the Scheme Shareholders by SDI for registration and Bidder Sub duly executing the Scheme Transfer, attending to the stamping of the Scheme Transfer (if required) and delivering it to SDI for registration.

Immediately following receipt of the Scheme Transfer in accordance with the above, but subject to the stamping of the Scheme Transfer (if required), SDI will enter, or procure the entry of, the name of Bidder Sub in the SDI Register in respect of all the Scheme Shares transferred to Bidder Sub in accordance with the Scheme.

¹⁹ Up to A\$0.015 of the cash consideration of A\$1.40 may be payable as a Permitted Dividend, to be determined by SDI. As at the date of this Scheme Booklet, the SDI Board does not intend to pay a Permitted Dividend. Refer to Section 4.3 for further details relating to any Permitted Dividend.

9.11 Delisting of SDI

Unless otherwise directed by Bidder in writing, SDI will apply to ASX for SDI to be removed from the official list of ASX on the trading day immediately following the Implementation Date.

9.12 End Date

If the Effective Date for the Scheme has not occurred on or before the End Date, then the Scheme will lapse and implementation will not occur, unless SDI and Bidder otherwise agree in writing. The End Date is currently expected to be 30 September 2026.

9.13 Conditions precedent to the Scheme

(a) Outstanding conditions precedent to Scheme

The Scheme and the obligations of SDI and Bidder to implement the Scheme are subject to the following outstanding conditions precedent (which are set out in full in clause 3.1 of the Scheme Implementation Deed) being satisfied or, where applicable, waived, in accordance with the terms of the Scheme Implementation Deed:

- (i) before 5:00pm on the Business Day before the Second Court Date, the receipt by Bidder Sub of a written notice by or on behalf of the Treasurer of the Commonwealth stating that it does not object to the Scheme (**FIRB Approval**) and the written notice has not been withdrawn, suspended or revoked;
- (ii) before 5:00pm on the Business Day before the Second Court Date, Bidder obtaining Chinese regulatory approvals from NDRC, MOFCOM and SAFE in respect of the acquisition of the Scheme Shares (**PRC Approvals**);
- (iii) ASIC and ASX providing (and not withdrawing, suspending, restricting or amending) all relief, waivers, confirmations, exemptions, consents or approvals in respect of the Scheme (if any);
- (iv) approval of the Scheme by the Requisite Majority of SDI Shareholders;
- (v) the Independent Expert not withdrawing, qualifying or changing its conclusion that the Scheme is in the best interests of SDI Shareholders at any time before 8:00am on the Second Court Date;
- (vi) Court approval of the Scheme in accordance with section 411(4)(b) of the Corporations Act;

9.14 Exclusivity arrangements

The Scheme Implementation Deed contains exclusivity arrangements which, during the Exclusivity Period, prevent SDI and its Related Persons, except with the prior written consent of Bidder, from:

- (a) **(No shop)**: directly or indirectly soliciting, inviting, encouraging, initiating or facilitating any Competing Proposal or any approaches, proposals, enquiries, offers, negotiations or discussions with any Third Party in relation to, or that may reasonably be expected to encourage or to lead to, any actual, proposed or potential Competing Proposal, or communicating any intention to do any of these things;
- (b) **(No talk)**: entering into, continuing or participating in negotiations or discussions with, or entering into any agreement, arrangement or understanding with, any Third Party, in relation to, or that may reasonably be expected to encourage or lead to, any actual, proposed or potential Competing Proposal even if:
 - (i) the Competing Proposal was not directly or indirectly solicited, invited, encouraged or initiated by SDI or any of its Related Persons; or
 - (ii) the Competing Proposal has been publicly announced.
- (c) **(No due diligence)**: directly or indirectly:
 - (i) soliciting, inviting, encouraging, initiating, facilitating or permitting any Third Party to undertake due diligence investigations on SDI, any member of the SDI Group, any of the operations or assets of the SDI Group or its businesses or any part thereof;
 - (ii) make available to any Third Party, or permit any Third Party to receive, any Non-Public Information (other than in response to a requirement by a Government Agency that has the right to obtain that information and has sought it); or
 - (iii) make available to any Third Party, or permit any Third Party to have access to, any officers or employees of, or premises used, leased, licenced or owned by, any member of the SDI Group,

with a view to, or in circumstances that might lead to, such Third Party formulating, developing or finalising, or being assisted in the formulation, development or finalisation of, a Competing Proposal.

Fiduciary Out: SDI is not required to comply with the 'No talk' and 'No due diligence' if the SDI Board determines in good faith, after consulting with its advisers, that the Competing Proposal is, or could reasonably be considered likely to become, a Superior Proposal, and after receiving written legal advice from its external legal advisers, that complying with those provisions would constitute, or would be reasonably likely to constitute, a breach of the fiduciary or statutory duties or obligations of an SDI Board member.

Notification: During the Exclusivity Period, SDI must notify Bidder as soon as possible (and in any event within 24 hours) in writing if it, any of its Related Bodies Corporate or any of their respective Related Persons becomes aware of any approach, request for the provision of Non-Public Information or provision of any Non-Public Information in connection with an actual, proposed or potential Competing Proposal (whether direct or indirect, solicited or unsolicited, and in writing or otherwise), which notice must include the identity of the relevant person making or proposing the relevant actual, proposed or potential Competing Proposal, together with all material terms of the actual, proposed or potential Competing Proposal (to the extent known by SDI or any of its Related Persons).

Matching Right: During the Exclusivity Period, SDI must not, and must procure that each of its Related Bodies Corporate do not, enter into any legally binding agreement, arrangement or understanding (whether or not in writing) to give effect to an actual, proposed or potential Competing Proposal and must use best endeavours to procure that none of its directors change their recommendation in favour of the Scheme, publicly recommend

an actual, proposed or potential Competing Proposal or make any public statement to the effect that they may do so at a future point, unless:

- (d) the SDI Board determines that the Competing Proposal would be or would reasonably likely to be a Superior Proposal;
- (e) the actual, proposed or potential Competing Proposal has not arisen as a result of SDI's breach of the 'No shop', 'No talk' or 'No due diligence';
- (f) SDI has provided Bidder with the notice setting out the information discussed further above and the reasons why the SDI Board considers the Competing Proposal is, or could reasonably be considered likely to become, a Superior Proposal;
- (g) SDI has given Bidder at least five Business Days after the date of the provision of the information above to provide a matching or superior proposal; and
- (h) by the expiry of the five Business Day period above, Bidder has not announced or otherwise formally proposed to SDI a counterproposal that the SDI Board determines, acting in good faith and after consultation with its external legal and financial advisers, would produce a matching or superior outcome for SDI Shareholders as compared to the outcome that would be produced by the Competing Proposal, taking into account all of the terms and conditions of the counterproposal.

At the date of this Scheme Booklet, SDI has not received any Competing Proposals.

For further information, refer to clause 10 of the Scheme Implementation Deed in Annexure 2.

 - (ii) **(Change of recommendation):** the SDI Board or a majority of the SDI Board changes, withdraws, modifies or qualifies its recommendation as permitted under the SID (such as where the Independent Expert provides a report to SDI that concludes that the Scheme is not in the best interest of SDI Shareholders or a Superior Proposal has been received and SDI has complied with its obligations under the matching right provisions) and , if applicable, SDI has paid the SDI Reimbursement Fee; and

subject to certain limited exceptions, including where the Independent Expert concludes in the Independent Expert's Report that the Scheme is not in the best interests of SDI Shareholders (except where the conclusion is due wholly or partly to the existence, announcement or publication of a Competing Proposal), or where SDI is terminating the Scheme Implementation Deed for material breach (other than material breach of representation or warranty) by Bidder, or where the SDI Board member is required or requested to change, abstain or withdraw from making a recommendation by the Court or a Government Agency;

Clause 7.3(a) of the Scheme Implementation Deed provides various Bidder undertakings in support of that insurance.

Dear Directors,

Independent Expert's Report

Introduction

On 27 February 2026, SDI Limited ("**SDI**" or the "**Company**") announced that it had entered into a Scheme Implementation Deed ("**SID**") with Beijing Guoci Kebo Technology Co., Ltd ("**Beijing Guoci**" or "**Bidder**"), a wholly-owned subsidiary of Shandong Sinocera Functional Material Co. Ltd ("**Sinocera**"), under which Beijing Guoci (or its nominee) agreed to acquire 100% of the issued share capital of SDI by way of scheme of arrangement ("**Scheme**") under Part 5.1 of the Corporations Act 2001 (Cth) (the "**Act**" or the "**Corporations Act**"). Under the terms of the Scheme, SDI Shareholders ("**SDI Shareholders**" or "**Shareholders**") will receive \$1.40 per SDI Share in cash¹ ("**Scheme Consideration**").

Subsequent to the SID, Sinocera and Beijing Guoci established a wholly-owned subsidiary InnoXvest Dental Pty Ltd ("**InnoXvest**" or "**Bidder Sub**"), an Australian proprietary company incorporated to acquire the issued capital of SDI under the Scheme.

If the Scheme becomes effective, SDI will become a wholly-owned subsidiary of InnoXvest. SDI and Beijing Guoci have executed the SID to give effect to the Scheme if all conditions precedent are satisfied or waived.

The Scheme is subject to the Court convening a meeting of Shareholders where Shareholders will consider a resolution seeking approval of the Scheme ("**Scheme Meeting**"). The Scheme Meeting is to be held on or about 22 June 2026 and, under the Act, it will be approved by Shareholders if the resolution is passed by a majority in number (more than 50%) of Shareholders present (in person or by proxy) and voting at the Scheme Meeting, and at least 75% of the total votes cast on the resolution approve the Scheme. If this occurs, a second Court hearing will be held to approve the Scheme which, if approved, will become binding on all SDI Shareholders who hold SDI Shares as at the Scheme Record Date (as defined in the Scheme Booklet), irrespective of whether or not they voted for the Scheme, and InnoXvest will acquire 100% of the issued capital of SDI, with Shareholders receiving the Scheme Consideration.

Purpose of the Report

There is no regulatory requirement for the Directors to commission an independent expert's report. However, a Condition Precedent to the Scheme requires an independent expert's report concluding that the Scheme is in the best interests of Shareholders, and that the independent expert does not withdraw, qualify or change that conclusion at any time before 8.00 am on the Second Court Date.

The Directors of SDI have requested that RSM Corporate Australia Pty Ltd ("**RSM**" or "**we**" or "**us**" or "**ours**"), being independent and qualified for the purpose, express an opinion as to whether the Scheme is fair and reasonable to, and therefore in the best interests of SDI Shareholders.

¹ Up to \$0.015 of the cash consideration of \$1.40 may be payable as a permitted dividend, to be determined by SDI. As at the date of the Scheme Booklet, the SDI Board does not intend to declare and pay a permitted dividend.

THE POWER OF BEING UNDERSTOOD
ASSURANCE | TAX | CONSULTING

RSM Corporate Australia Pty Ltd is beneficially owned by the Directors of RSM Australia Pty Ltd. RSM Australia Pty Ltd is a member of the RSM network and trades as RSM. RSM is the trading name used by the members of the RSM network. Each member of the RSM network is an independent accounting and consulting firm which practices in its own right. The RSM network is not itself a separate legal entity in any jurisdiction.

RSM Corporate Australia Pty Ltd ABN 82 050 508 024 Australian Financial Services Licence No. 255847

Accordingly, we have prepared this report (“**the Report**” or “**IER**”) for the purpose of stating, in our opinion, whether or not the Scheme, and as such the offer (“**Offer**”) under the Scheme, is in the best interests of Shareholders and to set out the reasons for that opinion. Our Report is to be included in the Scheme Booklet and Notice of Meeting to be sent to Shareholders in respect of the Scheme Meeting.

This Report represents general financial product advice only and has been prepared without taking into consideration the circumstances of individual SDI Shareholders. The ultimate decision whether to approve the Scheme should be based on each Shareholders’ assessment of their circumstances, including their risk profile, liquidity preference, tax position, and expectations as to value and future market conditions. If in doubt about the Scheme or matters dealt with in this Report, Shareholders should seek independent professional advice.

Summary of opinion

In the absence of any other relevant information and/or a superior proposal, RSM considers the Scheme to be **fair and reasonable** to Shareholders and as such, that the Scheme is **in the best interests** of Shareholders.

We have formed this opinion for the reasons set out below.

Approach

In assessing whether the Scheme is “fair and reasonable” to Shareholders, we have considered Australian Securities and Investment Commission (“**ASIC**”) Regulatory Guide 111 – Content of expert reports (“**RG 111**”), which provides specific guidance as to how an expert is to appraise a Scheme of Arrangement.

Schemes of Arrangement can be used as an alternative to a takeover bid under Chapter 6 of the Act to achieve substantially the same outcome. In these circumstances, RG 111 suggests that the form of analysis to be undertaken by the expert should be substantially the same as for a takeover bid with certain exceptions, such as in the case of a merger of entities of equivalent value.

In effect, the Scheme represents a takeover offer for SDI where it is proposed that, subject to the satisfaction or waiver of a number of conditions precedent, InnoXvest will acquire all of the issued capital in SDI through the offer of the Scheme Consideration to the Shareholders.

Therefore, consistent with the guidance set out in RG 111, in assessing whether or not we consider the Scheme to be “in the best interests” of Shareholders, we have considered whether the Scheme is “fair” to Shareholders by assessing and comparing:

- the Fair Value of a share in SDI (“**SDI Share**”) on a controlling basis prior to the Scheme; with
- the Scheme Consideration of \$1.40 cash per SDI Share².

We have considered whether the Scheme is “reasonable” to Shareholders by undertaking an analysis of the other factors relating to the Scheme which are likely to be relevant to Shareholders in their decision of, whether or not, to approve the Scheme.

Fairness opinion

In assessing whether we consider the Scheme to be fair to Shareholders, we have valued an SDI Share prior to the implementation of the Scheme on a controlling basis and compared it to the Scheme Consideration, to determine whether a Shareholder would be better or worse off should the Scheme be approved.

Our assessment is set out in the table below.

Table 1 Valuation Summary

	Low	High	Preferred
Fair Value of an SDI Share prior to the Scheme (controlling basis) (Primary methodology CFME)	1.21	1.38	1.29
Secondary valuation methodology QMP (controlling basis)	1.16	1.26	1.21
Scheme Consideration	1.40	1.40	1.40

Source: RSM Calculations

² Up to \$0.015 of the cash consideration of \$1.40 may be payable as a permitted dividend, to be determined by SDI. As at the date of the Scheme Booklet, the SDI Board does not intend to declare and pay a permitted dividend.

The above comparison is presented graphically below.

Figure 1 Assessed Fair Value of an SDI Share prior to the Scheme on a controlling basis compared to the Scheme Consideration

Source: RSM analysis

In our opinion, as the value of the Scheme Consideration payable per SDI Share of \$1.40 exceeds the assessed Fair Value range of an SDI Share (as assessed under the primary valuation methodology), in our opinion the Scheme is **Fair** to the Shareholders of SDI.

Reasonableness opinion

RG 111 establishes that an offer is reasonable if it is fair. It might also be reasonable if, despite not being fair, there are sufficient reasons for security holders to approve the offer in the absence of a higher bid. We consider and outline in this section of the Report an analysis of other factors which are likely to be relevant to Shareholders in their assessment of the Scheme.

As such, we have also considered the following factors in relation to the reasonableness aspect of the Scheme:

- the future prospects of the Company if the Scheme does not proceed;
- the trading of SDI's Shares following the announcement of the Scheme;
- the potential advantages and disadvantages of the Scheme for the Shareholders, including the specific terms of the Scheme; and
- the existence of alternative proposals.

Future prospects of SDI if the Scheme does not proceed

In the event the Scheme is not approved, InnoXvest will not provide the Scheme Consideration, and SDI will continue to operate as an ASX listed company. SDI Shareholders will retain their SDI Shares and will continue to have the benefits of their current SDI investment. Shareholders will continue to be exposed to the risks of holding their SDI Shares, as detailed in section 7 of the Scheme Booklet.

We note that, as of 8 April 2026, the closing share price of SDI was \$1.250, representing a significant increase from the closing price on the day prior to the announcement of the Scheme of \$0.885 and the historical 10-day, 60-day and 90-day VWAP of SDI's Shares in the period prior to announcement of the Scheme of \$0.833, \$0.916 and \$0.929, respectively. Therefore, should the Scheme not be approved by SDI Shareholders, we consider it likely that, in the absence of an alternative proposal, SDI's share price would decrease in the short to medium term.

If the Scheme does not proceed, a reimbursement fee of \$1.66m may become payable by SDI to Beijing Guoci. Failure by SDI Shareholders to approve the Scheme will not trigger an obligation to pay the reimbursement fee.

The Directors expect transaction costs of approximately \$1.425m to be payable by SDI. If the Scheme is not implemented, SDI Shareholders will not receive any value for the costs incurred.

Advantages and disadvantages of approving the Scheme

SDI's directors have unanimously recommended that Shareholders vote in favour of the Scheme in the absence of a superior proposal, subject to the independent expert continuing to conclude that the Scheme is in the best interests of Shareholders.

The key advantages of the Scheme are outlined below.

Table 2 Advantages of the Scheme

Advantage	Details
The Scheme is fair	The Scheme Consideration exceeds the high end of our assessed Fair Value range of an SDI Share on a control basis.
Premium to recent share price	The Scheme Consideration represents a significant premium relative to the SDI Share price and historical VWAP ranges of SDI Shares prior to the announcement of the SID. The Scheme Consideration represents a 58% premium to the closing SDI Share Price on 27 February 2026, immediately prior to the announcement of the Scheme and a 56% premium to the 30 day VWAP of SDI Shares up to and including 27 February 2026.
The Share price may fall if the Scheme is unsuccessful	Immediately prior to the Offer being announced, SDI Shares were trading at \$0.885. Over the 30 days immediately prior to the Offer being announced, SDI Shares traded at a VWAP of \$0.908. As at 8 April 2026, the closing price of SDI Shares was \$1.25, representing a 41.2% premium to the pre Offer closing price and a 37.7% premium to the pre Offer 30 day VWAP. If the Scheme does not proceed and no alternative proposals are received, the Share price may fall towards the previously traded levels over the short to medium term.
Realisation of value in the form of cash	The Scheme provides Shareholders with the opportunity to realise the fair value of their SDI Shares in the form of cash, which provides certainty of realisable value. If the Scheme proceeds, Shareholders will no longer be exposed to the downside risk of an investment in SDI. We further note that there would be no brokerage costs in realising the Scheme Consideration.

Source: RSM analysis

The key disadvantages of the Scheme are outlined below.

Table 3 Disadvantages of the Scheme

Disadvantage	Details
Participation in future growth	If the Scheme is implemented Shareholders will not participate in any future value created by SDI over and above that reflected in the Scheme Consideration.
Potential tax considerations	Approval of the Scheme and the disposal of SDI Shares will trigger a capital gains tax ("CGT") event that may result in a tax liability for Shareholders. The tax implications will vary between Shareholders depending on their personal circumstances and, therefore, individual taxation advice should be obtained.
Change in investment profile	Approval of the Scheme may result in disadvantages to those who wish to maintain their current investment profile. SDI Shareholders who wish to maintain their investment profile may find it difficult to identify an investment with a similar profile to that of SDI and may incur transaction costs in undertaking a new investment.

The price of SDI's shares after the announcement of the Scheme

We have reviewed the movements in the SDI Share price since the Scheme was announced on 27 February 2026.

A graph of the closing share price in the four weeks prior to and the five weeks following the announcement is shown below.

Figure 2. SDI Share price pre- and post-announcement

Source: RSM analysis and S&P Capital IQ

The Share price closed at \$0.885 prior to the announcement of the Scheme and in the period since has traded in the range of \$1.250 to \$1.285.

The VWAP of SDI's shares for the 40-day period after the announcement was \$1.259 which is 38.7% higher than the 30-day VWAP of \$0.908 prior to the announcement of the Scheme.

Based on the above, we consider that the market has reacted favourably to the announcement of the Scheme, indicating market expectations that the Scheme will be successfully implemented, or an alternative superior proposal will emerge.

Alternative proposals to the Scheme

The directors of SDI have advised us that no credible alternative offers exceeding the current Offer had been received prior to the announcement of the Scheme on 27 February 2026 and no further alternative offers have emerged since the announcement of the Scheme. As set out in the Scheme Booklet, SDI and its advisors engaged with several interested parties prior to the receipt of a proposal from Beijing Guoci and the SDI board determined that no alternative offered a better outcome for SDI Shareholders.

The alternative to the Scheme is for Shareholders to vote against the Scheme in the hope that they can realise greater value from their investment in SDI either through maintaining SDI as a standalone business or through the emergence of a superior proposal to the Scheme. Whilst there is currently no evidence of an alternative offer, it is possible that an alternative offer may emerge prior to the Scheme Meeting. However, since the announcement of the Scheme, we understand that no superior offers have been put forward as at the date of this Report.

Liquidity

Historically, the liquidity of SDI's shares has been relatively low, with 1.47% of issued capital traded in the 60-days pre-announcement. The Scheme provides Shareholders with an ability to convert their investment in SDI to cash.

Conclusion on Reasonableness

In the absence of any other relevant information and/or a superior proposal, RSM considers the Scheme to be **reasonable** to Shareholders and as such, that the Scheme is **in the best interests of Shareholders**.

An individual Shareholder's opinion in relation to the Scheme may be influenced by their individual circumstances. If in doubt, Shareholders should consult an independent advisor.

General

This Report represents general financial product advice only and has been prepared without taking into consideration the individual circumstances of Shareholders.

The ultimate decision whether to approve the Scheme should be based on each Shareholders' assessment of their circumstances, including their risk profile, liquidity preference, tax position and expectations of future market conditions.

Shareholders should read and have regard to the contents of the Scheme Booklet and Notice of Meeting which has been prepared by the Directors and management of SDI.

Shareholders who are in doubt as to the action they should take with regard to the Scheme and the matters dealt with in this Report, should seek independent professional advice. This summary should be considered in conjunction with the detail contained in the following sections of this Report.

Yours faithfully,

1. Summary of the Scheme

1.1 Overview

On 27 February 2026, SDI announced that it had entered into a Scheme Implementation Deed with Beijing Guoci, a wholly-owned subsidiary of Sinocera, under which Beijing Guoci has agreed to acquire 100% of the issued share capital of SDI by way of scheme of arrangement under Part 5.1 of the Corporations Act. Under the terms of the Scheme, eligible Shareholders will receive \$1.40 per SDI Share in cash³. Subsequent to the SID, Sinocera established InnoXvest, an Australian proprietary company incorporated to acquire the issued capital of SDI under the Scheme.

The Scheme is subject to the Court convening a meeting of Shareholders where Shareholders will consider a resolution seeking approval of the Scheme. The Scheme Meeting is to be held on or about 22 June 2026 and, under the Act, it will be approved by Shareholders if the resolution is passed by a majority in number (more than 50%) of Shareholders present (in person or by proxy) and voting at the Scheme Meeting, and at least 75% of the total votes cast on the resolution approve the Scheme. If this occurs, a second Court hearing will be held to approve the Scheme which, if approved, will become binding on all SDI Shareholders who hold SDI Shares as at the Scheme Record Date (as defined in the Scheme Booklet), irrespective of whether or not they voted for the Scheme, and InnoXvest will acquire 100% of the issued capital of SDI, with Shareholders receiving the Scheme Consideration.

If the Scheme becomes effective, SDI will request that the ASX suspends trading of SDI Shares with effect from the close of trading on the date at which the Scheme become effective ("**Effective Date**") and request that the ASX removes SDI from the official list of ASX on the trading day immediately following the implementation date of the Scheme ("**Implementation Date**") (unless otherwise directed by the Bidder in writing). SDI will become a wholly-owned subsidiary of InnoXvest. SDI and Beijing Guoci have executed the SID to give effect to the Scheme if all conditions precedent are satisfied or waived.

Other terms

A reimbursement fee of \$1,664,000 (excluding GST) ("**Reimbursement Fee**") is payable by SDI to Beijing Guoci if the Scheme does not proceed in certain circumstances as specified in the SID. This includes circumstances where there is a valid termination of the SID by Beijing Guoci in certain circumstances or a competing proposal is publicly announced or made during the exclusivity period and within 12 months of the date of such announcement, the competing transaction completes. The SID also provides for a reverse reimbursement fee of \$1,664,000 payable by Beijing Guoci to SDI under certain circumstances. We note that payment of the Reimbursement Fee is not contingent on approval of the Scheme by SDI Shareholders. Therefore, we have not considered the Reimbursement Fee in our assessment of the Scheme.

2. Scope of the Report

2.2 Regulatory guidance

In assessing whether the Scheme is “fair” and “reasonable”, we have given regard to the views expressed by the ASIC in RG 111.

RG 111 provides ASIC’s views on how an expert can help security holders make informed decisions about transactions. Specifically, it gives guidance to experts on how to evaluate whether or not a proposed transaction is fair and reasonable.

RG 111 states that the expert’s report should focus on:

- the issues facing the security holders for whom the report is being prepared; and
- the substance of the transaction rather than the legal mechanism used to achieve it.

RG 111 applied the “fair and reasonable” test as two distinct criteria in the circumstance of a takeover offer, stating:

- a takeover offer is considered “fair” if the value of the offer price or consideration is equal to or greater than the value of the securities that are the subject of the offer; and
- a takeover is considered “reasonable” if it is fair, or where the offer is “not fair” it may still be “reasonable” if the expert believes that there are sufficient reasons for security holders to approve the offer.

RG 111 contends that if an expert was to conclude that a Scheme is “fair and reasonable” if it was in the form of a takeover bid, it will also be able to conclude that the scheme is in the best interests of the members of the company.

2.3 Adopted basis of evaluation

Consistent with the guidelines in RG 111 as summarised above, we have considered whether the Scheme is “fair” to SDI Shareholders by assessing and comparing:

- the Fair Value of a Share in SDI on a controlling basis prior to the Offer; with
- the Scheme Consideration.

Our assessment of the Fair Value has been prepared on the following basis:

“the value that should be agreed in a hypothetical transaction between a knowledgeable, willing but not anxious buyer and a knowledgeable, willing but not anxious seller, acting at arm’s length”.

In accordance with RG 111, we have considered whether the Scheme is “reasonable” to SDI Shareholders by undertaking an analysis of the other factors relating to the Scheme which are likely to be relevant to SDI Shareholders in their decision as to whether or not to approve the Scheme.

We have also considered whether the Scheme is “reasonable” by undertaking an analysis of the following factors:

- the future prospects of the Company if the Scheme does not proceed;
- the trading of SDI’s Shares following the announcement of the Scheme;
- the potential advantages and disadvantages of the Scheme for the Shareholders, including the specific terms of the Scheme; and
- the existence of alternative proposals.

Our assessment of the Scheme is based on economic, market and other conditions prevailing at the date of this Report.

3. Company profile

3.1 Background

SDI is an ASX listed company that principally engages in the manufacturing and distribution of specialist dental materials including amalgam, glass ionomer and composite restorative materials and tooth whitening. The Company also undertakes product research and development. All of SDI's products are manufactured in Victoria and are sold through distributors and retailers in over 100 countries around the world. In addition to its head office and manufacturing facility in Victoria, Australia, SDI has offices and warehouses in Chicago, USA, Cologne, Germany and Sao Paulo, Brazil.

SDI employs circa 340 full time equivalents ("**FTE**").

Company history

SDI Limited was founded in 1972 by Jeffery James Cheetham O.A.M., who currently serves as Chairman. The company began as a home-based business under the name Southern Dental Industries and was incorporated in South Australia in June 1985 before listing on the Australian Securities Exchange ("**ASX**") in November of that same year. SDI established an office and warehouse in Cologne, Germany circa 1986 and expanded into North America in 1990 through the establishment of Southern Dental Industries Incorporated (USA). A year later, in 1991, SDI became the world's first producer of a direct-placement amalgam capsule system. International expansion continued with the establishment of a subsidiary in Brazil in 1994 and another in Japan in 2004.

In 2018, the U.S. Food and Drug Administration ("**FDA**") granted registration approval for SDI to market Riva Star in the United States. In the following year, SDI received a \$3 million Australian Commonwealth Government grant to support a research partnership with the Universities of New South Wales, Sydney, and Wollongong to develop alternative materials to dental amalgam.

In August 2022, SDI announced the acquisition of a six-acre site at Montrose, Victoria, for a total consideration of \$17.8 million. SDI is currently in the process of redeveloping the Montrose site. It is currently utilising warehousing space at the Montrose property and intends to relocate its some existing Bayswater manufacturing and office facilities to Montrose at the completion of the project.

The Company's key product segments are summarised below.

Aesthetics

The aesthetics product segment is SDI's largest revenue stream, representing approximately 50% of total revenue from FY23 to HY26. This segment represents restorative and preventative consumables, such as glass ionomers (Riva line), composites (Aura, Luna, Stela and Wave), silver diamine fluoride (Riva Star/Aqua), adhesives, etchants, sealants and resin cements. The flagship product of the aesthetics segment is Glass ionomers, a group of materials that use reactive silicate glass powder and an aqueous solution of polyacid copolymer.

A key strategic driver of the segment is Minimally Invasive Dentistry ("**MID**"), which aims to prevent, detect, and treat tooth decay with minimal removal of tooth structures. SDI's MID offering is centralised by its glass ionomers (restoratives, cements, and sealants) and Silver Diamine Fluoride ("**SDF**"), a non-invasive treatment that can be used to stop or prevent tooth decay.

SDI recently launched Stela, a self-curing composite, designed as a replacement for amalgam which is being phased out following global mercury-reduction regulations and environmental policy. Composites are required to be cured with the assistance of a curing light. Standard hybrid composites have over 5 steps whereas Stela only requires 2 steps, minimising sensitivity, reducing chair time, simplifying the procedure and minimising errors and costs.

Whitening segment

The whitening product segment generated approximately 29% of revenue from FY23 through to FY26. SDI's range of teeth whitening solutions are sold under the Pola brand and are sold directly through dental distributors or direct to dentists, either used in dental offices or sold via dentists to patients in the format of take-home kits. SDI differentiates its teeth whitening products through limited sensitivity and rapid application.

The Pola range of products include in-office whitening systems and take-home kits.

Amalgam segment

The amalgam product segment has historically been a key revenue generator for SDI, with the Company holding an estimated circa 60% of market share. However, amalgam is being globally phased out of dental practices due to its contribution to mercury waste in the environment and will be formally removed from most markets in FY34.

In response to this global market change, SDI launched Stela (refer aesthetics above). In addition to the Stela product, SDI's composites and glass ionomers products provide a modern, mercury free and aesthetic appearance alternative to amalgam.

Equipment segment

The equipment product segment offers a range of small-format, high performance dental equipment, complementing SDI's core consumable product offerings. The equipment portfolio includes LED curing lights and capsule mixers.

SDI's flagship LED curing light range is called Radii – LED curing lights that set restoratives such as composites and light cured glass ionomers. The key products of the range include the Radii Xpert, representing the high-end of the range, and the Radii-Cal CX, which represents the cost effective end of the range. The LED curing light products are complemented by a range of replacement parts and accessories, including lens caps, barrier sleeves, and light shields. The triturators section of the portfolio, such as the Ultramat 2 is an extremely high-speed multi-use mixer which is capable of mixing dental materials to ensure that contents are completely mixed and ready for the dentist to use.

SDI's revenue streams stem from its product sales and geographical region which are summarised below:

The Company aims to release one to two new products to market each year.

We make the following comments in relation to the financial performance set out above:

- Revenue over the 3 years to 30 June 2025 grew by a compound annual growth rate (“**CAGR**”) of 1.2% (3.9% excluding amalgam).
- Revenue growth of 3.1% in FY24 was primarily driven by the expansion of the aesthetics product group with the release of new products from prior periods gaining momentum in the market. Growth in FY24 was partly offset by a structural decline in amalgam sales and a decline in whitening sales as a result of strong competition and a decline in discretionary spend.
- Gross margin in FY24 increased to 62.1% as a result of operational efficiencies driven by in-housing of warehousing activities at the Montrose site and geographic and product mix (sales growth in the European market generating higher product margins).
- Revenue declined slightly in FY25 driven by continued declines in amalgam sales (decline of 21.9% on FY24) partly offset by an increase in aesthetic and whitening sales of 4.5% and 3.2%, respectively. Stela sales in FY25 represented \$2.5m.
- Gross margin in FY25 increased to 62.9% as a result of efficiencies from new plant and equipment and product and geographical sales mix.
- Revenue of \$52.9 million in the first half of FY26 was up 1.5% on the previous corresponding period (“**PCP**”) following strong growth in the Australian Direct Export markets driven by the Middle Eastern market, however offset by the continued decline in Amalgam product sales.
- The Company generated a gross margin of 65.6%, reflecting operational efficiencies, geographical and product mix, and favourable currency movements.
- Operating costs increased as a percentage of revenue over the period, primarily as a result of inflationary impacts on employment costs and increase marketing costs in relation to new product releases.
- HY26 operating costs included a \$724k doubtful debt provision.

Table 12 SDI selected announcements

Ref	Date	Commentary
1	8/07/2025	SDI released an FY25 trading update, including total sales of \$111 million, which were broadly flat year-on-year, with strong regional growth in Europe and Brazil offsetting weaker export demand in the Middle East and Asia, as well as a continued decline in Amalgam products. The Company provided an NPAT outlook of \$10.0m to \$10.4m.
2	27/11/2025	SDI held its annual general meeting including updates from the Chairman and CEO, in relation to FY25 financial results, market dynamics, regulatory approvals process and the development of the Montrose facility.

The update highlighted growth in Australian direct export markets, ongoing weakness in Amalgam sales, and softer results in North America and Europe. The Company provided an NPAT outlook of \$3.5m to \$4m for the half year.
4	27/02/2026	SDI announced that it has entered into a Scheme Implementation Deed under which Beijing Guoci Kebo Technology Co., Ltd, or a wholly-owned subsidiary of Beijing Guoci Kebo Technology Co., Ltd, each a subsidiary of Sinocera, has agreed to acquire 100% of SDI's issued share capital via a scheme of arrangement.

4. Profile of Shandong Sinocera Functional Material Co., Ltd and subsidiaries

4.1 Background

Sinocera

Sinocera is a publicly listed company on the Shenzhen ChiNext Board (SZSE:300285) with a market capitalisation of circa \$6.6b as at 8 April 2026.

Headquartered in Dongying City in the Shandong Province of China, Sinocera is a leading enterprise in the new materials sector, primarily focusing on the research and development, production, and sales of high-end ceramic materials and products. Sinocera has six major business segments: electronic materials, catalytic materials, biomedical materials, new energy materials, precision ceramics, and other materials. These products are widely used in sectors such as electronic information and communications, automotive and industrial catalysis, biomedicine, new energy vehicles, architectural ceramics, solar photovoltaics, and more.

Sinocera operates in various regions of China, as well as Europe, United States of America and Southeast Asia.

Beijing Guoci

Beijing Guoci is a direct wholly-owned subsidiary of Sinocera and is the holding company of all of Sinocera's domestic and overseas dental businesses except its powder business. It also engages in the trade of dental materials and equipment in China.

InnoXvest

InnoXvest is an Australian proprietary company incorporated in New South Wales for the purposes of acquiring SDI Shares under the Scheme. InnoXvest has not conducted any other business.

4.2 Funding arrangements

The maximum consideration payable by InnoXvest under the Scheme is estimated to be \$166.4m⁵. The cash necessary to fund the total amount payable is to be provided by a debt facility (for which a debt commitment letter is in place) and cash from available cash balances. Sinocera has provided InnoXvest with an equity commitment letter in relation to funding the Scheme Consideration.

⁵ Up to \$0.015 of the cash consideration of \$1.40 may be payable as a permitted dividend, to be determined by SDI. As at the date of the Scheme Booklet, the SDI Board does not intend to declare and pay a permitted dividend.

5. Valuation Approach

5.1 Valuation methodologies

RG 111 proposes that it is generally appropriate for an expert to consider using the following valuation methodologies:

- the discounted cash flow (“**DCF**”) method and the estimated realisable value of any surplus and non-operating assets and liabilities;
- the application of earnings multiples to the estimated future maintainable earnings added to the estimated realisable value of any surplus assets surplus and non-operating assets and liabilities;
- the amount which would be available for distribution on an orderly realisation of assets;
- the quoted price for listed securities; and
- any recent genuine offers received.

We consider that the valuation methodologies proposed by RG 111 can be split into three valuation methodology categories, as follows.

Market based methods

Market based methods estimate the fair value by considering the market value of a company’s securities or the market value of comparable companies. Market based methods include;

- the quoted price for listed securities; and
- industry specific methods.

The recent quoted price for listed securities method provides evidence of the fair value of a company’s securities where they are publicly traded in an informed and liquid market.

Industry specific methods usually involve the use of industry rules of thumb to estimate the fair value of a company and its securities. Generally, rules of thumb provide less persuasive evidence of the fair value of a company than other market-based valuation methods because they may not account for company specific risks and factors.

Income based methods

Income based methods estimate value by calculating the present value of a company’s estimated future stream of earnings or cash flows. Income based methods include:

- discounted cash flow;
- capitalisation of future maintainable earnings (“**CFME**”).

The DCF technique has a strong theoretical basis, valuing a business on the net present value of its future cash flows. It requires an analysis of future cash flows, the capital structure and costs of capital and an assessment of the residual value or the terminal value of the company’s cash flows at the end of the forecast period. This method of valuation is appropriate when valuing companies where future cash flow projections can be made with a reasonable degree of confidence.

CFME is generally considered a short form DCF, where an estimation of the Future Maintainable Earnings (“**FME**”) of the business, rather than a stream of cash flows is capitalised based on an appropriate capitalisation multiple. Multiples are derived from the analysis of transactions involving comparable target companies and the trading multiples of comparable listed companies. This methodology is commonly applied where earnings are stable and a FME stream can be established with a degree of confidence. Capitalisation multiples can be applied to either estimates of future maintainable operating cash flows, EBITDA, EBIT or net profit after tax (“**NPAT**”). The earnings from any surplus and non-operating assets and liabilities are excluded from the estimate of FME and the value of such assets and liabilities is separately added/subtracted to the value of the business in order to derive the total value of the company. The appropriate multiple to be applied is usually derived from an analysis of stock market trading multiples of comparable companies (which do not include a control premium) and the implied multiples paid in comparable transactions (which include a control premium).

Asset based methods

Asset based methodologies estimate the fair value of a company’s securities based on the realisable value of its identifiable net assets. Asset based methods include:

- orderly realisation of assets method;
- liquidation of assets method; and
- net assets on a going concern basis.

The value achievable in an orderly realisation of assets is estimated by determining the net realisable value of the assets of a company which would be distributed to security holders after payment of all liabilities, including realisation costs and taxation

charges that arise, assuming the company is wound up in an orderly manner. This technique is particularly appropriate for businesses with relatively high asset values compared to earnings and cash flows.

The liquidation of assets method is similar to the orderly realisation of assets method except the liquidation method assumes that the assets are sold in a shorter time frame. The liquidation of assets method will result in a value that is lower than the orderly realisation of assets method and is appropriate for companies in financial distress or where a company is not valued on a going concern basis.

The net assets on a going concern method estimates the market values of the net assets of a company but unlike the orderly realisation of assets method it does not take into account realisation costs. Asset based methods are appropriate when companies are not profitable, a significant proportion of the company's assets are liquid, or for asset holding companies.

5.2 Selection of valuation methodologies

Valuation of an SDI Share

We consider the most appropriate valuation methodology for valuing SDI to be the CFME methodology due to:

- SDI has generated profitable trading results over the Historical Period and an earnings based valuation is likely to exceed the value derived under an asset based methodology;
- RG 111 states that an expert should not include prospective financial information (including forecasts and projections) or any other statements or assumptions about future matters (together, "**forward-looking information**") in its report unless there are reasonable grounds for the forward-looking information. In our opinion, forward-looking information is inherently uncertain, and is only applied both where the use of current FME and multiples do not accurately reflect the value of a business and there are reasonable grounds to rely on the forward-looking information. In this instance, SDI's recent historical financial performance and the observed trading multiples are considered adequate in estimating the Fair Value of the Company, and accordingly budgets or long-term forecasts prepared by SDI's Management have not been relied on;
- there are a number of suitably comparable listed companies in the market that provide observable comparable trading multiples; and
- there a number of transactions involving target entities comparable to SDI that provide observable multiples on a control basis.

We have also considered the implied value of an SDI Share based on recent trading prices for portfolio shareholding parcels of SDI Shares on the ASX. In accordance with RG 111, we have assessed the value of SDI's shares on a 100% controlling interest.

Prices at which a company's shares have been traded on the ASX can, in the absence of low liquidity or unusual circumstances, provide an objective measure of the value of the company, excluding a premium for control.

As a secondary valuation methodology, we have considered the quoted market price by considering the historical weighted average price of SDI Shares and the volatility of the share price prior to and post the announcement of the Scheme.

6. Valuation of an SDI Share prior to the Scheme

As stated in Section 5 of this Report, we have assessed the value of SDI prior to the Scheme on the basis of the Fair Value of its future maintainable earnings and have also utilised the recent quoted price of its listed securities.

6.1 Capitalisation of future maintainable earnings methodology

The table below sets out assessment of the Fair Value of SDI on a 100% controlling interest basis, prior to the Scheme, using the CFME methodology.

Table 13 Valuation summary – Capitalisation of future maintainable earnings

\$'000	Low	High	Preferred
Future maintainable earnings - EBITDA	20,500	21,000	20,750
Assessed EBITDA multiple (control)	6.8x	7.6x	7.2x

Equity Value per ordinary share (control) (\$)	1.21	1.38	1.29

Source: RSM analysis

As set out above, we consider the equity value per SDI Share to be \$1.21 to \$1.38 with a preferred mid-point of \$1.29 as assessed under the CFME methodology.

Key assumptions

The CFME methodology estimates the value of the equity of a company by capitalising the future maintainable earnings of the business at an appropriate multiple, which reflects the underlying risk profile and growth prospects of the business, applying a premium for control where necessary, adding any surplus or non-operating assets (or deducting any excess or non-operating liabilities) and deducting net debt (or adding net cash). Accordingly, valuing SDI using the CFME methodology requires the determination of the following variables:

- future maintainable earnings;
- an appropriate capitalisation multiples;
- an appropriate premium for control;
- the current level of net cash or net debt;
- the value of surplus assets and excess liabilities; and
- the number of shares and dilutionary impact of outstanding options.

Our considerations with regard to each of these factors are presented below.

Assessment of future maintainable earnings

In assessing the future maintainable earnings of SDI we have considered and reviewed the following:

- SDI's audited and reviewed financial performance for the Historical Period;
- SDI's unaudited management accounts for the 2 months ended 28 February 2026;
- trends and changes in SDI's financial performance over the Historical Period;
- any abnormal or non-recurring revenue or expense items discussed below;
- the market conditions and outlook for the SDI business, including trends in key markets and product groups, the phase out of amalgam and the related replacement products; and
- correspondence with SDI's Management.

Our normalisation adjustments are presented in the table below.

Table 14 Normalised EBITDA

Normalised EBITDA (\$'000)	Ref	FY23	FY24	FY25	HY26
Reported revenue		107,855	111,206	110,384	52,928
Reported EBITDA		15,768	21,936	21,331	8,542
Reported EBITDA %		14.62%	19.73%	19.32%	16.14%
Adjustments					
Net foreign currency (gain) / loss	1	(828)	691	(810)	448
Net gain on disposal of propert, plant and equipment	2	(496)	(216)	148	(36)
Normalised EBITDA (\$'000)		14,444	22,411	20,669	8,954
Normalised EBITDA %		13.39%	20.15%	18.72%	16.92%

Source: RSM calculations

With respect to normalisation adjustments, we have adjusted EBITDA to remove the impact of foreign currency gain or losses and gains or losses on the sale of property, plant and equipment which we do not consider to be reflective of the underlying trading performance.

On the basis of the above, we have assessed an applicable FME range to be between \$20.5m and \$21.0m.

Assessment of capitalisation multiple

The assessment of an appropriate earnings multiple to be applied in the assessment of the Fair Value of SDI requires consideration of a number of factors including:

- stability and continuity of earnings;
- size and lifecycle of the business;
- capital structure and leverage of the Company;
- expected growth prospects of the Company;
- expected growth prospect of the broader industry;
- trading multiples attributed by the market to other industry participants; and
- multiples paid by the market in recent acquisitions of industry participants.

The table below summarises the LTM and NTM EBITDA multiples of publicly listed comparable companies, including SDI. A description of each company is set out in Appendix E of the Report.

Note SDI data is as at 27 February 2026, prior to the announcement of the SID. SDI is not included in the low, high mean or median data.

We make the following observations in relation to the comparable companies and trading multiples considered above:

- The mean and median market capitalisation of the comparable companies were \$4.0b and \$2.3b, respectively;
- The mean and median LTM EV/EBITDA multiples were 7.9x and 8.1x, respectively;
- The mean and median NTM EV/EBITDA multiples were 7.7x and 6.9x, respectively;
- We note that the most comparable company in terms of market capitalisation is BenQ Medical Technology Corporation;
- We have included right of use assets and lease liabilities in our assessment of the equity value of SDI to ensure consistency with the trading multiples which have been observed on a post-AASB16 basis;
- Solventum Corporation, DENTSPLY SIRONA Inc, and Envista Holdings Corporation report under USGAAP and have material research and development costs expensed to the profit and loss statement, consistent with USGAAP requirements. We have added back R&D expenses to LTM EBITDA for consistency with SDI that capitalises R&D costs under IFRS requirements. R&D costs are not available for NTM EBITDA estimates. Consequently, we have adjusted the NTM EV/EBITDA multiples by the same percentage as the LTM adjustment.
- The share prices of the listed companies above represent the market value of a non-controlling interest. As such, any multiples derived from the remaining comparable companies' share prices do not include a premium for control (i.e. are representative of a non-controlling shareholding).

Based on our analysis, we have selected a comparable listed company EV/EBITDA multiple of 8.1x based on the LTM EV/EBITDA compatible multiples, which we have adjusted for control, size and other business specific risks of SDI as set out below.

Premium for control

Obtaining control of an entity usually provides the acquirer with a number of advantages including the following:

- access to potential synergies;
- control over decision making and strategic direction;
- access to underlying cash flows; and
- control over dividend policies.

In the case of publicly traded securities, given the advantages control of an entity provides an acquirer, they are usually expected to pay a premium to the quoted market price to achieve control, which is often referred to as a control premium. Earnings multiples for listed companies do not reflect the market value of a controlling interest in the company as they are derived from market prices which usually represent the buying and selling of non-controlling portfolio holdings (small parcels of shares).

RSM has conducted a study on 605 takeovers and schemes of arrangement involving companies listed on ASX over the 15.5 years ended 31 December 2020 ("**RSM Control Premium Study**"). In determining the control premium, RSM compared the offer price to the closing trading price of the target company 20, 5 and 2 trading days pre the date of the announcement of the offer. Where the consideration included shares in the acquiring company, RSM used the closing share price of the acquiring company on the day prior to the date of the offer.

The table below sets out a summary of average control premiums relevant to the Scheme, as per the RSM Control Premium Study, of which all are applied at the Equity level.

Table 16 RSM Control Premium Study

	Number of transactions	20 days pre	5 days pre	2 days pre
Average control premium - all industries	605	34.70%	29.20%	27.10%

Source: RSM Control Premium Study

As the Scheme represents a control transaction, in assessing the value of 100% of SDI and a share in SDI (on a controlling interest basis), we consider an appropriate control premium at the equity value level to be 30% to 35%. Having regard to the average gearing level observed in relation to the comparable listed companies have applied a premium for control ranging between 20% and 25% at the Enterprise Value level.

Discount for size and business specific risk

In calculating the appropriate capitalisation multiple for SDI, we have considered the following:

- SDI is listed on the ASX, has a diversified geographical footprint and a relatively diversified portfolio of products within the dental products and consumables industry;
- notwithstanding the above, amalgam has historically represented a key product for SDI and currently represents circa 10% of annual revenue, having declined from 17.6% in FY23. Whilst the Company has developed the Stela product in response to the global phase out of amalgam, and notwithstanding the initial positive early uptake of the product, there remains an element of uncertainty in relation to the Company's ability to generate comparable sales of Stela over the medium to long term;
- SDI is smaller than all of the comparable companies, except for BenQ Medical Technology Corporation. The mean Enterprise Value of comparable companies is \$5.7b; and
- the historic revenue growth trends of the Company in comparison to the peer group.

On the basis of the above, we have assessed an appropriate discount for size and other business specific risk factors applicable to SDI to be 25% to 30%. We discuss the research that we have referenced in determining an appropriate size and business specific risk factor below.

- a) The discount for size represents the discount an investor will demand for investing in a small business relative to market peers. A number of studies have been undertaken attempting to establish the existence of and measure the size discount or size premium (applied in the calculation of the cost of capital, in particular in the US. The most notable US study is the Valuation Handbook published by Kroll (formerly known as Duff & Phelps), which contains calculations of the size premium for each decile of market capitalisation of US companies.
- b) Several Australian studies have also been undertaken demonstrating the existence of the size premium, including the most recent study by Macquarie University as set out in their Business Valuation paper entitled The Size Premium: Australian Evidence, which found evidence supporting the existence of a size premium. The application of size premiums in Australia is however somewhat subjective and largely based on professional judgement.

We have applied a discount for business specific risks based on our professional judgement, having considered the factors mentioned above.

On the basis of the above, we have assessed a controlling multiple range for SDI of 6.80x to 7.60x with a midpoint of 7.20x as set out in the table below.

Table 17 Assessed EBITDA multiple

Capitalisation multiple (E/V/EBITDA)	Low	High	Preferred

Multiple cross checks

As a cross check of our assessed earnings multiple based on the observed multiples of publicly listed comparable companies, we have also considered the earnings multiples implied by transactions involving companies operating in the medical consumables and equipment industries.

Details of the target company business descriptions are set out in Appendix F of the Report.

The table below summarises the historical earnings multiples of the observed comparable transactions.

Median				1,796.6	10.0x	9.8x

Source: S&P Capital IQ

The observed transaction multiples related to targets engaged in the medical products and consumables manufacturing and wholesale industry. All of the acquisitions are of controlling stakes in the targets and therefore include a premium for control.

The six identified transactions had implied EV/EBITDA LTM range of 8.2x to 11.0x with mean and median multiples of 9.9x and 10.0x respectively. The implied EV/EBITDA NTM range was 7.9x to 12.3x with mean and median multiples of 9.9x and 9.8x respectively.

The EV/EBITDA LTM mean multiple of 9.9x is consistent with our selected comparable listed company multiple of 8.1x after the application of a 20% to 25% control premium (prior to the application of discounts for size and business specific risks). Accordingly, we consider that the transaction multiple analysis is broadly supportive of the selected multiple.

Valuation of SDI – Enterprise Value

We have assessed the Enterprise Value of SDI to be in the range of \$139.4m to \$159.6m, with a preferred value of \$149.4m, as detailed in the table below.

Table 19 SDI Enterprise Value

\$'000	Low	High	Preferred

Enterprise Value (control)	139,400	159,600	149,400

Source: RSM analysis

Net (debt) / cash

We have calculated the net debt position of SDI to be \$12.3m as at 31 December 2025, as set out in Section 3.

Treatment of surplus assets

As at the Valuation Date, SDI hold two commercial properties comprising the current head office, manufacturing facility and warehouse facility at Bayswater the Montrose property acquired at a cost of \$17.8m in August 2022 for development purposes. SDI is developing a new head office, manufacturing facility and warehouse at the Montrose site and relocate during FY28. We understand that the Company incurred approximately \$3.0m to upgrade the warehouse and currently occupies the warehouse and the remainder of the Montrose property is not currently used for the operations of the business. Accordingly, we have included a surplus asset of \$16.2m comprising:

- the purchase price of the property; plus
- development expenditure to date, comprising the warehouse upgrade and other development costs; less
- an estimate of the lease liability that would be recognised by SDI as at the Valuation Date if a similar warehouse facility was leased from a third-party; less
- an estimate of the fit-out costs that would be incurred to bring a leased warehouse facility up to the standard required for SDI use.

Share capital

As at the date of the Report, there were 118,865,530 SDI ordinary shares on issue.

Assessed value of an SDI Share prior to the Scheme under CFME

Our assessed Fair Value of an SDI Share prior to the Scheme under the CFME methodology is in the range of \$1.21 to \$1.38, with a preferred value of \$1.29, on a controlling interest basis, as set out in the table below.

Table 20 Valuation summary – capitalisation of future maintainable earnings

6.2 Quoted price of listed securities methodology

In order to provide a comparison and cross check to our valuation of an SDI Share derived using the CFME methodology, we have considered the recent quoted market price for SDI Shares on the ASX prior to the announcement of the Scheme as a secondary valuation methodology.

RG 111.69 indicates that for the quoted market share price methodology to represent a reliable indicator of Fair Value, there needs to be an active and liquid market for the securities.

The following characteristics may be considered to be representative of a liquid and active market:

- regular trading in the company's securities;
- approximately 1% of a company's securities traded on a weekly basis;
- the bid/ask spread of a company's shares must not be so great that a single majority trade can significantly affect the market capitalisation of the company; and
- there are no significant but unexplained movements in share price.

The Scheme was announced on 27 February 2026 after the close of trade. The following chart sets out daily closing share prices and volumes in SDI Shares traded in the year prior to the announcement of the Scheme.

Figure 7 SDI's share price and volumes traded prior to the announcement of the Scheme

Source: Capital IQ and RSM analysis

During the year to 27 February 2026, the SDI Share price has been relatively stable, ranging from a low of \$0.82 on 24 April 2025, and a high of \$1.015 on 24 October 2025.

To provide further analysis of the quoted market prices for SDI's Shares, we have considered the VWAP over a number of trading day periods ending 27 February 2026. An analysis of the volume in trading in SDI's Shares for the 5, 10, 30, 60, 90, 120 and 180 day trading periods is set out in the table below:

Table 21 VWAP of SDI Shares

Calendar days	Share price Low \$	Share price High \$	No. of days traded	Volume traded	Value traded \$	VWAP \$	Percentage of issued capital %
Calendar days pre 27 February 2026							
5 days	0.885	0.905	5	501,860	448,180	0.893	0.42%
10 days	0.850	0.905	10	729,860	644,776	0.883	0.61%
30 days	0.850	0.990	29	1,364,290	1,238,626	0.908	1.15%
60 days	0.850	0.990	51	1,751,170	1,604,383	0.916	1.47%
90 days	0.850	1.015	78	2,411,900	2,240,448	0.929	2.03%
120 days	0.850	1.015	108	4,704,240	4,307,662	0.916	3.96%
180 days	0.820	1.015	167	7,487,410	6,713,928	0.897	6.30%

Source: Capital IQ and RSM analysis

We note the following:

- the SDI Share price has ranged from a low of \$0.850 to a high of \$1.015, with a VWAP of \$0.929 in the 90-trading day period before the announcement of the Scheme;
- during the 180 days leading up to 27 February 2026, 6.30% of the issued capital of SDI was traded, and in the 60 days leading up to 27 February 2026, 1.47% of the issued outstanding share capital of SDI was traded;
- the bid/ask spread is often used to measure efficiency. For the 180-day period, the closing bid/ask spread of SDI averaged 2.49% of the midpoint price. On the basis that, over a comparable period, all stocks trading on the ASX had an effective average bid-ask spread of 0.17%⁶, we consider the bid/ask spread of SDI to be comparatively wide;
- notwithstanding the level of liquidity, SDI complies with full disclosure regime required by the ASX. As a result, the market is fully informed about the performance of SDI; and
- in the absence of other share offers, the trading share price represents the value in which minority Shareholders could realise if they wanted to exit their investment.

Our assessment of the value of an SDI Share based on the quoted market price pre-announcement of the Scheme, and therefore on the basis of a minority interest, is between \$0.89 and \$0.93, having specific regard to the 5 to 90 day VWAP prior to the announcement of the Scheme.

Control premium

The quoted market price of listed securities methodology applied represents the value of a portfolio interest (non-controlling shareholding). Accordingly, we adjusted SDI's non-controlling value per the QMP method with a control premium ranging between 30% and 35% at the equity level as discussed in Section 5 to determine a controlling interest value per share.

The table below sets out our assessment of the value of an SDI Share on a controlling interest basis, utilising the quoted price of listed securities methodology to be in the range of \$1.16 to \$1.26 with a preferred value of \$1.21.

Table 22 Valuation of an SDI Share using Quoted Market Prices

Assessed value of a SDI share - QMP	Low	High	Preferred
Quoted market price (non-controlling basis)	0.89	0.93	0.91
Control premium	30.00%	35.00%	32.50%
Assessed value per share (controlling basis)	1.16	1.26	1.21

6.3 Valuation summary of an SDI Share

A summary of our assessed values of an SDI Share on a controlling interest basis prior to the Scheme, derived under the two valuation methodologies, is set out in the table below.

Table 23 SDI Valuation Summary

Valuation summary	Low	High	Preferred
CFME - primary method	1.21	1.38	1.29
Quoted price of listed securities - secondary method	1.16	1.26	1.21

Source: RSM Calculations

We have determined the Fair Value of an SDI Share on a controlling interest basis to be in the range of \$1.21 to \$1.38, derived using the CFME methodology, which we have applied as our primary methodology. The recent quoted market prices of an SDI Share provide a cross check to our primary methodology. On the basis that the QMP valuation range overlaps with the valuation range of the primary valuation methodology and consider the valuation ranged derived under the QMP methodology to be supportive of the value derived under the primary methodology.

Therefore, in our opinion, we consider the Fair Value of an SDI Share to be between \$1.21 to \$1.38, with a preferred value of \$1.29 on a controlling interest basis.

7. Is the Scheme Fair to SDI Shareholders?

RG 111 defines a takeover offer as being fair if the value of the consideration offered under the takeover offer is equal to or greater than the value of the securities being the subject of the offer.

In assessing whether we consider the Scheme to be fair to Shareholders, we have valued a Share in SDI on a controlling basis prior to the implementation of the Scheme and compared it to the value of the Scheme Consideration to determine if a Shareholder would be better or worse off should the Scheme be approved.

Our assessed values are summarised in the table below.

Table 24 Assessed Fair Value of an SDI Share prior to the Scheme compared to the Scheme Consideration

	Low	High	Preferred
Fair Value of an SDI Share prior to the Scheme (controlling basis) (Primary methodology CFME)	1.21	1.38	1.29
Secondary valuation methodology QMP (controlling basis)	1.16	1.26	1.21
Scheme Consideration	1.40	1.40	1.40

Source: RSM Calculations

Source: RSM analysis

The above comparison is presented graphically below.

Figure 8 Assessed Fair Value of an SDI Share prior to the Scheme on a controlling basis compared to the Scheme Consideration

Source: RSM analysis

As the value of the Scheme Consideration payable per SDI Share of \$1.40 exceeds the assessed Fair Value range of an SDI Share (as assessed under the primary valuation methodology), in our opinion the Scheme is **Fair** to the Shareholders of SDI.

8. Is the Scheme Reasonable to SDI Shareholders?

RG111 establishes that an offer is reasonable if it is fair. If an offer is not fair it may still be reasonable after considering the specific circumstances applicable to the offer. In our assessment of the reasonableness of the Scheme, we have given consideration to:

- the future prospects of SDI if the Scheme does not proceed; and
- other commercial advantages and disadvantages to SDI Shareholders as a consequence of the Scheme proceeding.

8.1 Future prospects of SDI if the Scheme does not proceed

In the event the Scheme is not approved, InnoXvest will not provide the Scheme Consideration, and SDI will continue to operate as an ASX listed company. SDI Shareholders will retain their SDI Shares and will continue to have the benefits of their current SDI investment. Shareholders will continue to be exposed to the risks of holding their SDI Shares, as detailed in section 7 of the Scheme Booklet.

We note that, as of 8 April 2026, the closing share price of SDI was \$1.25, representing a significant increase from the closing price on the day prior to the announcement of the Scheme of \$ 0.885 and the historical 10-day, 60-day and 90-day VWAP of SDI's Shares in the period prior to announcement of the Scheme of \$0.883, \$0.916 and \$0.929, respectively. Therefore, should the Scheme not be approved by SDI Shareholders, we consider it likely that, in the absence of an alternative proposal, SDI's share price would decrease in the short to medium term.

If the Scheme does not proceed, a reimbursement fee of \$1.66m may become payable by SDI to Beijing Guoci. Failure by SDI Shareholders to approve the Scheme will not trigger an obligation to pay the reimbursement fee.

The Directors expect transaction costs of approximately \$1.425m to be payable by SDI. If the Scheme is not implemented, SDI Shareholders will not receive any value for the costs incurred.

8.2 Advantages and disadvantages

SDI's directors have unanimously recommended that Shareholders vote in favour of the Scheme in the absence of a superior proposal, subject to the Independent Expert continuing to conclude that the Scheme is in the best interests of Shareholders.

The key advantages and disadvantages of the Scheme are outlined below.

Advantages

The key advantages of the Scheme are:

Table 25 Advantages of the Scheme

Advantage	Details
The Scheme is fair	The Scheme Consideration is equal to the high end of our assessed Fair Value range of an SDI Share on a control basis.
Premium to recent share price	The Scheme Consideration represents a significant premium relative to the SDI Share price and historical VWAP ranges of SDI Shares prior to the announcement of the SID. The Scheme Consideration represents a 58% premium to the closing SDI Share Price on 27 February 2026, immediately prior to the announcement of the Scheme and a 56% premium to the 30 day VWAP of SDI Shares up to and including 27 February 2026.
The Share price may fall if the Scheme is unsuccessful	Immediately prior to the Offer being announced, SDI Shares were trading at \$0.885. Over the 30 days immediately prior to the Offer being announced, SDI Shares traded at a VWAP of \$0.908. As at 8 April 2026, the closing price of SDI Shares was \$1.25, representing a 41.2% premium to the pre Offer closing price and a 37.7% premium to the pre Offer 30 day VWAP. If the Scheme does not proceed and no alternative proposals are received, the Share price may fall towards the previously traded levels over the short to medium term.
Realisation of value in the form of cash	The Scheme provides Shareholders with the opportunity to realise the fair value of their SDI Shares in the form of cash, which provides certainty of realisable value. If the Scheme proceeds, Shareholders will no longer be exposed to the downside risk of an investment in SDI. We further note that there would be no brokerage costs in realising the Scheme Consideration.

Source: RSM Analysis

Disadvantages

The key disadvantages of the Scheme are:

Table 26 Disadvantages of the Scheme

Disadvantage	Details
Participation in future growth	If the Scheme is implemented Shareholders will not participate in any future value created by SDI over and above that reflected in the Scheme Consideration.
Potential tax considerations	Approval of the Scheme and the disposal of SDI Shares will trigger a capital gains tax event that may result in a tax liability for Shareholders. The tax implications will vary between Shareholders depending on their personal circumstances and, therefore, individual taxation advice should be obtained.
Change in investment profile	Approval of the Scheme may result in disadvantages to those who wish to maintain their current investment profile. SDI Shareholders who wish to maintain their investment profile may find it difficult to identify an investment with a similar profile to that of SDI and may incur transaction costs in undertaking a new investment.

8.3 Trading in SDI Shares following the announcement of the Scheme

Figure 9 SDI share price pre- and post-announcement

Source: S&P Capital IQ and RSM analysis

The Share price closed at \$0.885 on the day of the announcement of the Scheme and in the period since has traded in the range of \$0.850 to \$1.285.

The table below sets out the VWAP of SDI for the period ending 25 calendar days after the announcement of the Scheme.

Table 27 . VWAP of SDI shares post the announcement of the Scheme

	Share price		No. of days traded	Volume traded	Value traded	VWAP	Percentage of issued capital
	Low	High					
	\$	\$			\$	\$	%
Calendar days post 27 February 2026							
5 days	1.260	1.285	5	2,919,170	3,730,472	1.2779	2.46%
10 days	1.255	1.285	10	3,462,970	4,415,845	1.2752	2.91%
20 days	1.240	1.285	20	5,991,920	7,571,752	1.2637	5.04%
30 days	1.240	1.285	28	7,105,460	8,961,411	1.2612	5.98%
40 days	1.230	1.285	38	7,979,760	10,046,677	1.2590	6.71%

Source: Capital IQ and RSM analysis

The VWAP of SDI's shares for the 40-day period after the announcement was \$1.259 which is 38.7% higher than the 30-day VWAP of \$0.908 prior to the announcement of the Scheme.

Based on the above, we consider that the market has reacted favourably to the announcement of the Scheme, indicating market expectations that the Scheme will be successfully implemented, or an alternative superior proposal will emerge.

8.4 Liquidity

Historically, the liquidity of SDI's shares has been relatively low, with 1.47% of issued capital traded in the 60-days pre-announcement. The Scheme provides Shareholders with an ability to convert their investment in SDI to cash.

8.5 Alternative proposals and likelihood of an alternative takeover Scheme

The directors of SDI have advised us that no credible alternative offers exceeding the current Offer had been received prior to the announcement of the Scheme on 27 February 2026 and no further alternative offers have emerged since the announcement of the Scheme. As set out in the Scheme Booklet, SDI and its advisors engaged with several interested parties prior to the receipt of a proposal from Beijing Guoci and the SDI board determined that no alternative offered a better outcome for SDI Shareholders.

The alternative to the Scheme is for Shareholders to vote against the Scheme in the hope that they can realise greater value from their investment in SDI either through maintaining SDI as a standalone business or through the emergence of a superior proposal to the Scheme. Whilst there is currently no evidence of an alternative offer, it is possible that an alternative offer may emerge prior to the Scheme Meeting. However, since the announcement of the Scheme, we understand that no superior offers have been put forward as at the date of this Report. Conclusion on Reasonableness

In the absence of any other relevant information and/or a superior proposal, RSM considers the Scheme to be **reasonable** to Shareholders and as such, that the Scheme is **in the best interests of Shareholders**.

An individual Shareholder's opinion in relation to the Scheme may be influenced by their individual circumstances. If in doubt, Shareholders should consult an independent advisor.

D. Industry Overview

Medical and Surgical Manufacturing

SDI operates in the medical and manufacturing industry in Australia. The following information has been extracted from IBISWorld industry report C2412 Medical & Surgical Equipment Manufacturing in Australia. IBISWorld states that firms engaged in the industry primarily manufacture medical, surgical, and dental equipment. Product inputs are sourced from upstream manufactures, with end products sold downstream wholesalers or directly to hospitals and medical practices.

Overview

The medical and surgical equipment manufacturing industry in Australia is booming as Australia’s population ages and its healthcare sector expands, boosting domestic demand for medical and surgical equipment. Following the Covid-19 pandemic in 2020-21, sales surged 31.6% due to the increased demand in medical and surgical equipment such as ventilators, infusion systems and renal care products used in intensive care units to treat the virus across private and public hospitals. Although demand for these goods was stronger, elective surgery restrictions placed downward pressure on sales like dental equipment and hearing aids. Overall, industry revenue grew at an anticipated 4.2% over the five years to 2024-25 to a total of \$7.3 billion.

Higher demand for medical and surgical equipment in Australia can also be attributed to high-tech medical equipment. Technological advances and ongoing investment in research and development have allowed manufacturers to offer the latest medical and surgical equipment to downstream markets, keeping them at the forefront of innovation and fuelling industry sales. Through 2024-25, industry profitability has performed well. Despite starting from a low base, strong public health spending has supported manufactures to sustain their margins.

Demand for medical and surgical equipment is set to be driven by Australia’s ageing population and strong investment in health care. Continued investment in R&D by manufacturers will drive innovation and grow new revenue streams. Advancements in specialised products among local manufacturers are set to drive demand from export markets. The Australian Government’s Medical Science Co-Investment Plan will spur on medical science manufacturing and advance robotics and smart devices to drive an upswing in medical device manufacturing.

Industry competition

Competition in the industry is moderate and steady. The industry’s key source of competition is imports from medical and surgical equipment manufacturers. However, given the high specialisation of medical and surgical equipment, external competition is limited as overseas imports are subject to stringent regulations.

Key external drivers

The key external drivers influencing industry demand are:

- **Trade-weighted index:** The trade-weighted index measures the value of the Australian dollar compared with the currencies of Australia’s major trading partners. As the Australian dollar depreciates, imported goods become more expensive in the domestic market and exported products become more affordable overseas. A strong Australian dollar makes locally manufactured products less price-competitive in export markets.
- **Demand from public general hospitals:** Public general hospitals provide medical, surgical and diagnostic services and continuous inpatient nursing care. These hospitals use various products and are a key market for medical and surgical equipment manufacturers. Growing demand for public general hospital services fuels medical and surgical equipment demand. Growth in demand from public general hospitals represents a potential opportunity for the industry.
- **Demand from private general hospitals:** Private general hospitals are a smaller market for medical and surgical equipment manufacturers than public hospitals. Yet, they still represent an important market for manufacturers. Private general hospitals are less restricted by public funding and typically continue to purchase medical and surgical equipment in times of lower demand from public hospitals.
- **Public health expenditure:** Public health expenditure represents the sum of direct and tax expenditures on health by federal, state and territory governments. Trends in government funding and subsidies for healthcare services influence demand for medical and surgical equipment. Cuts to funding levels means hospitals and other healthcare facilities have less to spend on medical and surgical equipment. Declines in public health expenditure pose a potential threat to the industry.
- **Population aged 50 and older:** Australia’s ageing population means that the pool of consumers aged 50 and over who may require medical treatment is growing. As the population ages, they place greater demand on services provided by hospitals and medical facilities in the community. A surge in demand for hospital services fuels medical and surgical equipment demand.

Barriers to entry

The industry is characterised by relatively high but steady barriers to entry. New entrants may encounter the following challenges.

- **Legal:** the Australian Register of Therapeutic Goods must list all medical devices imported, supplied or exported from Australia. Medical devices on the list must fulfil the essential principles checklist and manufacturers must apply conformity assessment procedures. Manufacturers are also required to apply for an Australian Business Number (ABN) and register a business name.
- **Start-up costs:** Start-up costs for medical and surgical equipment manufacturers vary depending on the type of product being produced and the scale of the operation. Expenses related to facility, machinery, raw materials, legal, finance, insurance, marketing, registration and utilities are incurred during the start-up process.
- **Differentiation:** Medical and surgical equipment manufacturers produce highly specialised products. Innovative patient-centric designs, unique features, strong clinical evidence and dependable customer service allow manufacturers to differentiate their products from competitors. Continued R&D investment also enables manufacturers to apply technological advances to better target their approach to specific medical specialities.
- **Capital expenses:** A competitive nature and high degree of specialisation mean manufacturers need ongoing investment in R&D. While producing medical and surgical equipment requires highly skilled and qualified staff, expenditure on purchasing, upgrading and maintaining equipment used in the production of medical and surgical products outweighs ongoing labour costs for manufacturers.

- (e) **Restraints:** as at 8.00am on the Second Court Date, there is not in effect any temporary, preliminary or final order, injunction, decision or decree issued by any court of competent jurisdiction or other Government Agency, or other material legal restraint or prohibition, that would prevent, make illegal or prohibit implementation of the Scheme between (and including) the date of this deed and 8.00am on the Second Court Date.
- (f) **No Target Prescribed Occurrence:** no Target Prescribed Occurrence occurs between (and including) the date of this deed and 8.00am on the Second Court Date.

- (i) **Target HSBC Financing:** before 5.00pm on the Business Day before the Second Court Date, the Target having received and provided to the Bidder:
- (1) an executed consent from HSBC Bank Australia Limited to any change of control of the Target in connection with the Scheme, in accordance with the terms of the Target HSBC Financing (and such consent is either unconditional or subject only to conditions which Target is able to satisfy); and
 - (2) an executed waiver from HSBC Bank Australia Limited confirming that the Target's entry into this deed or the Scheme or any action or steps taken in relation to entry into this deed or the Scheme do not breach of the Target's undertaking that there is no change in its ownership or control.
- (j) **Project Montrose Financing:** before 5.00pm on the Business Day before the Second Court Date, the Target has:
- (1) obtained all necessary financing required for its intended capital expenditures in respect of Project Montrose; and

- (2) to the extent Target intends to release any of its mortgages in respect of the properties at 2-9, 11 and 13 Brunsdon Street, Bayswater VIC 3153 in connection with obtaining financing for Project Montrose, obtained written confirmation from the relevant financiers of these mortgages that no prepayment, early termination, wind up or break costs are payable by Target as a result of release of these mortgages.

3.2 Satisfaction of Conditions Precedent

- (a) Target must, to the extent it is within its power to do so, use all reasonable endeavours to procure that each of the Conditions Precedent in clauses 3.1(a)(3), 3.1(b), 3.1(c), 3.1(d), 3.1(f), 3.1(g), 3.1(h), 3.1(i) and 3.1(j) are satisfied as soon as practicable after the date of this deed and continues to be satisfied at all times until the last time that the relevant clause provides that it is to be satisfied.
- (b) Bidder must, to the extent it is within its power to do so, use all reasonable endeavours to procure that the Conditions Precedent in clause 3.1(a) (other than clause 3.1(a)(3)) are satisfied as soon as practicable after the date of this deed and continue to be satisfied at all times until the last time that the relevant clause provides that it is to be satisfied.
- (c) Each of Target and Bidder must, to the extent it is within its respective power to do so, use all reasonable endeavours to procure that:
 - (1) the Condition Precedent in clause 3.1(e) is satisfied as soon as practicable after the date of this deed and continues to be satisfied at all times until the last time that the relevant clause provides that it is to be satisfied; and
 - (2) there is no occurrence within its control or the control of any of its Subsidiaries that would prevent any of the Conditions Precedent being or remaining satisfied.
- (d) Without limiting this clause 3.2 and except to the extent prohibited by a Government Agency:
 - (1) the Bidder must promptly apply for all relevant Regulatory Approvals (as applicable) other than the Regulatory Approvals referred to in clause 3.1(a)(3), and the Target must promptly apply for all relevant Regulatory Approvals in clause 3.1(a)(3), and each applying party must provide to the other party a copy of all those applications (except in relation to the PRC Approvals);
 - (2) each party must take all steps it is responsible for as part of the Regulatory Approval process, including responding to requests for information from the relevant Government Agencies at the earliest practicable time;
 - (3) each party must provide the other party with all material information reasonably requested in connection with the applications for, or progress of, the Regulatory Approvals;
 - (4) to the extent permitted by the Government Agencies, consult with the other party in advance in relation to the progress of obtaining the Regulatory Approvals and must:

- (A) provide the other party a reasonable opportunity to comment on the notification or application before submission of each document (except in relation to the PRC Approvals); and
- (B) consider in good faith any comments and proposed amendments provided by the other party (except in relation to the PRC Approvals); and
- (5) provide the other party with all assistance and information that it reasonably requests in connection with an application for a Regulatory Approval to be lodged by that other party,
provided that:
 - (6) the party applying for a Regulatory Approval may withhold or redact information or documents from the other party if and to the extent that they are either confidential to a third party or privileged or commercially sensitive and confidential to the applicant;
 - (7) neither party is required to disclose materially commercially sensitive information to the other party; and
 - (8) the party applying for a Regulatory Approval is not prevented from taking any step (including communicating with a Government Agency) in respect of a Regulatory Approval if the other party has not promptly responded under clause 3.2(d)(4).
- (e) The parties acknowledge that the tax conditions in the same form as set out in Part D ('Examples of tax conditions') in Guidance Note 12 issued by FIRB (Version 5 (27 May 2025)) are, if imposed by FIRB, deemed to be conditions in respect of the no objections notifications contemplated by the Condition Precedent in clause 3.1(a)(1) that are acceptable to Bidder.

3.3 Waiver of Conditions Precedent

- (a) The Conditions Precedent in clauses 3.1(a)(1), 3.1(b) and 3.1(d) cannot be waived.
- (b) The Conditions Precedent in clauses 3.1(f), 3.1(g), 3.1(h) and 3.1(j) are for the sole benefit of Bidder and may only be waived by Bidder (in its absolute discretion) in writing.
- (c) The Condition Precedent in clause 3.1(c) is for the sole benefit of Target and may only be waived by Target (in its absolute discretion) in writing.
- (d) The Conditions Precedent in clauses 3.1(a)(2), 3.1(a)(3), 3.1(e) and 3.1(i) are for the benefit of both parties and may only be waived by written agreement between Bidder and Target (in each case in their respective absolute discretion).
- (e) A party entitled to waive a Condition Precedent (either individually or with the other party) may do so in its absolute discretion.
- (f) If a party waives the breach or non-satisfaction of any of the Conditions Precedent in clause 3.1, that waiver does not prevent that party from suing the other party for any breach of this deed that resulted in the breach or non-satisfaction of the relevant Condition Precedent.
- (g) Waiver of a breach or non-satisfaction in respect of one Condition Precedent does not constitute:

- (1) a waiver of breach or non-satisfaction of any other Condition Precedent resulting from the same event; or
- (2) a waiver of breach or non-satisfaction of that Condition Precedent resulting from any other event.

3.4 Termination on failure of Condition Precedent

- (a) If there is an act, a failure to act, an event or an occurrence that would, does, or will prevent any of the Conditions Precedent being satisfied (including, for the avoidance of doubt, if Target Shareholders do not agree to the Scheme at the Scheme Meeting by the requisite majorities), or if any of the Conditions Precedent will not otherwise be satisfied, by the earlier of:

- (1) the time and date specified in this deed for the satisfaction of that Condition Precedent; and
- (2) the End Date,

or such Condition Precedent is otherwise not satisfied by the earlier of that specified time and date or the End Date (as applicable) or it becomes more likely than not that the Scheme will not become Effective on or before the End Date, then either party may give the other party written notice (**Consultation Notice**) within 5 Business Days after a relevant notice being given under clause 3.5(b) and the parties then must consult in good faith to:

- (3) consider and, if agreed, determine, whether the Transaction may proceed by way of alternative means or methods;
- (4) consider changing and, if agreed, change, the date of the application made to the Court for an order under paragraph 411(4)(b) of the Corporations Act approving the Scheme or adjourning that application (as applicable) to another date agreed to in writing by Bidder and Target (being a date no later than 5 Business Days before the End Date); or
- (5) consider extending and, if agreed, extend, the time and date specified in this deed for the satisfaction of that Condition Precedent or End Date (as applicable),

respectively.

- (b) Subject to clauses 3.4(c), 3.4(d) and 3.4(e), if the parties are unable to reach agreement under clause 3.4(a) within 5 Business Days after the date on which the Consultation Notice is given, then, unless:
- (1) the relevant Condition Precedent has been waived in accordance with clause 3.3; or
 - (2) the party, or in the case of clause 3.3(d), each party, entitled to waive the relevant Condition Precedent in accordance with clause 3.3 confirms in writing to the other party that it will not rely on the event or occurrence that would or does prevent the relevant Condition Precedent from being satisfied, or would mean the relevant Condition Precedent would or will not otherwise be satisfied,

either party may terminate this deed without any liability to the other party because of that termination. For the avoidance of doubt, nothing in this clause 3.4(b) affects the obligation of Target to pay the Reimbursement Fee, if it is required to do so under clause 11.

- (c) A party may not terminate this deed pursuant to clause 3.4(b) if:
- (1) the relevant occurrence or event, the failure of the Condition Precedent to be satisfied, or the failure of the Scheme to become Effective, arises out of a breach of clauses 3.2 or 3.5 by that party, although in such circumstances the other party may still terminate this deed; or
 - (2) the relevant Condition Precedent is stated in clause 3.3 to be for the sole benefit of the other party.
- (d) If the Condition Precedent in clause 3.1(b) (*Shareholder approval*) is not satisfied only because of a failure to obtain the majority required by sub-subparagraph 411(4)(a)(ii)(A) of the Corporations Act, then either party may by written notice to the other within 3 Business Days after the date of the conclusion of the Scheme Meeting require the approval of the Court to be sought, pursuant to the Court's discretion in that sub-subparagraph, provided the party has, in good faith formed the view that the prospect of the Court exercising its discretion in that way is reasonable. If approval is given, the Condition Precedent in clause 3.1(b) (*Shareholder approval*) is deemed to be satisfied for all purposes.
- (e) If the Court refuses to make an order approving the Scheme which satisfies the Condition Precedent in clause 3.1(d), at Bidder's request Target must appeal the Court's decision to the fullest extent possible (except to the extent that the parties agree otherwise, or an independent Senior Counsel indicates that, in their view, an appeal would have negligible prospects of success before the End Date). Target may bring an appeal even if not requested by Bidder.

3.5 Certain notices relating to Conditions Precedent

If a party becomes aware of:

- (a) the satisfaction of a Condition Precedent or of any material progress towards such satisfaction; or
- (b) the happening of an event or occurrence that would, does, will, or would reasonably be likely to:
 - (1) prevent a Condition Precedent being satisfied; or
 - (2) mean that any Condition Precedent will not otherwise be satisfied, before the time and date specified for its satisfaction (or being satisfied by the End Date, if no such time and date is specified) or such Condition Precedent is not otherwise satisfied by that time and date (including, for the avoidance of doubt, if Target Shareholders do not agree to the Scheme at the Scheme Meeting by the requisite majorities),

it must advise the other by notice in writing, as soon as possible (and in any event within 2 Business Days).

3.6 Further notice in certain circumstances

Target and Bidder (as the case may be) must promptly advise each other, in writing (providing reasonable detail), of any fact, matter, change, event or circumstance causing, or which, so far as can reasonably be foreseen, would cause:

- (a) a representation or warranty provided in this deed by the relevant party to be false in any material respect;

- (b) a breach or non-satisfaction of any of the Conditions Precedent; or
- (c) a material breach of this deed by the relevant party.

4 Transaction steps

4.1 Scheme

Target must propose the Scheme to Target Shareholders on and subject to the terms and conditions of this deed and the Scheme.

4.2 No amendment to the Scheme without consent

Target must not consent to any modification of, or amendment to, or the making or imposition by the Court of any condition in respect of, the Scheme without the prior written consent of Bidder acting reasonably.

4.3 Scheme Consideration

- (a) The parties acknowledge that each Scheme Shareholder will be entitled to receive the Scheme Consideration in respect of each Scheme Share held by that Scheme Shareholder in accordance with the terms and conditions of this deed and the Scheme.
- (b) Bidder undertakes and warrants to Target (in its own right and separately as trustee on behalf of the Scheme Shareholders) that, in consideration of the transfer to Bidder of each Target Share held by a Scheme Shareholder under the terms of the Scheme, on the Implementation Date Bidder will:
 - (1) accept that transfer; and
 - (2) provide to each Scheme Shareholder the Scheme Consideration for each Scheme Share in accordance with the terms and conditions of this deed and the Scheme.
- (c) The Scheme Consideration to be provided to each Scheme Shareholder will be reduced by the aggregate cash amount per Target Share of the Permitted Dividend, except that the Scheme Consideration will not be reduced by the value attributed to any franking credits attached to any such dividend.
- (d) Where the calculation of the Scheme Consideration to be provided to a particular Scheme Shareholder would result in the Scheme Shareholder becoming entitled to a fraction of a cent, the fractional entitlement will be rounded down to the nearest whole cent.

4.4 Provision of Target Share information

- (a) In order to facilitate the provision of the Scheme Consideration, Target must provide, or procure the provision of, to Bidder a complete copy of the Target Share Register as at the Scheme Record Date (which must be provided in such form as Bidder reasonably requires and must include the name, Registered Address and registered holding of each Scheme Shareholder as at the Scheme Record Date), within one Business Day after the Scheme Record Date.

- (b) The details and information to be provided under clause 4.4(a) must be provided in such form as Bidder, its nominee or the Bidder Registry may reasonably require.

4.5 Target equity incentives

Target must procure that no performance rights, options, warrants or any other securities or rights to receive shares, other than Target Shares, are in existence on the Scheme Record Date, except to the extent otherwise agreed between the parties.

4.6 Permitted Dividend

- (a) Subject to Target complying with the requirements of section 254T of the Corporations Act, the Target's constitution and applicable law, Target may declare and pay at any time prior to the Implementation Date, a cash dividend of up to \$0.015 per Target Share to Target Shareholders (**Permitted Dividend**), provided that:
- (1) the Permitted Dividend may only be franked to the extent the Target's 'franking account' (as defined in section 205-10 of the Tax Act) is in 'surplus' (as defined in section 205-40(1) of the Tax Act) as at the date the Permitted Dividend is announced or declared, and provided:
 - (A) Target will supply to Bidder details (satisfactory to Bidder acting reasonably), including its current franking account, of the basis on which the Permitted Dividend is to be franked prior to announcing or declaring the Permitted Dividend; and
 - (B) the Permitted Dividend will not cause Target to incur any franking deficit tax or the franking account to be in 'deficit' (as defined in section 205-40(2) of the Tax Act) on the Implementation Date;
 - (2) the Permitted Dividend must not be in breach of the 'Benchmark Rule' in section 203-25 of the Tax Act or the 'Benchmark Rule' defined in that section does not apply in respect of the Permitted Dividend under section 203-20 of the Tax Act;
 - (3) the share capital account of Target must not be debited or tainted;
 - (4) the record date for the Permitted Dividend must be at least 2 days before the Scheme Record Date; and
 - (5) the payment date for the Permitted Dividend will be determined by Target (in its absolute discretion) but must be at least 1 day before the Implementation Date.
- (b) Target undertakes that no amount of the Permitted Dividend shall be directly or indirectly funded before implementation of the Scheme from the issue of 'equity interests' (as defined in section 995-1 of the Tax Act) by any Target Group Member, where such equity interests are issued before the Implementation Date.

For the avoidance of doubt, the Scheme Consideration will be reduced by the cash amount of the Permitted Dividend, except that the Scheme Consideration will not be reduced by the value attributed to any franking credits attached to the Permitted Dividend.

5 Implementation

5.1 Timetable

- (a) Subject to clause 5.1(b), the parties must each use all reasonable endeavours to:
 - (1) comply with their respective obligations under this clause 5; and
 - (2) take all necessary steps and exercise all rights necessary to implement the Transaction,substantially in accordance with the Timetable.
- (b) Failure by a party to meet any timeframe or deadline set out in the Timetable will not constitute a breach of clause 5.1(a) to the extent that such failure is due to circumstances and matters outside the party's control or due to Target taking or omitting to take any action in response to a Competing Proposal as permitted or contemplated by this deed.
- (c) Each party must keep the other informed about their progress against the Timetable and notify each other if it believes that any of the dates in the Timetable are not achievable.
- (d) To the extent that any of the dates or timeframes set out in the Timetable become not achievable due to matters outside of a party's control, the parties will consult in good faith to agree to any necessary extension to ensure such matters are completed within the shortest possible timeframe.

5.2 Target's obligations

Target must take all necessary steps within its control to implement the Scheme as soon as is reasonably practicable and, without limiting the foregoing, (i) use all reasonable endeavours to ensure that each step in the Timetable is met by the relevant date set out beside that step (and must consult with Bidder on a regular basis about its progress in that regard), (ii) do any acts it is authorised and able to do on behalf of Target Shareholders in accordance with the Scheme, and (iii) do each of the following:

- (b) Target represents and warrants that each Target Board Member has confirmed that, as at the date of this deed, that director is not aware of any claim he or she has for loss of office, remuneration or otherwise against any Target Group Members (provided that nothing in this clause 5.7 requires any such director to forego, or will be taken to waive or prejudice, any rights he or she may have under any constituent document, deed of access, indemnity and insurance or policy of directors' and officers' insurance).

5.8 Target Board recommendation

- (a) Target represents and warrants to Bidder that, as at the date of this deed, each Target Board Member has provided confirmation to Target that:

- (b) Target must use its best endeavours to procure that, subject to clause 5.8(c), the Target Board Members:

- (1) the Independent Expert provides a report to Target that concludes that the Scheme is not in the best interest of Target Shareholders; or
 - (2) a Superior Proposal has been received by Target, and, in each case:
 - (A) Target has complied with its obligations under clause 10; and

 - (2) in respect of any public announcement issued before the issue of the Scheme Booklet, 'subject to the Independent Expert concluding (and continuing to conclude) in the Independent Expert's Report that the Scheme is in the best interest of Target Shareholders',

- (e) Without limiting the operation of clause 10 or the preceding provisions of this clause 5, and subject to the Listing Rules and all applicable laws and regulations, if circumstances arise, including the receipt or expected receipt of an unfavourable report from the Independent Expert, which may lead to any one or more Target Board Members adversely changing, withdrawing, adversely modifying or adversely changing their recommendation to vote in favour of the Scheme, Target must
- (1) promptly notify Bidder of this fact; and

- (2) consult with Bidder in good faith for three Business Days after the date on which the notice under clause 5.8(e)(1) is given to consider and determine whether there are any steps that can be taken to avoid such a change, withdrawal or variation (as applicable).

- (g) For the avoidance of doubt, Target will not be liable to Bidder under this deed (other than in accordance with its terms, including, without limitation, in respect of the Reimbursement Fee contemplated in clause 11), solely as a result of a Target Director publicly (or otherwise) changing, withdrawing, adversely modifying or adversely qualifying his or her Recommendation as permitted by clause 5.8(c).

 - (1) consult with each other in good faith as to whether to appeal the Court's decision; and
 - (2) appeal the Court decision unless Target and Bidder agree otherwise or an independent senior counsel opines that, in his or her view, an appeal would have no reasonable prospect of success.

- (a) The Scheme Booklet will contain a responsibility statement to the effect that:
 - (1) Bidder has prepared and is responsible for the Bidder Information contained in the Scheme Booklet and, to the maximum extent possible at law, Target is not responsible for any Bidder Information or the Independent Expert's Report and will disclaim any liability for any Bidder Information or the Independent Expert's Report appearing in the Scheme Booklet;

- (b) Bidder acknowledges that notwithstanding any other provision of this deed, Target will, prior to the Implementation Date, enter into arrangement to secure directors and officers run-off insurance for up to such seven year period (**D&O Run-off Policy**), and that any actions to facilitate that insurance or in connection with such insurance will not be a Target Material Adverse Change, a Target Prescribed Occurrence or a Target Regulated Event or a breach of any provision of this deed or give rise to any right to terminate this deed, and will be disregarded when assessing the operation of any other part of this deed, provided that:
- (1) Target uses reasonable endeavours to obtain attractive commercial terms for the D&O Run-off Policy from a reputable insurer, including by obtaining at least two quotes from reputable insurers, and will not incur costs exceeding \$500,000 in total;

10 Exclusivity

10.1 No existing discussions

Target represents and warrants that, as at the time of execution of this deed, it and its Related Persons are not in any negotiations or discussions, and have ceased any existing negotiations or discussions, in respect of any Competing Proposal or which could reasonably be expected to encourage or lead to any actual, proposed or potential Competing Proposal with any person, and (if applicable) have required the return or

destruction of any confidential information relating to the Target Group which may have been supplied to any Third Party in connection with any of the foregoing.

10.2 No shop

During the Exclusivity Period, Target must not, and must ensure that each of its Related Persons do not, except with the prior written consent of Bidder, directly or indirectly solicit, invite, encourage, initiate or facilitate any Competing Proposal or any approaches, proposals, enquiries, offers, negotiations or discussions with any Third Party in relation to, or that may reasonably be expected to encourage or lead to, any actual, proposed or potential Competing Proposal, or communicate any intention to do any of those things.

10.3 No talk

Subject to clause 10.5, during the Exclusivity Period, Target must not, and must ensure that each of its Related Persons do not, except with the prior written consent of Bidder, enter into, continue or participate in negotiations or discussions with, or enter into any agreement, arrangement or understanding with, any Third Party in relation to, or that may reasonably be expected to encourage or lead to, any actual, proposed or potential Competing Proposal, even if:

- (a) the Competing Proposal was not directly or indirectly solicited, invited, encouraged or initiated by Target or any of its Related Persons; or
- (b) the Competing Proposal has been publicly announced.

with a view to, or in circumstances that might lead to, such Third Party formulating, developing or finalising, or being assisted in the formulation, development or finalisation of, a Competing Proposal.

10.5 Limitation to no talk and no due diligence

Clause 10.3 and clause 10.4 shall not apply to the extent that the relevant clause restricts Target or its Related Persons from taking or refusing to take any action with respect to a Competing Proposal (which was not solicited, encouraged, initiated or invited by Target or its Related Persons in breach of clause 10.2), provided that the Target Board has determined, acting in good faith:

- (a) after consulting with its advisers, that the Competing Proposal is, or could reasonably be considered likely to become, a Superior Proposal; and
- (b) after receiving written legal advice from its external legal advisers, that compliance with clauses 10.3 and/or 10.4 (as applicable) in the particular circumstances would constitute, or would be reasonably likely to constitute, a breach of the Target Board's member's fiduciary or statutory duties or obligations,

and for the avoidance of doubt, the evaluation of a Competing Proposal for the purposes of this clause 10.5 is not a breach of this clause 10.

10.6 Notification of approaches

- (a) During the Exclusivity Period, Target must as soon as possible (and in any event within 24 hours) notify Bidder in writing if it, any of its Related Bodies Corporate or any of their respective Related Persons, becomes aware of any

- (b) A notification given under clause 10.6(a) must include the identity of the relevant person making or proposing the relevant actual, proposed or potential Competing Proposal, together with all material terms and conditions of the actual, proposed or potential Competing Proposal (including price and form of consideration, conditions precedent, proposed deal protection arrangements and timetable), in each case to the extent known by Target or any of its Related Persons.
- (c) Bidder agrees that:
 - (1) any information received in a notice given to it under clause 10.6(b) shall be confidential information and subject to the Confidentiality Agreement; and
 - (2) it shall not, directly or indirectly, contact the third party that made the approach, proposal or request for any purpose relating to the Transaction, the Competing Proposal or any similar transaction, without the prior written consent of Target.
- (d) During the Exclusivity Period, Target must also notify Bidder in writing as soon as possible after it, any of its Related Bodies Corporate or any of their respective Related Persons, becomes aware of any material developments in relation to the actual, proposed or potential Competing Proposal, including in respect of any of the information previously provided to Bidder pursuant to this clause 10.6.

10.7 Matching right

- (a) If Target is permitted by virtue of clause 10.5 to engage in any activity that would otherwise be a breach of any of clauses 10.3 or 10.4, Target must enter into a confidentiality deed with the person who has made the applicable Competing Proposal that contains standstill obligations that are on terms no less onerous taken as a whole than the standstill obligations of Bidder under the Confidentiality Deed.
- (b) During the Exclusivity Period, Target:
- (1) must not, and must procure that each of its Related Bodies Corporate do not, enter into any legally binding agreement, arrangement or understanding (whether or not in writing) pursuant to which a one or more of a Third Party, Target or any Related Body Corporate of Target proposes or propose to undertake or give effect to an actual, proposed or potential Competing Proposal, other than the confidentiality deed pursuant to clause 10.7(a); and
 - (2) must use best endeavours to procure that none of its directors change their recommendation in favour of the Scheme in response to a Competing Proposal, publicly recommend an actual, proposed or potential Competing Proposal (or recommend against the Transaction) or make any public statement to the effect that they may do so at a future point (provided that a statement that no action should be taken by Target Shareholders pending the assessment of a Competing Proposal by the Target Board or the completion of the matching right process set out in this clause 10.7 shall not contravene this clause 10.7 and also subject to any change of recommendation by the Target Board that is permitted by clause 5.8(c)),
- unless:
- (3) the Target Board has made the determination contemplated by clause 10.5 that the Competing Proposal would be or would reasonably likely to be a Superior Proposal;
 - (4) the actual, proposed or potential Competing Proposal has not arisen as a result of Target's breach of clause 10.2, clause 10.3 or clause 10.4;
 - (5) Target has provided Bidder with a notice:
 - (A) stating that it is given for the purposes of this clause 10.7;
 - (B) setting out the information required by clause 10.6(b); and
 - (C) providing the reasons why the Target Board considered the Competing Proposal is, or could reasonably be considered likely to become, a Superior Proposal;
 - (6) Target has given Bidder at least five Business Days after the date of the provision of the information referred to in clause 10.7(b)(4) to provide a matching or superior proposal to the terms of the actual, proposed or potential Competing Proposal; and
 - (7) by the expiry of the five Business Day period in clause 10.7(b)(6), Bidder has not announced or otherwise formally proposed to Target a counterproposal that the Target Board determines, acting in good faith and after consultation with its external legal and financial advisers,

would produce a matching or superior outcome for Target Shareholders as compared to the outcome that would be produced by the Competing Proposal, taking into account all of the terms and conditions of the counterproposal.

- (c) If by the expiry of the five Business Day period in clause 10.7(b)(6), Bidder proposes to Target, or announces amendments to the Scheme or a new proposal (**Bidder Counterproposal**), Target must procure that the Target Board considers the Bidder Counterproposal to determine, acting in good faith and after consultation with its external legal and financial advisers, whether the Bidder Counterproposal would produce a matching or superior outcome for Target Shareholders as compared to the outcome that would be produced by the Competing Proposal, taking into account all of the terms and conditions of the counterproposal.
- (d) If the Target Board, acting reasonably and in good faith, determines that a Bidder Counterproposal provided pursuant to clause 10.7(c) would provide an equivalent or superior outcome for Target Shareholders as a whole compared with the Competing Proposal, taking into account all of the terms and conditions of the Bidder Counterproposal, then:
- (1) Target must notify Bidder of that determination in writing; and
 - (2) Target and Bidder must use their best endeavours to agree the amendments to this deed, the Scheme and the Deed Poll (as applicable) that are reasonably necessary to reflect the Bidder Counterproposal and to implement the Bidder Counterproposal, in each case as soon as reasonably practicable, and Target must procure that each of the directors of Target continues to recommend the Transaction (as modified by the Bidder Counterproposal) to Target Shareholders.
- (e) If the Target Board, acting reasonably and in good faith, determines that a Bidder Counterproposal provided pursuant to clause 10.7(c) would not provide an equivalent or superior outcome for Target Shareholders as a whole compared with the Competing Proposal, taking into account all of the terms and conditions of the Bidder Counterproposal, then Target must notify Bidder of that determination in writing, stating reasons for that determination.
- (f) For the purposes of this clause 10.7, each successive material modification of any Competing Proposal or potential Competing Proposal will constitute a new Competing Proposal or potential Competing Proposal, and the procedures set out in this clause 10.7 must again be followed prior to any member of the Target Group entering into any agreement, arrangement, understanding or commitment in respect of such Competing Proposal or potential Competing Proposal.
- (g) Despite any other provision in this deed, a statement by Target or the Target Board to the effect that:
- (1) the Target Board has determined that a Competing Proposal is a Superior Proposal and has commenced the matching right process set out in this clause 10.7; or
 - (2) Target Shareholders should take no action pending the completion of the matching right process set out in this clause 10.7,
- does not of itself:

- (3) constitute an adverse change, withdrawal, adverse modification or adverse qualification of the recommendation by a Target Board Member or an endorsement of a Competing Proposal;
- (4) contravene this deed;
- (5) give rise to an obligation to pay the Reimbursement Fee under clause 11.2; or
- (6) give rise to a termination right under clause 13.1.

10.8 Normal provision of information

- (a) Nothing in this clause 10 prevents Target or its Related Persons from:
 - (1) responding to a Third Party in respect of an enquiry, expression of interest, offer or proposal by that Third Party to make, or which may reasonably be expected to encourage or lead to the making of a Competing Proposal to merely:
 - (A) acknowledge receipt;
 - (B) advise that Third Party that Target is bound by the provisions in this clause 10 and is only able to engage in negotiations, discussions or other communications if the fiduciary out in clause 10.5 applies;
 - (2) providing information required to be provided by any law, any court of competent jurisdiction, any Government Agency or the Listing Rules, including in order to comply with continuous disclosure obligations; or
 - (3) making presentations to, and responding to enquiries from, Target Shareholders, brokers, portfolio investors and equity market analysts in relation to the Transaction or the business of the Target Group, in the ordinary course.

10.9 Compliance with law

- (a) If it is finally determined by a Court, or the Takeovers Panel, that the agreement by the parties under this clause 10 or any part of it:
 - (1) constituted, or constitutes, or would constitute, a breach of the fiduciary or statutory duties of the Target Board or of the Bidder Board;
 - (2) constituted, or constitutes, or would constitute, 'unacceptable circumstances' within the meaning of the Corporations Act; or
 - (3) was, or is, or would be, unlawful for any other reason,then, to that extent (and only to that extent) the parties will not be obliged to comply with that provision of clause 10.
- (b) The parties must not make or cause or permit to be made, any application to a Court or the Takeovers Panel for or in relation to a determination referred to in this clause 10.9.

11.2 Reimbursement Fee triggers

Subject to this clause 11, Target must pay the Reimbursement Fee to Bidder if:

- (a) during the Exclusivity Period, one or more Target Board Members:

- (d) Each party acknowledges and agrees that damages may not be sufficient remedy for breach of this deed and that the limitation in this clause 11.7(d) does not prevent either party from seeking orders from a court of competent

jurisdiction for injunctive relief or specific performance by the other party of any obligations under this document.

11.8 No Reimbursement Fee if Scheme Effective

Despite anything to the contrary in this deed, the Reimbursement Fee will not be payable to Bidder if the Scheme becomes Effective, notwithstanding the occurrence of any event in clause 11.2 and, if the Reimbursement Fee has already been paid it must be refunded by Bidder.

12.8 No Reverse Reimbursement Fee if Scheme Effective

Despite anything to the contrary in this deed, the Reverse Reimbursement Fee will not be payable to Target if the Scheme becomes Effective, notwithstanding the occurrence of any event in clause 12.2 and, if the Reverse Reimbursement Fee has already been paid it must be refunded by Target.

- (b) Subject to clause 5.1(d), on the Implementation Date, subject to funds having been deposited in accordance with clause 5.1(a), Target must pay or procure the payment of the Scheme Consideration to each Scheme Shareholder from the trust account referred to in clause 5.1(a).
- (c) The obligations of Target under clause 5.1(b) will be satisfied by Target (in its absolute discretion, and despite any election referred to in clause 5.1(c)(1) or authority referred to in clause 5.1(c)(2) made or given by the Scheme Shareholder):
- (1) if a Scheme Shareholder has, before the Scheme Record Date, made a valid election in accordance with the requirements of the Target Registry to receive dividend payments from Target by electronic funds transfer to a bank account nominated by the Scheme Shareholder, paying, or procuring the payment of, the relevant amount in Australian currency by electronic means in accordance with that election;
 - (2) paying, or procuring the payment of, the relevant amount in Australian currency by electronic means to a bank account nominated by the Scheme Shareholder by an appropriate authority from the Scheme Shareholder to Target; or
 - (3) dispatching, or procuring the dispatch of, a cheque for the relevant amount in Australian currency to the Scheme Shareholder by prepaid post to their Registered Address, such cheque being drawn in the name of the Scheme Shareholder (or in the case of joint holders, in accordance with the procedures set out in clause 5.2).
- (d) The Scheme Consideration payable to each Scheme Shareholder with a Registered Address in New Zealand will be paid to a bank account nominated by that Scheme Shareholder in the manner contemplated by clause 5.1(c)(1) or clause 5.1(c)(2) or other appropriate authority provided by the relevant Scheme Shareholder to Target. If a Scheme Shareholder with a Registered Address in New Zealand has not nominated a bank account for receipt of payments, Target may hold payment of the Scheme Consideration owed to that Scheme Shareholder until a valid bank account has been nominated by an appropriate authority from the Scheme Shareholder to Target.
- (e) To the extent that, following satisfaction of Target's obligations under clauses 5.1(b) and 5.1(d), there is a surplus in the amount held by Target as trustee for the Scheme Shareholders in the trust account referred to in that clause, that surplus must be paid by Target to Bidder.

5.2 Joint holders

In the case of Scheme Shares held in joint names:

- (a) subject to clause 5.1(c), the Scheme Consideration is payable to the joint holders and any cheque required to be sent under this Scheme will be made payable to the joint holders and sent to either, at the sole discretion of Target, the holder whose name appears first in the Share Register as at the Scheme Record Date or to the joint holders; and
- (b) any other document required to be sent under this Scheme, will be forwarded to either, at the sole discretion of Target, the holder whose name appears first in the Share Register as at the Scheme Record Date or to the joint holders.

5.3 Fractional entitlements and splitting

Where the calculation of the Scheme Consideration to be issued to a particular Scheme Shareholder would result in the Scheme Shareholder becoming entitled to a fraction of a cent, the fractional entitlement will be rounded down to the nearest whole cent.

5.4 Unclaimed monies

- (a) Target may cancel a cheque issued under this clause 5 if the cheque:
 - (1) is returned to Target; or
 - (2) has not been presented for payment within six months after the date on which the cheque was sent.
- (b) During the period of 12 months commencing on the Implementation Date, on request in writing from a Scheme Shareholder to Target (or the Target Registry) (which request may not be made until the date which is 20 Business Days after the Implementation Date), Target must reissue a cheque that was previously cancelled under this clause 5.4.
- (c) The *Unclaimed Money Act 1995* (NSW) will apply in relation to any Scheme Consideration which becomes 'unclaimed money' (as defined in section 7, 8 and 10 of the *Unclaimed Money Act 1995* (NSW)), but any interest or other benefit from unclaimed Scheme Consideration will be to the benefit of Bidder.

5.5 Permitted Dividend

If a Permitted Dividend has been paid in accordance with clause [4.6] of the Implementation Deed, the Scheme Consideration to be provided to each Scheme Shareholder will be reduced by the aggregate cash amount per Target Share of the Permitted Dividend, except that the Scheme Consideration will not be reduced by the value attributed to any franking credits attached to any such dividend.

5.6 Withholding

- (a) If Bidder or Bidder Sub is required by law to make any withholding, deduction or payment for or on account of Tax (including under Subdivision 14-D of Schedule 1 to the TAA) or by any Government Agency in respect of the acquisition of Scheme Shares from a Scheme Shareholder (any such withholding, deduction or payment being a **Withholding Amount**), Bidder or Bidder Sub:
 - (1) is permitted to deduct or withhold the amount of such deduction, withholding or payment (as applicable) from the Scheme Consideration required to be provided to the Scheme Shareholder

(and, to avoid doubt, from the amount it must pay under clause 5.1(a) to fund payment of the Scheme Consideration); and

- (2) must remit or procure the remission of the full amount of the withholding or deduction, or make or procure the making of the payment, to the appropriate Government Agency under applicable law.
- (b) The aggregate sum payable to the Scheme Shareholder shall not be increased to reflect the Withholding Amounts and the net aggregate sum payable to the Scheme Shareholder shall be taken to be in full and final satisfaction of the amounts owing to the Scheme Shareholders.
- (c) To avoid doubt, neither Bidder nor Bidder Sub shall not be liable for any Tax or Duty of a Scheme Shareholder.

5.7 Orders of a court or Government Agency

If written notice is given to Target (or the Target Registry) or Bidder of an order or direction made by a court of competent jurisdiction or by another Government Agency that:

- (a) Requires payment to be provided to a third party in respect of Scheme Shares held by a particular Scheme Shareholder, which would otherwise be payable to that Scheme Shareholder by Target in accordance with this clause 5, then Target or Bidder shall be entitled to procure that provision of that payment is made in accordance with that order or direction; or
- (b) prevents Target or Bidder from paying Scheme Consideration to any particular Scheme Shareholder in accordance with this clause 5, or the payment is otherwise prohibited by applicable law, Target or Bidder shall be entitled to retain an amount, in Australian dollars, equal to the number of Scheme Shares held by that Scheme Shareholder multiplied by the Scheme Consideration until such time as provision of the Scheme Consideration in accordance with this clause 5 is permitted by that (or another) order or direction or otherwise by law.

To the extent that amounts are deducted or withheld under or in accordance with this clause 5.7, such deducted or withheld amounts will be treated for all purposes under this Scheme as having been paid to the person in respect of whom such deduction or withholding was made.

6 Dealings in Target Shares

6.1 Determination of Scheme Shareholders

To establish the identity of the Scheme Shareholders, dealings in Target Shares or other alterations to the Share Register will only be recognised if:

- (b) in all other cases, registrable transfer or transmission applications in respect of those dealings, or valid requests in respect of other alterations, are received before the Scheme Record Date at the place where the Share Register is kept,

and Target must not accept for registration, nor recognise for any purpose (except a transfer to Bidder Sub pursuant to this Scheme and any subsequent transfer by Bidder Sub or its successors in title), any transfer or transmission application or other request received after the Scheme Record Date, or received prior to the Scheme Record Date but not in registrable or actionable form, as appropriate.

6.2 Register

- (a) Target must register registrable transmission applications or transfers of the Scheme Shares that are received in accordance with clause 6.1(b) before the Scheme Record Date provided that, for the avoidance of doubt, nothing in this clause 6.2(a) requires Target to register a transfer that would result in a Target Shareholder holding a parcel of Target Shares that is less than a 'marketable parcel' (for the purposes of this clause 6.2(a) 'marketable parcel' has the meaning given in the Operating Rules).
- (b) If this Scheme becomes Effective, a holder of Scheme Shares (and any person claiming through that holder) must not dispose of, or purport or agree to dispose of, any Scheme Shares or any interest in them on or after the Scheme Record Date otherwise than pursuant to this Scheme, and any attempt to do so will have no effect and Target shall be entitled to disregard any such disposal.
- (c) For the purpose of determining entitlements to the Scheme Consideration, Target must maintain the Share Register in accordance with the provisions of this clause 6.2 until the Scheme Consideration has been paid to the Scheme Shareholders. The Share Register in this form will solely determine entitlements to the Scheme Consideration.
- (d) All statements of holding for Target Shares (other than statements of holding in favour of Bidder Sub or any Excluded Shareholders) will cease to have effect after the Scheme Record Date as documents of title in respect of those shares and, as from that date, each entry current at that date on the Share Register (other than entries on the Share Register in respect of Bidder Sub or any Excluded Shareholder) will cease to have effect except as evidence of entitlement to the Scheme Consideration in respect of the Target Shares relating to that entry.
- (e) As soon as possible on or after the Scheme Record Date, and in any event by 5.00pm on the first Business Day after the Scheme Record Date, Target will ensure that details of the names, Registered Addresses and holdings of Target Shares for each Scheme Shareholder as shown in the Share Register are available to Bidder in the form Bidder reasonably requires.

7 Quotation of Target Shares

- (a) Target must apply to ASX to suspend trading on the ASX in Target Shares with effect from the close of trading on the Effective Date.
- (b) On a date after the Implementation Date to be determined by Bidder, Target must apply:
 - (1) for termination of the official quotation of Target Shares on the ASX; and

 - (1) all their Target Shares (including any rights and entitlements attaching to those shares) which are transferred under this Scheme will, at the date of transfer, be fully paid and free from all mortgages, charges, liens, encumbrances, pledges, security interests (including any 'security interests' within the meaning of section 12 of the *Personal Property Securities Act 2009* (Cth)) and interests of third parties of any kind, whether legal or otherwise, and restrictions on transfer of any kind, and that they have full power and capacity to transfer their Target Shares to Bidder Sub together with any rights and entitlements attaching to those shares; and
 - (2) they have no existing right to be issued any Target Shares or other Target securities.

- (b) Immediately upon the provision of the Scheme Consideration to each Scheme Shareholder in the manner contemplated by clause 5.1, Bidder Sub will be beneficially entitled to the Scheme Shares to be transferred to it under this Scheme pending registration by Target of Bidder Sub in the Share Register as the holder of the Scheme Shares.

8.4 Appointment of sole proxy

Immediately upon the provision of the Scheme Consideration to each Scheme Shareholder in the manner contemplated by clause 5.1, and until Target registers Bidder Sub as the holder of all Scheme Shares in the Share Register, each Scheme Shareholder:

- (a) is deemed to have irrevocably appointed Bidder Sub as attorney and agent (and directed Bidder Sub in each such capacity) to appoint any director, officer, secretary or agent nominated by Bidder Sub as its sole proxy and, where applicable or appropriate, corporate representative to attend shareholders' meetings, exercise the votes attaching to the Scheme Shares registered in their name and sign any shareholders' resolution or document;
- (b) must not attend or vote at any of those meetings or sign any resolutions, whether in person, by proxy or by corporate representative (other than pursuant to clause 8.4(a));
- (c) must take all other actions in the capacity of a registered holder of Scheme Shares as Bidder Sub reasonably directs; and
- (d) acknowledges and agrees that in exercising the powers referred to in clause 8.4(a), Bidder Sub and any director, officer, secretary or agent nominated by Bidder Sub under clause 8.4(a) may act in the best interests of Bidder Sub as the intended registered holder of the Scheme Shares.

8.5 Authority given to Target

Each Scheme Shareholder, without the need for any further act:

- (a) on the Effective Date, irrevocably appoints Target and each of its directors, officers and secretaries (jointly and each of them severally) as its attorney and agent for the purpose of enforcing the Deed Poll against Bidder and Bidder Sub, and Target undertakes in favour of each Scheme Shareholder that it will enforce the Deed Poll against Bidder and Bidder Sub on behalf of and as agent and attorney for each Scheme Shareholder; and

5.4 Unclaimed monies

- (a) Target may cancel a cheque issued under this clause 5 if the cheque:
 - (1) is returned to Target; or
 - (2) has not been presented for payment within six months after the date on which the cheque was sent.

- (a) If Bidder or Bidder Sub is required by law to make any withholding, deduction or payment for or on account of Tax (including under Subdivision 14-D of Schedule 1 to the TAA) or by any Government Agency in respect of the acquisition of Scheme Shares from a Scheme Shareholder (any such withholding, deduction or payment being a **Withholding Amount**), Bidder or Bidder Sub:
 - (1) is permitted to deduct or withhold the amount of such deduction, withholding or payment (as applicable) from the Scheme Consideration required to be provided to the Scheme Shareholder

- (2) must remit or procure the remission of the full amount of the withholding or deduction, or make or procure the making of the payment, to the appropriate Government Agency under applicable law.
- (b) The aggregate sum payable to the Scheme Shareholder shall not be increased to reflect the Withholding Amounts and the net aggregate sum payable to the Scheme Shareholder shall be taken to be in full and final satisfaction of the amounts owing to the Scheme Shareholders.
- (c) To avoid doubt, neither Bidder nor Bidder Sub shall not be liable for any Tax or Duty of a Scheme Shareholder.

5.7 Orders of a court or Government Agency

If written notice is given to Target (or the Target Registry) or Bidder of an order or direction made by a court of competent jurisdiction or by another Government Agency that:

- (a) Requires payment to be provided to a third party in respect of Scheme Shares held by a particular Scheme Shareholder, which would otherwise be payable to that Scheme Shareholder by Target in accordance with this clause 5, then Target or Bidder shall be entitled to procure that provision of that payment is made in accordance with that order or direction; or
- (b) prevents Target or Bidder from paying Scheme Consideration to any particular Scheme Shareholder in accordance with this clause 5, or the payment is otherwise prohibited by applicable law, Target or Bidder shall be entitled to retain an amount, in Australian dollars, equal to the number of Scheme Shares held by that Scheme Shareholder multiplied by the Scheme Consideration until such time as provision of the Scheme Consideration in accordance with this clause 5 is permitted by that (or another) order or direction or otherwise by law.

To the extent that amounts are deducted or withheld under or in accordance with this clause 5.7, such deducted or withheld amounts will be treated for all purposes under this Scheme as having been paid to the person in respect of whom such deduction or withholding was made.

6 Dealings in Target Shares

6.1 Determination of Scheme Shareholders

To establish the identity of the Scheme Shareholders, dealings in Target Shares or other alterations to the Share Register will only be recognised if:

- (b) in all other cases, registrable transfer or transmission applications in respect of those dealings, or valid requests in respect of other alterations, are received before the Scheme Record Date at the place where the Share Register is kept,

and Target must not accept for registration, nor recognise for any purpose (except a transfer to Bidder Sub pursuant to this Scheme and any subsequent transfer by Bidder Sub or its successors in title), any transfer or transmission application or other request received after the Scheme Record Date, or received prior to the Scheme Record Date but not in registrable or actionable form, as appropriate.

6.2 Register

- (a) Target must register registrable transmission applications or transfers of the Scheme Shares that are received in accordance with clause 6.1(b) before the Scheme Record Date provided that, for the avoidance of doubt, nothing in this clause 6.2(a) requires Target to register a transfer that would result in a Target Shareholder holding a parcel of Target Shares that is less than a 'marketable parcel' (for the purposes of this clause 6.2(a) 'marketable parcel' has the meaning given in the Operating Rules).
- (b) If this Scheme becomes Effective, a holder of Scheme Shares (and any person claiming through that holder) must not dispose of, or purport or agree to dispose of, any Scheme Shares or any interest in them on or after the Scheme Record Date otherwise than pursuant to this Scheme, and any attempt to do so will have no effect and Target shall be entitled to disregard any such disposal.
- (c) For the purpose of determining entitlements to the Scheme Consideration, Target must maintain the Share Register in accordance with the provisions of this clause 6.2 until the Scheme Consideration has been paid to the Scheme Shareholders. The Share Register in this form will solely determine entitlements to the Scheme Consideration.
- (d) All statements of holding for Target Shares (other than statements of holding in favour of Bidder Sub or any Excluded Shareholders) will cease to have effect after the Scheme Record Date as documents of title in respect of those shares and, as from that date, each entry current at that date on the Share Register (other than entries on the Share Register in respect of Bidder Sub or any Excluded Shareholder) will cease to have effect except as evidence of entitlement to the Scheme Consideration in respect of the Target Shares relating to that entry.
- (e) As soon as possible on or after the Scheme Record Date, and in any event by 5.00pm on the first Business Day after the Scheme Record Date, Target will ensure that details of the names, Registered Addresses and holdings of Target Shares for each Scheme Shareholder as shown in the Share Register are available to Bidder in the form Bidder reasonably requires.

7 Quotation of Target Shares

- (a) Target must apply to ASX to suspend trading on the ASX in Target Shares with effect from the close of trading on the Effective Date.
- (b) On a date after the Implementation Date to be determined by Bidder, Target must apply:
 - (1) for termination of the official quotation of Target Shares on the ASX; and
 - (2) to have itself removed from the official list of the ASX.

8 General Scheme provisions

8.1 Consent to amendments to this Scheme

If the Court proposes to approve this Scheme subject to any alterations or conditions:

- (a) Target may by its counsel consent on behalf of all persons concerned to those alterations or conditions to which Bidder has consented; and
- (b) each Scheme Shareholder agrees to any such alterations or conditions which Target has consented to in accordance with clause 8.1(a).

8.2 Scheme Shareholders' agreements and warranties

- (a) Each Scheme Shareholder, without the need for any further act:
 - (1) irrevocably agrees to the transfer of their Target Shares together with all rights and entitlements attaching to those Target Shares in accordance with this Scheme;

- (b) Each Scheme Shareholder is taken to have warranted to Target, Bidder and Bidder Sub on the Implementation Date, and appointed and authorised Target as its attorney and agent to warrant to Bidder and Bidder Sub on the Implementation Date, that:
 - (1) all their Target Shares (including any rights and entitlements attaching to those shares) which are transferred under this Scheme will, at the date of transfer, be fully paid and free from all mortgages, charges, liens, encumbrances, pledges, security interests (including any 'security interests' within the meaning of section 12 of the *Personal Property Securities Act 2009* (Cth)) and interests of third parties of any kind, whether legal or otherwise, and restrictions on transfer of any kind, and that they have full power and capacity to transfer their Target Shares to Bidder Sub together with any rights and entitlements attaching to those shares; and
 - (2) they have no existing right to be issued any Target Shares or other Target securities.

- (a) Subject to clauses 5.5 and 5.6, Bidder must, by no later than the Business Day before the Implementation Date, deposit, or procure the deposit, in cleared funds an amount equal to the aggregate amount of the Scheme Consideration payable to all Scheme Shareholders, into an Australian dollar denominated trust account with an ADI operated by Target as trustee for the Scheme Shareholders (provided that any interest on the amounts deposited (less bank fees and other charges) will be credited to Bidder's account).
- (b) Subject to clause 5.1(d), on the Implementation Date, subject to funds having been deposited in accordance with clause 5.1(a), Target must pay or procure the payment of the Scheme Consideration to each Scheme Shareholder from the trust account referred to in clause 5.1(a).
- (c) The obligations of Target under clause 5.1(b) will be satisfied by Target (in its absolute discretion, and despite any election referred to in clause 5.1(c)(1) or authority referred to in clause 5.1(c)(2) made or given by the Scheme Shareholder):
- (1) if a Scheme Shareholder has, before the Scheme Record Date, made a valid election in accordance with the requirements of the Target Registry to receive dividend payments from Target by electronic funds transfer to a bank account nominated by the Scheme Shareholder, paying, or procuring the payment of, the relevant amount in Australian currency by electronic means in accordance with that election;
 - (2) paying, or procuring the payment of, the relevant amount in Australian currency by electronic means to a bank account nominated by the Scheme Shareholder by an appropriate authority from the Scheme Shareholder to Target; or
 - (3) dispatching, or procuring the dispatch of, a cheque for the relevant amount in Australian currency to the Scheme Shareholder by prepaid post to their Registered Address, such cheque being drawn in the name of the Scheme Shareholder (or in the case of joint holders, in accordance with the procedures set out in clause 5.2).
- (d) The Scheme Consideration payable to each Scheme Shareholder with a Registered Address in New Zealand will be paid to a bank account nominated by that Scheme Shareholder in the manner contemplated by clause 5.1(c)(1) or clause 5.1(c)(2) or other appropriate authority provided by the relevant Scheme Shareholder to Target. If a Scheme Shareholder with a Registered Address in New Zealand has not nominated a bank account for receipt of payments, Target may hold payment of the Scheme Consideration owed to that Scheme Shareholder until a valid bank account has been nominated by an appropriate authority from the Scheme Shareholder to Target.
- (e) To the extent that, following satisfaction of Target's obligations under clauses 5.1(b) and 5.1(d), there is a surplus in the amount held by Target as trustee for the Scheme Shareholders in the trust account referred to in that clause, that surplus must be paid by Target to Bidder.

5.2 Joint holders

In the case of Scheme Shares held in joint names:

- (a) subject to clause 5.1(c), the Scheme Consideration is payable to the joint holders and any cheque required to be sent under this Scheme will be made payable to the joint holders and sent to either, at the sole discretion of Target, the holder whose name appears first in the Share Register as at the Scheme Record Date or to the joint holders; and
- (b) any other document required to be sent under this Scheme, will be forwarded to either, at the sole discretion of Target, the holder whose name appears first in the Share Register as at the Scheme Record Date or to the joint holders.

5.3 Fractional entitlements and splitting

Where the calculation of the Scheme Consideration to be issued to a particular Scheme Shareholder would result in the Scheme Shareholder becoming entitled to a fraction of a cent, the fractional entitlement will be rounded down to the nearest whole cent.

5.4 Unclaimed monies

- (a) Target may cancel a cheque issued under this clause 5 if the cheque:
 - (1) is returned to Target; or
 - (2) has not been presented for payment within six months after the date on which the cheque was sent.
- (b) During the period of 12 months commencing on the Implementation Date, on request in writing from a Scheme Shareholder to Target (or the Target Registry) (which request may not be made until the date which is 20 Business Days after the Implementation Date), Target must reissue a cheque that was previously cancelled under this clause 5.4.
- (c) The *Unclaimed Money Act 1995* (NSW) will apply in relation to any Scheme Consideration which becomes 'unclaimed money' (as defined in section 7, 8 and 10 of the *Unclaimed Money Act 1995* (NSW)), but any interest or other benefit from unclaimed Scheme Consideration will be to the benefit of Bidder.

5.5 Permitted Dividend

If a Permitted Dividend has been paid in accordance with clause [4.6] of the Implementation Deed, the Scheme Consideration to be provided to each Scheme Shareholder will be reduced by the aggregate cash amount per Target Share of the Permitted Dividend, except that the Scheme Consideration will not be reduced by the value attributed to any franking credits attached to any such dividend.

5.6 Withholding

- (a) If Bidder or Bidder Sub is required by law to make any withholding, deduction or payment for or on account of Tax (including under Subdivision 14-D of Schedule 1 to the TAA) or by any Government Agency in respect of the acquisition of Scheme Shares from a Scheme Shareholder (any such withholding, deduction or payment being a **Withholding Amount**), Bidder or Bidder Sub:
 - (1) is permitted to deduct or withhold the amount of such deduction, withholding or payment (as applicable) from the Scheme Consideration required to be provided to the Scheme Shareholder

(and, to avoid doubt, from the amount it must pay under clause 5.1(a) to fund payment of the Scheme Consideration); and

- (2) must remit or procure the remission of the full amount of the withholding or deduction, or make or procure the making of the payment, to the appropriate Government Agency under applicable law.
- (b) The aggregate sum payable to the Scheme Shareholder shall not be increased to reflect the Withholding Amounts and the net aggregate sum payable to the Scheme Shareholder shall be taken to be in full and final satisfaction of the amounts owing to the Scheme Shareholders.
- (c) To avoid doubt, neither Bidder nor Bidder Sub shall not be liable for any Tax or Duty of a Scheme Shareholder.

5.7 Orders of a court or Government Agency

If written notice is given to Target (or the Target Registry) or Bidder of an order or direction made by a court of competent jurisdiction or by another Government Agency that:

- (a) Requires payment to be provided to a third party in respect of Scheme Shares held by a particular Scheme Shareholder, which would otherwise be payable to that Scheme Shareholder by Target in accordance with this clause 5, then Target or Bidder shall be entitled to procure that provision of that payment is made in accordance with that order or direction; or
- (b) prevents Target or Bidder from paying Scheme Consideration to any particular Scheme Shareholder in accordance with this clause 5, or the payment is otherwise prohibited by applicable law, Target or Bidder shall be entitled to retain an amount, in Australian dollars, equal to the number of Scheme Shares held by that Scheme Shareholder multiplied by the Scheme Consideration until such time as provision of the Scheme Consideration in accordance with this clause 5 is permitted by that (or another) order or direction or otherwise by law.

To the extent that amounts are deducted or withheld under or in accordance with this clause 5.7, such deducted or withheld amounts will be treated for all purposes under this Scheme as having been paid to the person in respect of whom such deduction or withholding was made.

6 Dealings in Target Shares

6.1 Determination of Scheme Shareholders

To establish the identity of the Scheme Shareholders, dealings in Target Shares or other alterations to the Share Register will only be recognised if:

- (a) in the case of dealings of the type to be effected using CHESS, the transferee is registered in the Share Register as the holder of the relevant Target Shares before the Scheme Record Date; and
- (b) in all other cases, registrable transfer or transmission applications in respect of those dealings, or valid requests in respect of other alterations, are received before the Scheme Record Date at the place where the Share Register is kept,

and Target must not accept for registration, nor recognise for any purpose (except a transfer to Bidder Sub pursuant to this Scheme and any subsequent transfer by Bidder Sub or its successors in title), any transfer or transmission application or other request received after the Scheme Record Date, or received prior to the Scheme Record Date but not in registrable or actionable form, as appropriate.

6.2 Register

- (a) Target must register registrable transmission applications or transfers of the Scheme Shares that are received in accordance with clause 6.1(b) before the Scheme Record Date provided that, for the avoidance of doubt, nothing in this clause 6.2(a) requires Target to register a transfer that would result in a Target Shareholder holding a parcel of Target Shares that is less than a 'marketable parcel' (for the purposes of this clause 6.2(a) 'marketable parcel' has the meaning given in the Operating Rules).
- (b) If this Scheme becomes Effective, a holder of Scheme Shares (and any person claiming through that holder) must not dispose of, or purport or agree to dispose of, any Scheme Shares or any interest in them on or after the Scheme Record Date otherwise than pursuant to this Scheme, and any attempt to do so will have no effect and Target shall be entitled to disregard any such disposal.
- (c) For the purpose of determining entitlements to the Scheme Consideration, Target must maintain the Share Register in accordance with the provisions of this clause 6.2 until the Scheme Consideration has been paid to the Scheme Shareholders. The Share Register in this form will solely determine entitlements to the Scheme Consideration.
- (d) All statements of holding for Target Shares (other than statements of holding in favour of Bidder Sub or any Excluded Shareholders) will cease to have effect after the Scheme Record Date as documents of title in respect of those shares and, as from that date, each entry current at that date on the Share Register (other than entries on the Share Register in respect of Bidder Sub or any Excluded Shareholder) will cease to have effect except as evidence of entitlement to the Scheme Consideration in respect of the Target Shares relating to that entry.
- (e) As soon as possible on or after the Scheme Record Date, and in any event by 5.00pm on the first Business Day after the Scheme Record Date, Target will ensure that details of the names, Registered Addresses and holdings of Target Shares for each Scheme Shareholder as shown in the Share Register are available to Bidder in the form Bidder reasonably requires.

7 Quotation of Target Shares

- (a) Target must apply to ASX to suspend trading on the ASX in Target Shares with effect from the close of trading on the Effective Date.
- (b) On a date after the Implementation Date to be determined by Bidder, Target must apply:
 - (1) for termination of the official quotation of Target Shares on the ASX; and
 - (2) to have itself removed from the official list of the ASX.

- (b) Each Scheme Shareholder is taken to have warranted to Target, Bidder and Bidder Sub on the Implementation Date, and appointed and authorised Target as its attorney and agent to warrant to Bidder and Bidder Sub on the Implementation Date, that:
 - (1) all their Target Shares (including any rights and entitlements attaching to those shares) which are transferred under this Scheme will, at the date of transfer, be fully paid and free from all mortgages, charges, liens, encumbrances, pledges, security interests (including any 'security interests' within the meaning of section 12 of the *Personal Property Securities Act 2009* (Cth)) and interests of third parties of any kind, whether legal or otherwise, and restrictions on transfer of any kind, and that they have full power and capacity to transfer their Target Shares to Bidder Sub together with any rights and entitlements attaching to those shares; and
 - (2) they have no existing right to be issued any Target Shares or other Target securities.
- (c) Target undertakes that it will provide such warranty in clause 8.2(b) to Bidder and Bidder Sub as agent and attorney of each Scheme Shareholder.

8.3 Title to and rights in Scheme Shares

- (b) Immediately upon the provision of the Scheme Consideration to each Scheme Shareholder in the manner contemplated by clause 5.1, Bidder Sub will be beneficially entitled to the Scheme Shares to be transferred to it under this Scheme pending registration by Target of Bidder Sub in the Share Register as the holder of the Scheme Shares.

8.4 Appointment of sole proxy

Immediately upon the provision of the Scheme Consideration to each Scheme Shareholder in the manner contemplated by clause 5.1, and until Target registers Bidder Sub as the holder of all Scheme Shares in the Share Register, each Scheme Shareholder:

- (a) is deemed to have irrevocably appointed Bidder Sub as attorney and agent (and directed Bidder Sub in each such capacity) to appoint any director, officer, secretary or agent nominated by Bidder Sub as its sole proxy and, where applicable or appropriate, corporate representative to attend shareholders' meetings, exercise the votes attaching to the Scheme Shares registered in their name and sign any shareholders' resolution or document;
- (b) must not attend or vote at any of those meetings or sign any resolutions, whether in person, by proxy or by corporate representative (other than pursuant to clause 8.4(a));
- (c) must take all other actions in the capacity of a registered holder of Scheme Shares as Bidder Sub reasonably directs; and
- (d) acknowledges and agrees that in exercising the powers referred to in clause 8.4(a), Bidder Sub and any director, officer, secretary or agent nominated by Bidder Sub under clause 8.4(a) may act in the best interests of Bidder Sub as the intended registered holder of the Scheme Shares.

8.5 Authority given to Target

Each Scheme Shareholder, without the need for any further act:

- (a) on the Effective Date, irrevocably appoints Target and each of its directors, officers and secretaries (jointly and each of them severally) as its attorney and agent for the purpose of enforcing the Deed Poll against Bidder and Bidder Sub, and Target undertakes in favour of each Scheme Shareholder that it will enforce the Deed Poll against Bidder and Bidder Sub on behalf of and as agent and attorney for each Scheme Shareholder; and
- (b) on the Implementation Date, irrevocably appoints Target and each of its directors, officers and secretaries (jointly and each of them severally) as its attorney and agent for the purpose of executing any document or doing or

taking any other act necessary, desirable or expedient to give effect to this Scheme and the transactions contemplated by it, including (without limitation) executing the Scheme Transfer,

and Target accepts each such appointment. Target as attorney and agent of each Scheme Shareholder, may sub-delegate its functions, authorities or powers under this clause 8.5 to all or any of its directors, officers, secretaries or employees (jointly, severally or jointly and severally).

8.6 Binding effect of Scheme

This Scheme binds Target and all of the Scheme Shareholders (including those who did not attend the Scheme Meeting to vote on this Scheme, did not vote at the Scheme Meeting, or voted against this Scheme at the Scheme Meeting) and, to the extent of any inconsistency, overrides the constitution of Target.

- (a) Bidder:
- (1) must pay all Duty in respect of the Deed Poll or the Scheme or the steps to be taken under the Deed Poll or the Scheme; and

To log in, you will need your holder identifier (SRN or HIN) and postcode.

How to be present virtually and vote at the Scheme Meeting

SDI Shareholders will have the opportunity to be present virtually via a live webcast and will be able to vote electronically via an online platform (including lodging a vote in real time and asking questions online).

You can access the platform at <https://meetings.openbriefing.com/SDI26>.

To log in, you will need your holder identifier (SRN or HIN) and postcode.

Voting will be available once registration opens for the Scheme Meeting (10:30am on 22 June 2026) and voting closes when announced by the Chair during the Scheme Meeting.

Questions

Shareholders will be able to submit written questions to the Company in advance of the Scheme Meeting by submitting their questions online at <https://au.investorcentre.mpms.mufg.com> no later than 11:00am (Sydney time) on 20 June 2026.

The Company will endeavour to address as many of the more frequently raised relevant questions as possible during the course of the Scheme Meeting. However, there may not be sufficient time available during the Scheme Meeting to address all of the questions raised. Please note that individual responses will not be sent to shareholders.

Shareholders and proxyholders will be given an opportunity to ask questions in real-time via the online platform at <https://meetings.openbriefing.com/SDI26>.

More information regarding online participation at the Scheme Meeting including how to vote and ask questions is available in the Virtual Meeting Online Guide. The Guide is available on the Company's website at <https://www.sdi.com.au/au/company/investor-information/> and on the online Scheme Meeting platform at <https://meetings.openbriefing.com/SDI26>.

Voting by proxy

A shareholder entitled to attend and vote at the Scheme Meeting is entitled to appoint no more than two proxies to attend and vote on his/her behalf. If a body corporate is appointed as a proxy, that body corporate must ensure that it appoints a corporate representative in accordance with section 250D of the Corporations Act to exercise its powers as proxy at the Scheme Meeting.

A shareholder may specify the proportion or number of votes each proxy may exercise. If the shareholder does not specify the proportion or number of votes to be exercised, each proxy may exercise half of the shareholder's votes.

A proxy need not be a shareholder of the Company. A Proxy Form is provided with this notice. To be effective, the proxy must be received by the Share Registry by no later than 11:00am (Sydney time) on 20 June 2026 (being 48 hours before the Scheme Meeting). Proxies may be lodged in the following manner:

By Mail: MUFG Corporate Markets (AU) Limited
Parramatta Square, Level 22, Tower 6
10 Darcy Street, Paramatta NSW 2150

By Fax: +61 2 9287 0309

Online: <https://au.investorcentre.mpms.mufg.com>

Mobile: Scan the QR code on your Proxy Form and follow the prompts. You will need your SRN or HIN, the allocated control number and PIN as shown on your Proxy Form.

To be valid, a Proxy Form must be received by the Company in the manner stipulated above. The Company reserves the right to declare invalid any proxy not received in this manner.

Voting by attorney

A Proxy Form and the original power of attorney (if any) under which the Proxy Form is signed (or a certified copy of that power of attorney or other authority) must be received by the Company no later than 11:00am (Sydney time) on 20 June 2026 (being 48 hours before the Scheme Meeting).

Corporate representatives

A body corporate which is a shareholder, or which has been appointed as a proxy, is entitled to appoint any person to act as its representative at the Scheme Meeting. The appointment of the representative must comply with the requirements under section 250D of the Corporations Act. The representative should bring to the Scheme Meeting a properly executed letter or other document confirming its authority to act as the company's representative. A "Certificate of Appointment of Corporate Representative" form may be obtained from the Share Registry or online at <https://www.mpms.mufg.com/en/for-individuals/au/shareholders/forms/>.

Joint holders

In the case of SDI Shares held by joint holders, only one of the joint holders is entitled to vote at the Scheme Meeting. If more than one SDI Shareholder votes in respect of jointly held SDI Shares, the vote of the senior who tenders a vote must be accepted to the exclusion of the votes of the other joint holders and, for this purpose, seniority is determined by the order in which the names stand in the SDI Register.

Technical difficulties at the Scheme Meeting

Technical difficulties may arise during the course of the Scheme Meeting. The Chair has discretion as to whether and how the Scheme Meeting should proceed in the event that a technical difficulty arises. In exercising this discretion, the Chair will have regard to the number of SDI Shareholders (other than excluded shareholders) impacted and the extent to which participation in the business of the meeting is affected. Where the Chair considers it appropriate, the Chair may continue to hold the Scheme Meeting and transact business, including conducting a poll and voting in accordance with valid proxy instructions. Accordingly, SDI Shareholders (other than excluded shareholders) are encouraged to lodge a directed proxy in advance of the Scheme Meeting.
